JIMMY SIMPSON STILL HAVING HIS OWN TROUBLES

James Simpson, well known in the North Land where he has been a frequent visitor in connection with Labor matters is still having his own troubles regarding some statements made by him referring to some other Toronto Labor leaders who were connected with another Labour newspaper that might be considered as a rival to Jimmy's Industrial Banner. The three men who felt themselves injured or aggrieved by some of the statements made regarding them sued Mr. Simpson and were awarded damages totalling several thousand dollars, and costs to be added to this amount. Last week one of them instituted proceedings to collect the award. The officers of the law were placed in Mr. Simpson's residence but later were withdrawn when sureties were given to the effect that Mrs. Simpson was the owner of the home. It is understood that Mr. Simpson's shares in the Labor Temple, Toronto and in The Industrial Banner, will be sought to satisfy the judgments in the libel cases. This would have a serious effect on his standing in Labour circles if it resulted in his losing both his Labor Temple and Industrial Banner shares. Friends in the Labour movement are said to be ready to help pay the costs of the actions against Mr. Simpson, but the costs and damages make a much more discouraging total. The Labor men in sympathy with Simpson think the Labor men Messrs O'Leary and Hervey, should be satisfied with their out-of-pocket costs and the fact that they won the cases, and that they should not insist on the damages awarded. Messrs O'Leary and Hervey, however, think they are entitled to what the court awarded.

There was a programme of sports and athletics, concluding with a grand feast and much heaps much of dancing. There was a "Jigging Contest," with 8 entries. Three dropped out after the dance was in progress about a half an hour, three men and two women continued the jig dancing without stop for 2 hours and 17 minutes when the fiddlers refused to play longer without a rest. The contest was accordingly called off. Cumberland House has been in existence for 130 years. Though only a trading post it had given 24 men to the Army in the recent war.

The Indians at the Pas have also been having high jinks to celebrate the 250th birthday of the H. B. Co. Eleven Indians received medals from the Company, and there was also a big programme of sports, dancing, feasting, etc., etc.

The Haileyburian last week says:— "Mrs. P. Coleos, an Italian woman from Timmins, died in Providence Hospital on Monday, following a four day's illness with pneumonia. She leaves to mourn her loss her husband residing in Timmins. The funeral was held on Tuesday morning from Holy Cross Cathedral to the Catholic cemetery for burial."

INNOCENT BY-STANDER KILLED IN SELLWOOD ROW.

H. Ladurante, a returned soldier, was shot and killed last week at Sellwood, near Sudbury. It is said that three or four men got into a row with the proprietor of the Chinese restaurant, and shots were fired during the brawl. Ladurante was struck by one of the flying bullets and fell to the floor, expiring in a few minutes. Three men, Arthur Vyze, Octave Duguy, and Xavier Garneus, have been arrested, and along with the restaurant keeper are being detained though at present the charge against them is under the matter of infractions of the O.T.A., the men under suspicion being alleged to have been under the influence of liquor at the time the offending returned man met his death.

The Pas (Manitoba) Herald last week says:—"The various mining camps about The Pas are getting a whale of a dose of religion, and they seem to like it. The padres are treated with profound respect and consideration, and nothing is too good for them. On the other hand the padres are good fellows and adapt themselves to conditions very readily."

CELEBRATING THE 250th ANNIVERSARY OF H. B. CO.

In the Pas (Manitoba) district the 250th anniversary of the founding of the Hudson Bay Company has been observed in appropriate and interesting fashion. At Cumberland House, near the Pas, over 500 Indians recently gathered at the special invitation of the Factor of the Company. An address was given by Factor Cotter, part of which The Pas Herald quotes as follows:—"This is an event of much interest in British history. As you may know England and the Company were very closely connected in the early days. This celebration is taking place this year at 350 posts of the Company. Although this is an English company probably not many of you know that it owes its origin to two Frenchmen, and to them the chief credit is due. The company's business has been handled by able management, together with the good will of the natives."

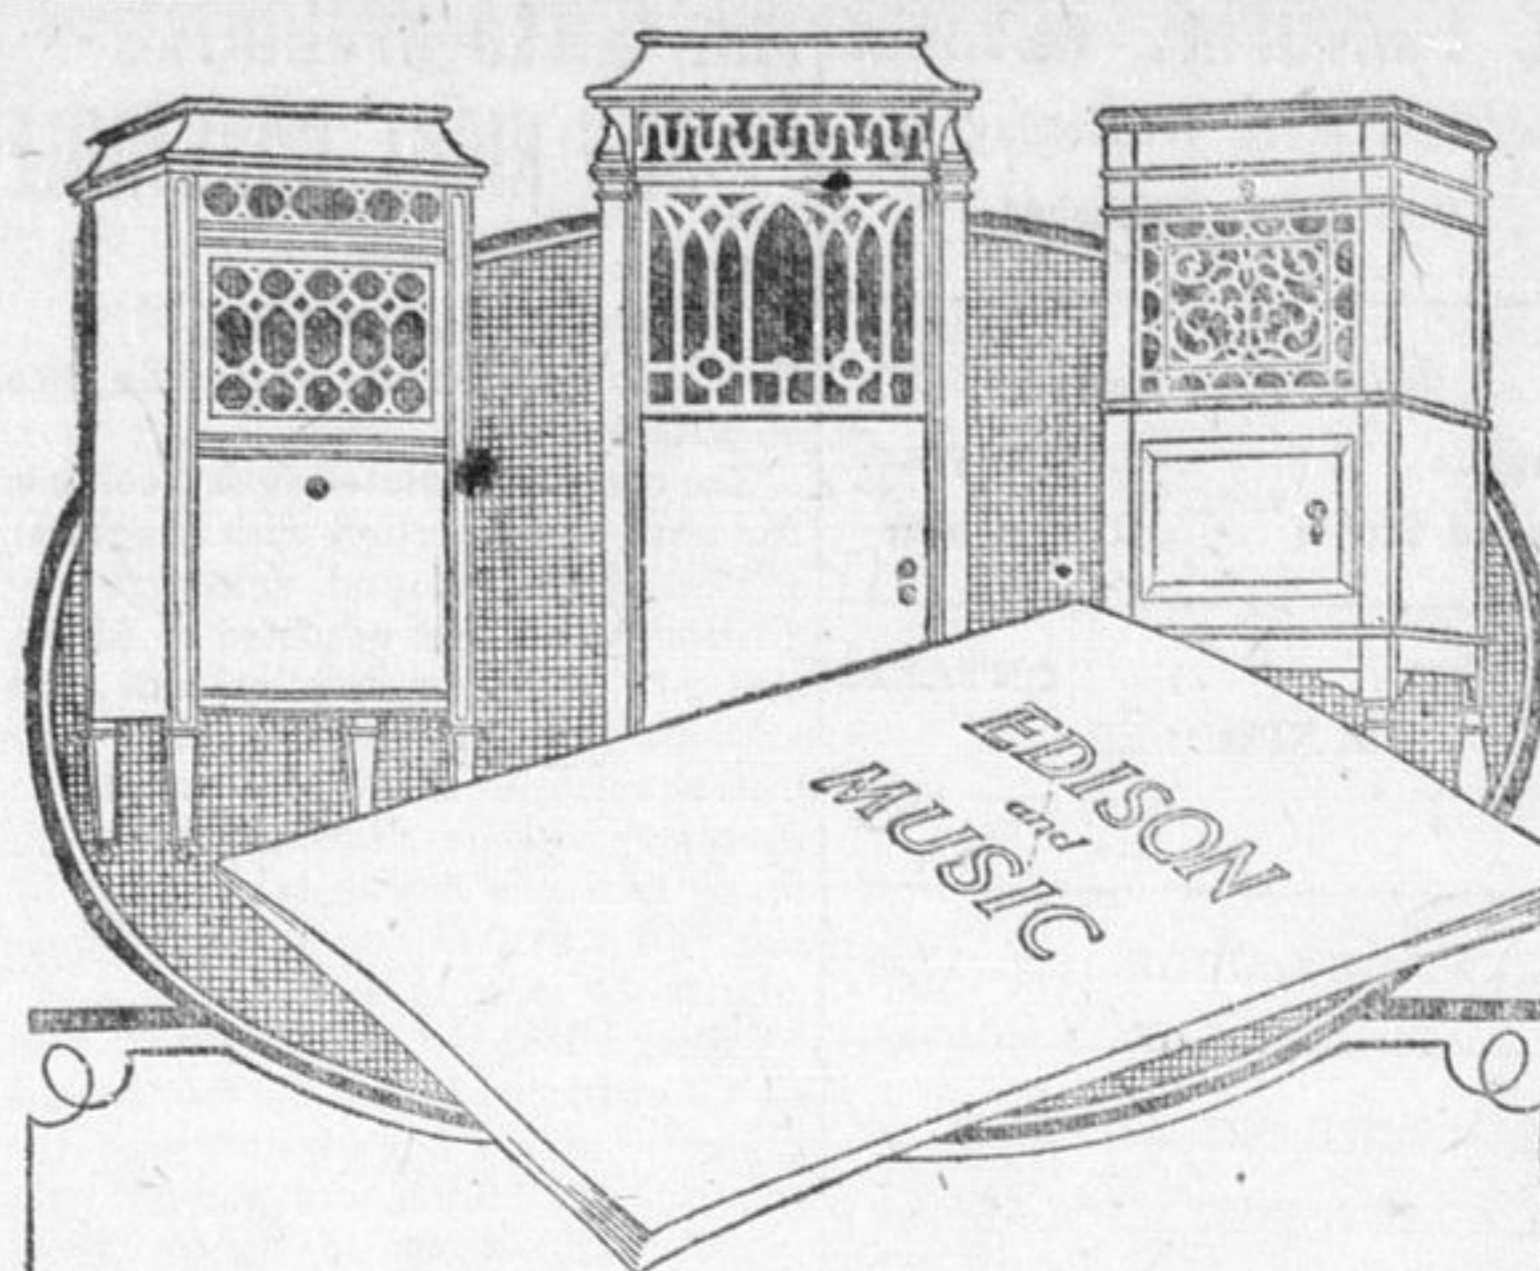

Twelve Indians were presented with medals by the Company as marks of special merit. The factor, Mr. Cotter, also was awarded a medal for 31 years of continuous service.

There was a programme of sports and athletics, concluding with a grand feast and much heaps much of dancing. There was a "Jigging Contest," with 8 entries. Three dropped out after the dance was in progress about a half an hour, three men and two women continued the jig dancing without stop for 2 hours and 17 minutes when the fiddlers refused to play longer without a rest. The contest was accordingly called off.

Mr. Irwin, representing the Muskoka Free Hospital for Consumptives, was in Timmins last week, taking the annual subscription for this excellent service for humanity. Mr. Irwin said that there were five or six now at Muskoka from Timmins, all making satisfactory progress to recovery. He reported a fairly generous response to the work this year. A list of the subscriptions received will be published in these columns in the course of the next few weeks, the list being furnished each year from the secretary-treasurer in Toronto.

PLACER GOLD REPORTED 600 MILES NORTH OF PAS

Charles Plaineck, a Mexican trapper and prospector, got in recently to the Pas, Manitoba, according to The Pas Herald, with a tale of placer gold 600 miles north of The Pas on the Saskatchewan Boundary near the barren lands. He did not give out a great deal of information other than it was a placer discovery, and with Hugh Nivens as his partner he departed for the scene of the strike on Monday morning. Plaineck has been in the bush for six years trapping for the Hudson Bay company.
