WEDNESDAY, SEPT. 22nd, 1920.

FINAL PAYMENTS MADE  
RE MURRAY-MOWGRIDGE.

Last week the final payments were made to Hugh Murray and Billy Mowgridge on the sale of the Murray Mowgridge property at Bourke's. The payments were only delayed a few days on account of some formalities, and, contrary to reports recently made in some quarters, there was never any question of the final payment being deferred or passed. It is understood that the Murray-Mowgridge Mine is now being amply financed and that development work will be proceeded with at full speed ahead. There is a possibility that operations on a large scale may be started within a week or two and the mine placed on a producing basis at an early date.

**INDUSTRIAL CLASSES  
POPULAR IN DISTRICT.**

References are made elsewhere to the success of the Evening Classes for Technical and Industrial Education as conducted in Timmins early this year, and the plans outlined now for another series of these night classes. Timmins apparently has taken the lead in the matter, but other centres in this part of the North are also following closely.

Iroquois Falls is making plans to expand the courses there. It is intended to add an Electrical Course. Also a series of short unit courses for pulp mill and paper mill workers are being designed.

South Porcupine intends to have the Evening Classes this year. Dr. Miller met the South End School Board on Monday afternoon and the question was taken up thoroughly. An advisory committee was appointed as required by the Act, and the classes were placed under the direction of Miss Lynch. The courses at South Porcupine will include classes in Mathematics Machine Drawing, Lower Arithmetic; English for non-English-speaking, and a course of general review in Engineering.

Haileybury and Cobalt are to have Evening Industrial Classes for the first time this year. Haileybury is also planning Day Industrial Courses for girls. Haileybury has had a day school for mining, etc., but the Evening Classes are expected to fill a need and reach a large number who could not take advantage of the Day Courses.

The Industrial and Technical Classes in the Province seem to be growing in popularity and usefulness. Under right direction they will fill a sphere of great usefulness. Timmins Public School Board deserves much credit for "breaking trail" in the matter.

**FINE OF \$1000 IMPOSED  
FOR BREACH OF THE O. T. A.**

The Police court on Thursday last week saw one of the heaviest fines imposed for a single offence charged under the O. T. A., C. Goodheart being fined \$1000 and costs on the charge of selling liquor. One of the witnesses in the case told of securing liquor from the accused and this witness when he himself was charged with drinking in a public place was fined \$100.00 and costs. Magistrate Atkinson is following the precedent set in the south in regard to breaches of the O. T. A., the fines imposed recently being particularly heavy ones. He also has made the suggestion that prison terms will also be imposed on those found guilty of selling liquor illegally even though the charge may be registered as a first offence only. In the case on Thursday there was a quantity of liquor said to be involved, and the Magistrate followed his usual course of making his sentence indicate his opinion of the evidence and the defence put up. The fine was paid, friends of the accused assisting in the raising of the amount necessary.

**ROBBERIES REPORTED  
DURING PAST FEW DAYS.**

During the past few days a number of robberies have been reported, though all of them have not been formally reported to the police. In one case, for instance, a citizen had some real good liquor stolen, and he follows the usual idea that when liquor is gone it is gone and the police or anybody else can do nothing more than grieve over the loss. Another different type of theft, however has been reported to the police and Chief Wilson is working on the case. This is the stealing of about \$150.00 from a local business place. The money represented part of the cash sales for the day, entry apparently made through a cellar window. The back door was left open as the robber or robbers left with the cash.

**MARIGOLD MINE MAY BE  
RE-OPENED BY BIG COMPANY.**

There is reason for believing that a big company is preparing to take over the Marigold Mine, formerly the Lucky Cross, at Swastika. Affairs are now being straightened out between the shareholders and bondholders to this effect. There is a good mining plant, including a small mill on the property, and the Lucky Cross some years ago produced some gold, though only a small amount of development work was done on the property. The Marigold Mining Co. took over the Lucky Cross after the latter had become involved in difficulties. The Marigold Co. did exploration work and found much encouragement in the results, but found finances inadequate to carry out the desired program. The company that is now understood to be negotiating to take over the Marigold is an established operating mine of the North Land with the best sort of a record, and if the Marigold is optioned or purchased by this big concern it is a foregone conclusion that it will be tested out thoroughly and made into a real mine if it has the goods.

A representative of the Ontario Fire Warden's Office was in town last week in connection with the recent fire at Mrs. N. Aboud's store in Moneta.

**HARVEST THANKSGIVING  
SERVICES AT ST. MATTHEW'S.**

The Harvest Thanksgiving Services at St. Matthew's church will be held next Sunday, Sept. 26th as follows:— 8.30 a.m.—Holy Communion. 11. a.m.—Morning Prayer and Holy Communion. 3 p.m.—Children's Service. 7 p.m.—Evening Prayer.

**NEW LISKEARD MAN TELLS  
ABOUT EASY TIMBER LAND.**

The Toronto newspapers during the past few days have been paying much attention and giving much space to the evidence of Mr. J. B. Kingston, of New Liskeard, before Justices Riddell and Latchford at the Timber Inquiry in Toronto. One newspaper gave half a column to describe Mr. Kingston and his pleasant face and how closely he resembled the typical jolly hotel-keeper of yesteryear. Mr. Kingston professed only a slight acquaintance with Hon. G. Howard Ferguson, former Minister of Lands, Forests, & Mines, yet he declared that shortly before the last Provincial Elections he had been given a license for 81 square miles of timber limits in Stanley Township, without competition. Mr. Kingston said that he had seen Mr. Ferguson and his deputy, Mr. Grigg, and after several interviews had received the permit. He had put up no money, and it had cost him nothing except a few hundred dollars for travelling expenses. He had found men with money and was given a third interest in the permit and later sold this for \$3,000. He could give no particular reason why she should have been favoured, but he maintained under the closest cross-examination that he had been prompted to go after the permit only because he had heard that such things were going.

**FALLS' OPINION ON THE  
RECENT TOURNAMENT.**

Referring to the recent tennis tournament between Timmins and Iroquois Falls players at Timmins the last issue of The Broke Hustler says:—

A team from the Falls travelled to Timmins on Saturday and had their revenge in the "Doubles" which Timmins captured on Labor Day.

The following were the results:—

**Singles**  
J. O. Halloran (Falls) beat H. C. McDonald 6-4, 6-4.  
W. H. Wylie (Timmins) beat F. H. Anson jr., 9-7, 6-4.  
J. O'Halloran (Falls) beat W. H. Wylie 6-2. (Game stopped on account of rain).

**Doubles**  
J. O'Halloran and J. H. Anson, jr. (Falls) beat H. C. McDonald and W. H. Wylie (Timmins) 6-2, 6-4.  
C. G. Williams and J. McLaren (Timmins) beat C. Russell and H. Lumsden (Falls) 6-1, 7-5.  
J. O'Halloran and F. H. Anson, (Falls) beat C. G. Williams and J. McLaren by default.

The local players cannot speak too highly of the treatment accorded them. There were motors at their disposal all day, the ladies of the party were shown over the mines and the players and the ladies with them were taken to the homes of the Timmins club members where they were royally treated. The Falls club is just awaiting a favorable opportunity to return the courtesy.

**TIMMINS NEWS IN BRIEF.**

**BORN**—In Timmins, on Tuesday, Sept. 21st to Mr. and Mrs. R. Allen, a son.

Mr. H. W. Warren returned last week from a hurried visit to his old home in the east where he was called by the illness and death of his father.

The Timmins L. O. L. will have a social evening after their regular meeting on Monday night of this coming week.

Mr. H. E. Montgomery, Clerk-Treasurer, is spending a couple of weeks' holiday in the south.

His many friends are pleased to see Mr. E. M. Allworth able to be back "on the job" again after being laid up for several weeks with illness.

Mr. A. Courtemanche has been off active duty for a couple of days owing to suffering from a couple of fractured ribs. While stepping on his auto last week his feet slipped and he fell against the body of the machine striking heavily against his chest. For some days he paid no attention to the pain, but when this eventually forced attention the doctor found Mr. Courtemanche had fractured a couple of ribs.

A number of her friends gave Mrs. Sidney McCoy (formerly Miss Olive McGuire) a reception and miscellaneous shower at the home of Mrs. (Dr.) Aikens on Monday evening. About twenty-five were present and a delightful social evening was enjoyed. Mrs. McCoy was the recipient of a host of useful and artistic gifts, while there were also showers of sincere good wishes to the newly-wedded couple.

**NOTICE**  
Fee for non resident pupils in Public School will be \$6.00 per month per pupil payable to Sect. in advance.  
H. E. MONTGOMERY, Sect.

One Store, 20 x 80, Pine street, Timmins.  
One 6 room House, Mattagam River Road.  
Apply Marshall-Ecclestone Ltd., Timmins.

**LETTER GOT STUCK IN TOP  
OF BOX, SAYS POSTMASTER.**  
Last week Mr. W. A. Field told The Advance about receiving in this month of September a letter post-marked as mailed in Renfrew on March 24th and with another post-mark suggesting that it had been handled in the Timmins Post Office a day or two after it left Renfrew. Mr. Field was at a loss to know what had happened the letter from March, when it was received in Timmins, until September, when he found it in his box. Postmaster H. Peters on Friday last gave him the necessary explanation. It appears that the letter had been duly placed in the box when it arrived. The box being just about wide enough to hold an envelope this size, and apparently there being a crowded box-full of mail matter the day it was distributed, it would seem that the letter was jammed up against the very top of the box and held there by the close fit it made. Mail was taken out of the box daily by Mr. Field, but this thin letter crowded against the top of the box was not noticed. It could not be seen easily from the front of the box on account of the projecting edges of the framework of the box fronts. In any event it held its place safely for several months, until one of the staff in putting mail into this box last week run across the fugitive letter and placed it on the bottom of the box in full view. This explanation should tempt all box-holders to have a look at the roofs of their boxes. They may find an occasional letter containing a cheque, or, more likely, a dinner, or a card saying the box rent is due.

**TO RENT—FURNISHED HOUSE, 4** rooms; 58 Broadway. Call at 58 or at 60 Broadway.—B. Lemnan. 35—
