**Timmins News in Brief**

Born—On Saturday, September 25, 1920, to Mr. and Mrs. J. E. Sullivan, —a son.

Mr. Joe Brennan, volunteer fireman, and very popular expert player in baseball and hockey, left last week for North Bay and the Soo.

Mrs. C. G. Beandin is taking medical treatment at Haileybury hospital. Word received here this week by Mr. Beandin indicates that she is making excellent progress to complete recovery.

The special at the New Empire Friday and Saturday of the this week is "Alice Joyce in 'The Sporting Duchess.'" Also there is to be a "Bringing Up Father" comedy, —the first to be shown on the screen here,—as well as Fox News and other features.

Mr. W. T. Curtis left this week for the south and is expected to return in the course of a couple of weeks accompanied by his bride. He is to be married to-day, and his hosts of friends in this Camp will extend him the sincerest good wishes on the occasion.

Owing to lack of a quorum the regular meeting of the Town Council was not held on Monday evening. Many of the Councillors, as well as the Mayor, are out of town on well-earned holidays, and for Monday evening's meeting only Councillors E. L. Longmore, W. De Feu and D. Laprairie were present.

At the Fall Assizes at North Bay commencing October 4th a case of special interest to the people of the Porcupine will be the trial of A. Calvano accused of the murder of William Gurrino ("Billy the Pig") formerly of the King George Hotel, South Porcupine. Calvano is being defended by Hon. T. W. McGarry, K.C., of Toronto, and G. A. McLaughley, of North Bay.

The following is from the last issue of The Pas (Manitoba) Herald:—  
 "Some crazy loon was shooting off an automatic revolver on Sunday morning near the bath house, and it is generally suspected he was crazy over a woman. The poor boob! Inspector Maybury was watching the practice and he allowed that the sun-of-a-gun was trying to blow up 'Nogrove's' ballots."

Mr. R. Bryce has returned to Haileybury after spending the past week visiting in the Camp.

Mr. P. Bardessono left on Sunday for a holiday trip to the west and south. Mr. Gene Colombo is acting manager of the theatre during the absence of the big boss himself.

Nick says, "I never take a single drink. Always take two. A bird can't fly with just one wing. And I want you to understand I am some bird."

Mr. Steve Berrigan, an old-time prospector, is back in town after several months spent in the Hurricanaw district. He says that things look bright enough in the Hurricanaw district and he thinks this area a very promising one for honest and persistent prospecting.

The Cochrane Northland Post joins in the chorus asking for the organization of the T. & N. O. Railway Commission. The Post believes that Mr. Geo. W. Lee, at present acting as chairman pro. tem, would make a first class chairman for the permanent commission, and in fairness to the country, The Post agrees with The Advance and other North Land papers, there should be something done now. The present disorganization is bad for the individual, the country, and for the T. & N. O.

A gentleman living up on the hill has reason for believing that the Missions now being conducted at the R. C. church here are assuredly helpful and improving. Recently he lost five chickens from his poultry house and he had counted them as gone forever. The Missionaries at the church, however, had very earnestly impressed the lesson of property rights and very carefully explained that if a man "found" anything or acquired anything that did not belong to him it was his duty to search out the owner and make return of the strayed property. As a consequence of the good morals and Christian citizenship thus taught the gentleman on the hill was sought out last week and had four of the strayed fowls duly returned. This sort of respect for others and their rights very naturally creates a respect for the religion that inspires it. But if it became too universal it might cause considerable disorganization in affairs these days.

Members of the local Board of Trade who have autos are asked to kindly place their ears at the disposal of the visitors coming for the Associated Boards of Trade annual meeting in Timmins on Friday, October 1st. No doubt many of the visitors will be pleased to tour Timmins that day, if the weather is pleasant, and it will be one more opportunity to send away a bunch of visitors with a true appreciation of Timmins. The visitors will be from Cobalt, New Liskeard, Haileybury, Iroquois Falls, Cochrane, Matheson, Englehart, and other towns along the main line and branches of the T. & N.O.
