Timmins News in Brief

Mrs. David Maxwell and child sailed on Monday from Montreal to visit relatives and friends in Scotland.

Mrs. Wm. McNeil and son, of the Dome, will sail on the 27th for London, England, for a visit in the Old Land.

Mr. J. A. Howse returned this week from Toronto where he has been taking hospital treatment, and all will be pleased to know that he is now well on the way to fully restored health.

Division Court will be held in the Council Chamber Timmins, to-morrow (Thursday). The list of cases before the court is a very heavy one totalling about 100 cases, chiefly garnishee cases, many of them being for Town taxes.

This week Rev. Father Theriault started on the work of making his special annual call at every home in his big parish. Monday morning he commenced at the River, personally make a special call at every home in the Mattagami district.

Although the attendance was small at the Dance given by the Orangemen in the Masonic Hall on Thursday evening last, all present enjoyed a pleasant evening. The music was by Colombo's Orchestra and was up to the usual high standard while the refreshments served were something special.

The work of making ice on the Timmins Rink has been going along nicely. Yesterday and part of Monday were too mild for good ice-making but with cold weather for a couple of days the ice will be ready for the skaters. Consequently the rink may open this week.—Thursday, Friday or Saturday. It all depends on the weather.

Ice races are proposed this week for autos on Porcupine Lake. Mr. Stanley Pearce is credited with being the first to cross the lake this season by auto. There is a stretch of about two miles of the straight smoothest ice roadway on the lake and the autos are having some fine races on this surface. Some of the tin lizzies from South End have issued a daring challenge to any Henry Ford or Rolls-Royce in Camp, particularly in Timmins, to come over and race on this smooth, swift highway over the old Porcupine waters.

Miss Zealand, of Iroquois Falls, was a week-end visitor to town.

Ostrosser & Co.'s 20 per cent. discount sale has been extended to Nov. 27th.

BORN—In Schumacher, on Wednesday, Nov. 17th 1920, to Mr. and Mrs. Ralph Calverley,—a daughter.

Mr. F. G. Pratt, manager of the Devonshire restaurant at Iroquois Falls, was a visitor to the Camp over the week-end.

Mrs. N. McEachren, of the River Road, left on Monday for a few week's visit to Windsor, Ont., and Detroit, Mich.

Mr. Robt. Jeanson, vice-president of the Hamilton B. Wills & Co. firm, who is prominent in Wall Street financial circles, was last week elected a member of the Consolidated Stock Exchange of New York.

Despite the sensational articles of outside newspapers the Porcupine has not suffered from power shortage. It may be a sort of judgment on the scare-head sensationalists that The Cobalt Nugget on Monday was delayed for two hours by a power interruption and had to reduce the size of the paper. There are even compensations in a power shortage in Cobalt.

There were no cases of any particular moment at the police court here last week, practically all of the convictions being for minor breaches of the law restricting the freedom of the booze. A couple of men called up on the answer to charges failed to respond to their names and consequently warrants were issued for their arrest.

Mrs. J. K. Moore and little daughter are expected back from their visit to Scotland this evening. The Metagama, on which they sailed from Liver pool, took two weeks to make the ocean voyage, having encountered very serious storms on the trip. In addition to Mrs. Moore and daughter there were several other passengers booked for Timmins on the Metagama. These include Mrs. W. Nicolson and Master Peter who are returning from a visit to the old homeland, Scotland. Mr. O'Connor, brother of Mrs. J. T. Easton, was also a passenger on the Metagama and is expected to arrive in Timmins this evening.

DANCING LESSONS
