### DECLARATION

Town of Timmins  
Civic Holiday, Aug. 4th.

In response to the request of a number of citizens, and so that all may enjoy the Big Day at South Porcupine, I hereby proclaim Friday, Aug. 4th, as a Civic Holiday for the Town of Timmins. All good citizens are asked to observe this day as Civic Holiday.

J. A. McINNIS, M.D., Mayor.

### NOTICE OF DISSOLUTION OF PARTNERSHIP.

Notice is hereby given that the partnership hereto subsisting between us the undersigned as Plumbing, Heating and Sheet Metal Workers in the Town of Timmins in the District of Temiskaming has this day been dissolved by mutual consent to take effect on the 31st day of July next.

All debts owing to the said partnership are to be paid to Antheim Joseph L'Euey who will continue to carry on business on the premises heretofore occupied by the partnership, and all claims against the said partnership are to be presented to the said Antheim Joseph L'Euey for settlement. Dated at Timmins this 25th day of July, 1922.

A. J. L'Euey,  
Nap. Caron.

Witness:—Gordon H. Gauthier. 31.

## MISS OLIVE ORR WRITES FROM BOARD, "ANTONIA"

Having Good Time on European Tour. Several Icebergs Seen on Voyage.

Last week The Advance received a letter written on board the R.M.S. "Antonia," of the Cunard Line, by Miss Olive Orr, of South Porcupine, who was the North Land candidate in the recent Toronto Sunday World Contest and accordingly won a place in the party of young ladies taken by the Sunday World on a tour of Europe. Miss Orr encloses in her letter the luncheon menu of the Antonia for July 11th. This menu is printed on board ship and is very interesting. It shows that the party is having everything good and up-to-date in the matter of "eats" and suggests also that there is lots of wholesome fun on board the Antonia. The menu contains the name of each young lady in the Sunday World party, the names being "hidden" in the items of the menus. For instance "Putman" Duce is mentioned, Miss Putman being one of the party. Miss Orr is referred to in the item, "Roast Lamb, Orr Sauce." Miss Orr's letter follows:— "Thought perhaps it would interest the Porcupine people if I were to write you a few things about our trip across.

First of all, we were two days late leaving, and then we travelled very slowly on account of ice and fog. We stood perfectly still from 8.30 one night till 4.30 the next morning. We saw several icebergs.

It seems to me we do nothing but eat; therefore I feel very much at home.

We celebrated the Fourth of July on board. More than half the passengers are Americans, and some very nice people, too. We have had dancing on deck almost every night. We have also had two sport days. Three of our party were on the team of ladies who won the championship for tug-of-war between Canada and U.S.A. I was lucky enough to be one of the three. The Canadian men also won from the U.S.A.

I am enclosing the menu card for yesterday's luncheon. This card mentions all the girls in our party. I am underlining the names.

We expect to land in Cheseborough tonight (July 12th) some time. The 14th is the French National Holiday and we will be in Paris for that.

The trip down the St. Lawrence was lovely, and to-day is a grand day. We have been in sight of land nearly all morning, and all kinds of sail boats can be seen. There is a steamer fast on the rocks at a point called Lazard on the south coast of Cornwall.

It is almost time to collect the last mail which goes back from Plymouth, so hope to be able to give you all a good description on my trip later on.

Again thanking you for your kindness and also everyone who helped so much.

Yours truly,  
OLIVE ORR.

### SCORER AT IROQUOIS FALLS NEEDS TO STUDY RULES

Writing on the report in The Broke Hustler last week of the district baseball game at the Falls, a correspondent put the matter this way:—

Who is the scorer at the Falls? He would do well to look up the rule book and see how earned runs are earned. He might also take notice as to how to credit a hit where a hit is due.

Destefano should certainly get credit for a hit in the 7th. innings, as his grounder was fielded cleanly and the play made at third base, the runner reaching the bag safely. No error was credited on the play. Then why not allow Johnny a hit? It is his by right and he should get credit for same.

On the other hand, the Iroquois Falls scorer allows Anson a hit in the 9th. innings on what should have been a very easy out only for Duncan's error pure and simple, and but for that Tate probably would have had a shut-out. Therefore, Iroquois Falls did not get an earned run. On the other hand Timmins got three earned runs in the 8th. on a triple by Duncan, singles by Tate and Pierce, and a sacrifice by McIntyre. If you will take the trouble to look up the rule book, Mr. Iroquois Falls scorer, you will notice that any man getting on a bag either through a walk or being hit by a pitched ball and then scores on a hit is a run earned.

Normal School will not open in North Bay this year until Sept. 19th, several days later than usual. This is due to the fact that supplementary examinations are to be held for those who failed to pass the Entrance to Normal Examination in June. This is the first time that those who have failed in these examinations have been given a second chance in the same year.

### LAKE SHORE PRODUCED OVER \$44,000 DURING JUNE

The following is the official summary of the operations at the Lake Shore Mines, Kirkland Lake for the month of June:—

The mill ran 94.96 per cent. of the possible running time, reducing 2,137 tons of ore, and recovering therefrom \$44,135.40.

The percentage of lost time was as follows:

Power off (16 times) . . . . . 3.28 p.c.  
Miscellaneous . . . . . 1.86 p.c.

### GEOLOGICAL SURVEY MAKE REPORT ON LARDER LAKE

A report on the Larder Lake district, Ontario, by Dr. H. C. Cooke, has been published by the Geological Survey. This presents the results of a detailed study of the geology of McVittie and McGarry townships including the auriferous belt lying to the north of the lake. The report is accompanied by a geological map on a scale of 2 inches to 1 mile. Bound with the report on Larder Lake is a report by Dr. Cooke on the Kenogami Lake and Round Lake areas. Maps of Holmes, Bart, Eby, Otto and Boston townships and of parts of Dunmore, Bompas, Cronfoll, Flavelle, Gross, Blain, Marquis and Paeand townships accompany the report. Copies of the report or of the separate maps may be had by applying to the Director Geological Survey, Ottawa.

Miss Savard, of Cobalt, is visiting the Misses Boivin.

### RESTRICTED HOURS FOR WATER FOR LAWN, ETC.

Notices have been issued this week by the Waterworks Dept., informing the public in general that water for sprinkling lawns, gardens, grass plots, boulevards, or grounds of any description shall only be used between the hours of 6.30 and 8.30 in the morning and between the hours of 6.30 and 8.30 in the evening.

### RAND'S NEW REFINERY NOW HANDLING TON GOLD A DAY

With the comment that the Rand is by no means dead yet a friend of The Advance sends the following interesting clipping:—

"In the course of his valedictory address at Johannesburg as retiring President of the South African Institute of Engineers, Mr. C. R. Atkinson declared that the Rand gold refinery would be "the finest in the world." South Africa, he said, produced approximately 8,000,000 ozs. of gold, valued, in normal times, with the price of gold round about 85s. per ounce, at £34,000,000 annually. The refinery now in operation had sufficient capacity to deal with this quantity. To put the matter in another form, something like 2,400,000 tons of rock were mined annually to produce about 270 tons of gold, so that each working day nearly a ton of precious metal was obtained. Therefore, the new refinery would be receiving and issuing each day 1 ton of gold."

## BUSINESS CHANGE KING EDWARD CAFE

The undersigned having purchased the King Edward Cafe, business, building, good will, etc., from Geo. Nam, wish to solicit a continuance of the patronage of the public and assure all of the best service and the closest attention to all patrons.
