PORCUPINE FAIR THIS YEAR ON SEPTEMBER 28

Five Valuable Cups and Number of Cash Prizes Offered. This Year's Fair Very Attractive.

At a meeting of the Porcupine Agricultural Society held at Porcupine (Golden City) on Aug. 1st, the directors decided to hold the Porcupine Fair this year on Sept. 28th. The first Porcupine Fair was held last year at Golden City and proved a very attractive and pleasing event. It was arranged on comparatively short notice and with little time for organization and preparation, but proved both pleasing and successful, large numbers from all over the Camp enjoying a good programme. This year, with ample time for arrangements and with a well-organized executive, the Porcupine Fair will be much bigger and better. It will no doubt attract entries from all over the district as well as drawing crowds from all the Camp.

Cash prizes will be awarded for heavy draft horses, driving horses, cows, calves, sheep, pigs, fowl, garden produce, farm produce, home cooking and canning, needlework, art. There will also be a baby show for children 15 months and under. Another feature will be the sports for boys and girls.

The following cups are offered for competition:—

Mr. Reamsbottom's cup, to the party taking the most first prizes for three years in succession.

Mr. W. D. Pearce's cup, for the winner of the first prize for heavy draft team for three years in succession.

Mr. A. C. White's cup, for the party winning first prize three years for the best pen of utility fowl, any breed raised in New Ontario.

Dr. J. A. McInnis' cup, for the owner of the cow winning first prize for three years in succession, best points for milker.

Mr. Gordon H. Gauthier's cup to the party producing the best garden exhibit at the Fair for three years.

The Porcupine Fair, Sept. 28th, this year, offers an excellent opportunity for the display of the stock and produce of the district and can be made a noteworthy factor in impressing upon the outside world the agricultural possibilities of this country.

Mr. Geo. Bannerman is the president, and Mr. J. W. Young, Porcupine P.O., the secretary-treasurer.

NOT MANY CASES FOR THIS WEEK'S POLICE COURT

The past week has been a quiet one for the police, even the common variety of drunks not being numerous. Up to this morning there were only three cases on the police court docket, two of them being simple charges of being drunk contrary to the ideas of Hon. W. E. Raney. The other case concerns a charge of assault laid by Mr. M. J. Tinkess against Mr. F. Horn. It is understood that the case arises from the results of a discussion of religion. Both men hold very decided opinions on religion and the discussion may have progressed from the evangelistic fervour for conversion to the human enthusiasm for muscular Christianity. Mr. Horn is understood to deny any unnecessary muscularity, but the court will no doubt decide the matter, though still leaving open to question which man's religion is the better, if any.

NEW BASEBALL DIAMOND STARTED AT IROQUOIS FALLS

The following from the current issue of the Broke Hustler explains itself:—

Mr. F. H. Anson, on his visit here last week, decided to make an immediate start on the new baseball diamond so as to have it in shape for the opening of the baseball season next summer.

Mr. Anson has taken a great interest in sport in the town and after going over the activities of the I.F.A.A. for the past year, he felt that the men who had been looking after hockey, baseball, tennis and other sports had done extremely well, and deserved encouragement. He has therefore given orders to go ahead with the new diamond beside the Arena. The field will be thoroughly drained, plowed deeply and harrowed immediately. The idea is to have the land level, and then sown with grass seed with a wide pathway between bases of rolled sand and clay. As it would be impossible to plant grass now without a lot of winter killing, the plan is to put the field in A-1 shape this year and seed it first thing in the spring so that the new field should be ready for play by the first of July. Bleachers will be built, and there is a possibility that these will be covered. No running track will be put down this season as the track at the school

RIGS NOT TO BE LEFT AT RINK AND GRAVEL PIT

The owners of wagons and other rigs, etc., left on the lots near the Rink and at the gravel pit should take a tip and remove their property at once. Unless these rigs and other property are moved away at once by the owners the Town-authorities will see to their removal and then prosecute the owners. In the latter case the owners will have to pay all costs of removal and all costs of the court as well as a probable heavy fine. The owners of the rigs in question have been duly warned now against the unauthorized use of the property alongside the rink and at the gravel pit, and if they wish to save costs and expenses as well as the troubles of court they will move themselves at once to the work of moving their rigs from these places where they can no longer be allowed to "park" unmolested.

FINES FOR HORSES, COWS AND PIGS RUNNING AT LARGE

If certain folk had taken the tip in The Advance some time ago that this town was now like New York,—too large to have cattle and horses permitted to roam the streets on four legs,—then several would have saved a ten spot each of good money. For allowing a horse to run at large, contrary to the law in that regard, E. D. Gauthier was last week fined \$5.00 and costs by Magistrate Atkinson. T. Fritt was fined \$4.00 and costs under the same by-law, not for horses but for cows at large. Jos. Shepelin also paid \$4.00 and costs, his "horses and cows" running at large being a pig. Mrs. Jos. Gilbert pleaded guilty to

the charge of keeping liquor for sale and was fined \$500.00 and costs, the same being paid forthwith.

Bill Prescott, on a charge of disorderly conduct, was fined \$10 and costs. At the Juvenile Court, Magistrate Atkinson dealt with the five boys charged with thefts, sleeping out, etc. One of the boys who had previously been in the Industrial School was returned there; another was sent there for a three-year term or until it is felt that his good conduct warrants other action; and the three others, apparently just starting on the wrong road, were given a further chance to get on the right track. They were ordered to report once a week to the Chief of Police and thus are on parole during good conduct. Mr. R. LeHeup, Inspector for the Children's Aid Society, was up from Haileybury to attend the Juvenile Court here, and took the two boys back in his care.

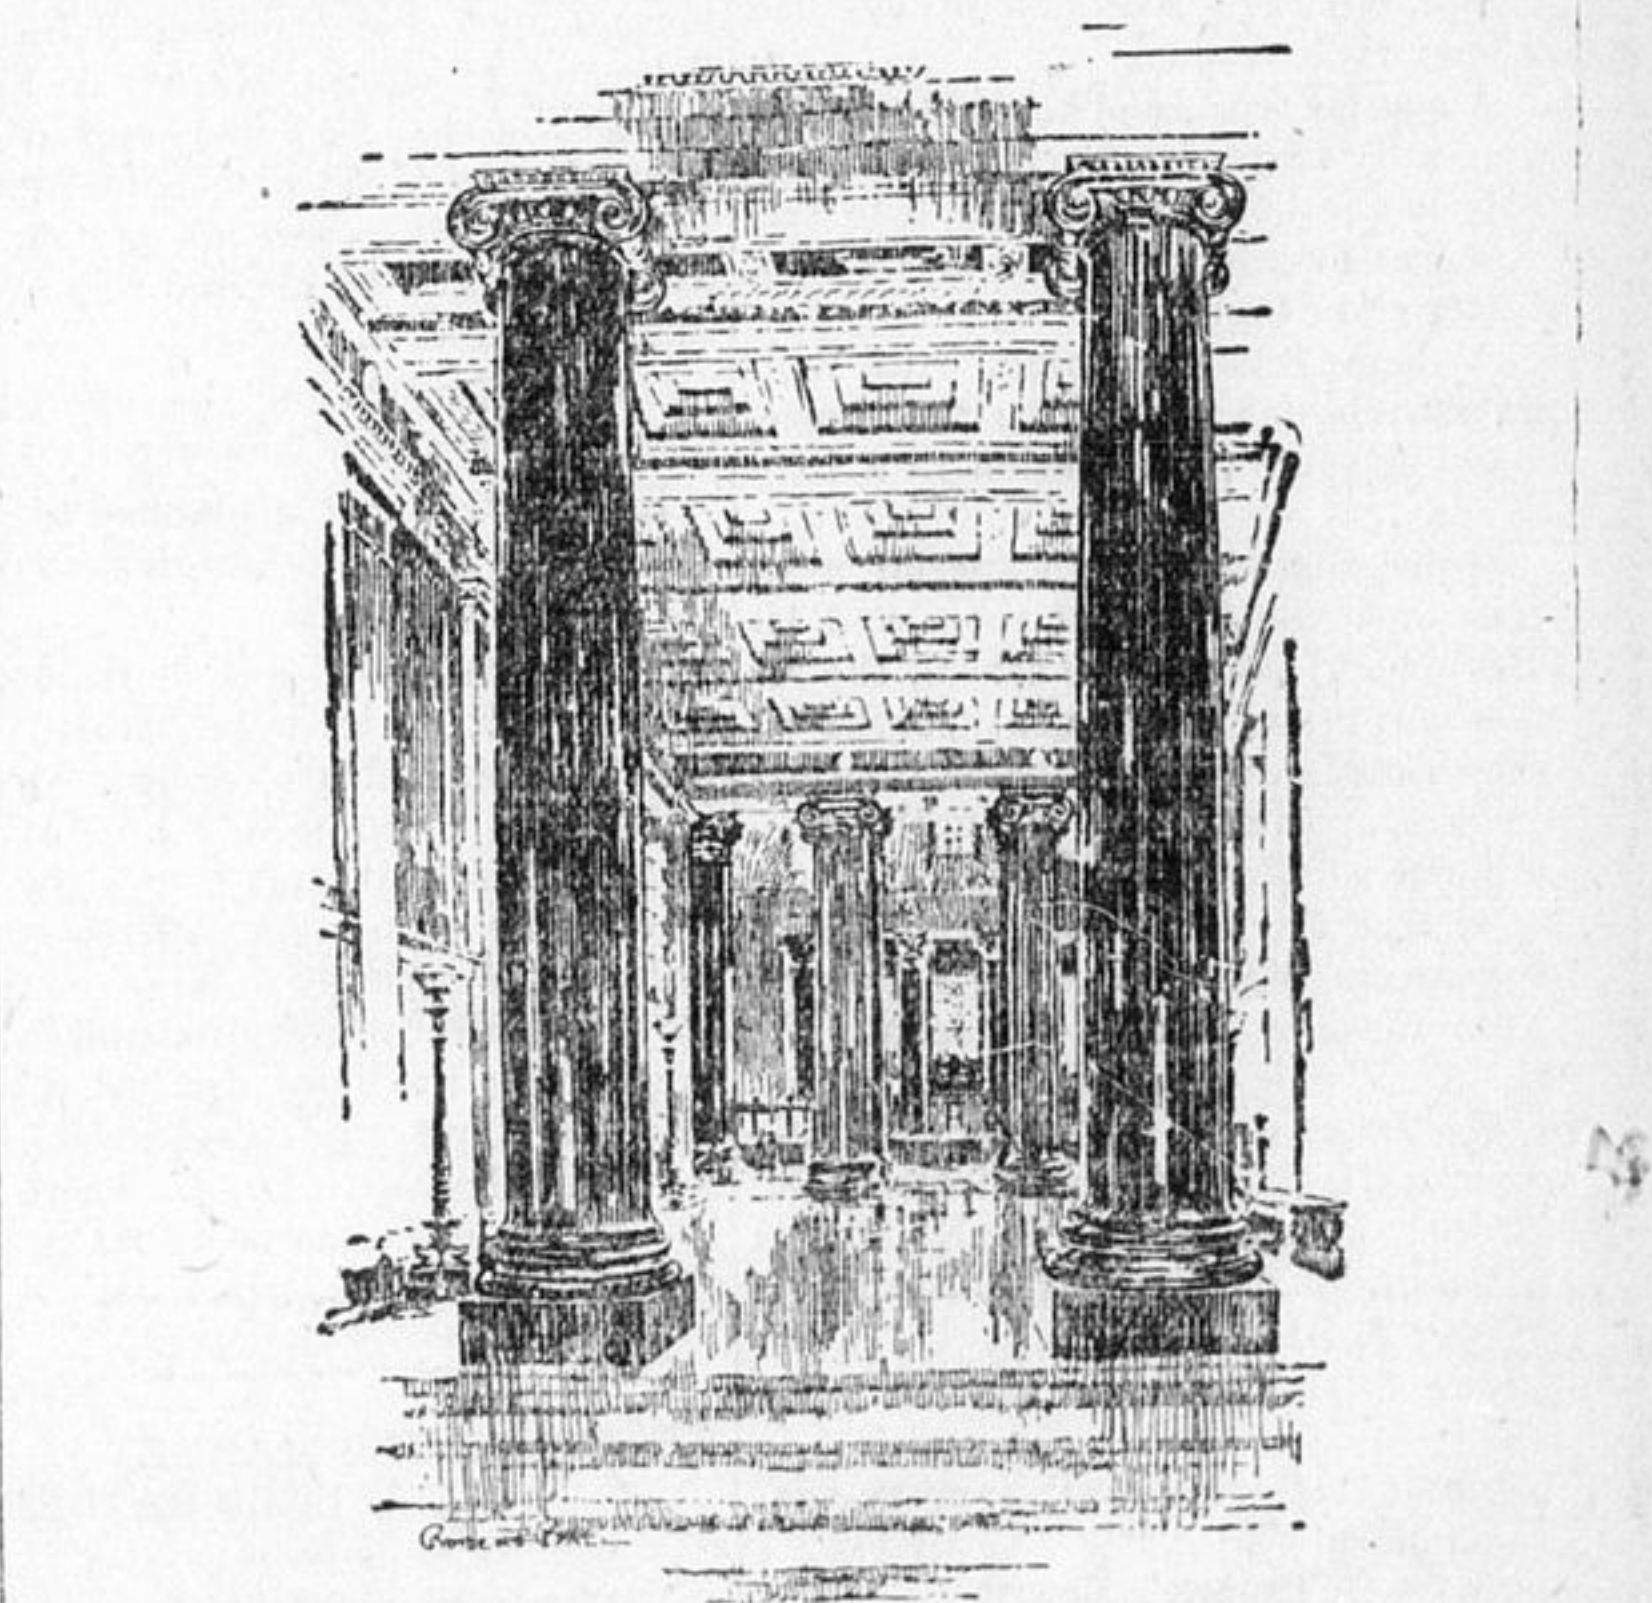

CARD OF THANKS

Mr. and Mrs. D. Deacon and family wish to thank their many friends for their kindness during their recent sad bereavement, also for the many beautiful floral offerings. —32

CARD OF THANKS

At the last meeting of the Children's Aid Society, a very hearty vote of thanks was passed to all who assisted in making so marked a success in every way of the benefit play given at Schumacher on June 12th. The C.A.S. wishes particularly to thank those who so ably directed it, and all the others who in so many different ways assisted in making the event so successful.

Financial Strength
THE principles upon which a Bank is founded, the number of years it has been in operation, and the policy followed during these years—these features, combined with its present standing, from the criterion of the strength of a Bank.
The Bank of Montreal began business in the year 1817 with a modest capital of \$350,000, and for over a century it has followed a conservative—aggressive policy until to-day its capital and reserve fund total \$54,500,000 and its total assets are in excess of \$650,000,000.
BANK OF MONTREAL
