**WILL THE PIKERS KINDLY
 CEASE THEIR PIKING?**

Every time there is a match at the athletic grounds here, there are a few pikers who lead to give strangers and visitors a wrong impression of the town and its people. Further the pikers referred to are an annoyance and a loss to good sport. These pikers gather on nearby hotel balconies, on the roofs of sheds, and perched on the top of high tight-board fences like nincompoops. Their idea, of course, is to get something for nothing. They roost high in the hope that they can see a good game without paying any fee. At the last game here with the Falls there were a number of wagons stopped alongside of the ball grounds fence with pikers standing up peaking over the fence to watch the play. There was also the usual crowd on the hotel balconies and the fence balconies. One man sneaking a view through the gate on the cheap was moved away, only to be found later with a pair of field glasses trying to follow the match from a point outside the pay line.

In the hope that most of these pikers are acting this way more out of thoughtlessness than sheer meanness and dishonesty, a word or two may be said. All kinds of sports, baseball, football and all the others, must have financial support. One of the chief forms of support is received through the "gates" at the various matches. Any real man will be willing to pay his way to see a game, or stay away. To steal a view of a game is every bit as dishonest as to steal a quarter or a half dollar any other way. And it even looks meaner. Because a man is left free to see a game or miss it is all the more reason why he should pay if he does enjoy seeing it. It may look like saving money to see a game and avoid the admission fee, but in reality it is a costly trick,—it costs a man his self respect and the respect of all who see him at his dirty work at the crossroads. Don't be a piker and a thief. If you don't want to see a game, just don't see it. If you want to watch the game, pay your share like a good sport. If you want to see a game and really can't afford the quarter or half-dollar admission, be honest and stay away, and spend 5c and read all about it in the next Porcupine Advance.

"Lest we forget!" Sept. 13th, is the date of the visit to Timmins of the Southern business men touring the North Land under the auspices of the Toronto Board of Trade.

**FIRE DEPT. SHOWS UP
 WELL UNDER INSPECTION**

On Thursday morning last there was an alarm of fire turned in and the Timmins Fire Brigade made the usual speedy response. Arriving on the scene of the supposed fire they had the water on inside of three minutes. All of this would be scarcely news, as it is the ordinary and everyday procedure by the Timmins Fire Department when an alarm of fire is turned in. However, Thursday's case has perhaps a special interest because there was no fire, but the alarm was turned in by the Fire Underwriters' Inspection on an unexpected visit here. There was a regular turn-out of the brigade to the supposed fire and the department handled the work in the usual effective way. The Inspector appeared pleased with the prompt response and the efficiency of the Timmins Fire Department. Later in the day the usual tests were made of equipment, etc., including the use of the fire engine. Fire Chief A. Borland was away on his vacation at the time of the Inspector's visit, but Acting Chief W. G. Smith and the boys of the brigade upheld the good reputation of the department for speed and efficiency.

**A CONCESSION TO
 HOME INVESTORS**

In offering to renew the five and a half per cent. Canadian Government bonds maturing December 1st, at the same rate of interest as is carried by the maturing bonds, and allowing a bonus of one month's interest, the Minister of Finance is making a material concession to the Canadian investor, as this rate is higher than was paid on the recent Canadian loan in New York. The high class of the security, which is the very best that can be offered in Canada, and the liberal rate of interest should lead to large investment in these Dominion bonds. Attention is directed to the official advertisement giving details.

TRY HIM WITH HASH

Mrs. Jones was entertaining some of her son's little friends. "Willie," she said addressing a six-year-old who was enjoying a plate of cold beef, "are you sure you can cut your own meat?"
 The child who was making desperate efforts with his knife and fork, replied:
 "Yes, thanks, I've often had it as tough as this at home."
