FALLS AND COCHRANE NOW PLAYING FOR WILLS CUP

Timmins Drops Out of Championship Race by Losing Sudden Death Game.

The tie between Timmins and Cochrane for the leadership of the first half of the district baseball league was decided on Thursday last in a sudden death game at Iroquois Falls. A number from Timmins went over to the Falls to see the game. The Broke Hustler this week gives the following detailed story of the game:—

By defeating Timmins 9-5 here last Thursday in the final play-off for the first half championship of the N.O.B.A., Cochrane won the right to meet the Iroquois Falls team for the championship of the league. The Paper-makers won the second half championship, and the final issue will be decided on Tuesday and Friday of this week, when the Falls play Cochrane in the Junction town on Tuesday and on the local ball lot Friday. In the event of each team winning one game, a third and final game will likely be played on neutral grounds at a date to be decided later. To win the championship for 1922, and possession of the handsome new Hamilton B. Wills trophy, either Cochrane or the Falls will have to win both games this week or as mentioned above in the case of a tie, the third game wherever it is played. It is rather late in the season to be playing baseball in this part of the country, but it looks as though the "little world's series" will attract considerable attention. The Falls are right up in there, as Barney would say, after what looked like a very bad start at the commencement of the season.

The game Thursday between the Cochrane and Timmins rivals was chock full of good and bad baseball. At times, the Cochrane team looked like a million dollars, especially when they pulled off those two lightning double plays which cut off sure runs, but the real reason for the Timmins defeat rests upon the number of errors Tate's team mates pulled off behind him. Just nine misuses were chalked up to various members of the Goldiggers. Tate pitched championship ball. He struck out seventeen batters, the most that have been struck out in the N.O.B.A. this season, and yet the winners nicked his offerings for nine safe bingles. Five of these came in the third inning, when Cochrane really cinched the game, scoring five runs in this frame. In four of the nine innings, Tate struck out all three batsmen. It was a hard game for the elongated twirler to lose.

On the other hand, all credit should be given Campbell, who served up a nice article of ball. For the first five innings, he only allowed three safe hits. From then on, he allowed five hits, three of them being three baggers by Destefano, Duncan and Tate. McLean had a dandy three bagger for Cochrane in the fourth inning, scoring on a single by Acton. Every man on the Cochrane team connected safely with Tate except Allarie and Campbell. Allarie made a nice play in the third inning when he cut Brown off at the plate on a beautiful peg from center field to Morrison.

As mentioned above, the game was really won in the third inning when McLean and Acton, the first two men up hit safely. Don Campbell attempted to sacrifice, but forced McLean at third. Thacker however, singled, and then Morrison made the second out on a fly to Pierce. With two down, Tate walked Allarie, and then Geo. Campbell and Casey hit doubles, bringing the total number of runs for the inning up to five. Glen Campbell ended the rally by fanning, which he did with the utmost grace

and success four times out of five.

Cochrane had nine men left on the paths, and Timmins seven. The box score of the game follows:—

Happy Thought Ranges Make Happy Homes

Happy Thought Pipe Furnaces defy winter in any part of the home.

Happy Thought Stoves have stood the test of years in Canadian homes.

You—the woman with a family—know what it means to have a range that is so easy to regulate, that is a good cooker and a dependable baker. There is no single fixture in your entire house that is as important as your range. Every woman who does her own cooking knows what it means to have even heat and plenty of room in the oven. She realizes what a large cooking surface means and the benefits of regulators and little labor-saving attachments. Three hundred thousand Canadian women know the dependability of Happy Thought ranges from actual every-day experience. They have found them consistent and satisfactory, economical in fuel and easy to operate. Ask any of these happy women about these ranges.
