

**RADIO CONCERTS HEARD
HERE FROM 1500 MILES AWAY**

For the first time in the history of Timmins the voices and music from cities ranging from seven to fifteen hundred miles away are being heard every evening by the general public.

At King's Radio Shop on Pine St. crowds assemble every evening from 7.30 p.m. until nearly midnight listening to the musical programmes by radio.

The wireless installation is unique in itself and the store is so equipped that the music can be heard all over the street while only running on very small power.

When the receiving set is operated to its full capacity it is easily capable of throwing the singers voice several miles on a clear night, and every person almost without exception who has already heard the concerts from distant cities are amazed with the wonderful advance that has been made in this popular indoor pastime.

Many of our citizens are purchasing small receiving sets for home use capable of bringing in concerts and operas from over two dozen cities on the continent and from all appearances it looks like as if this will be a real radio Christmas.

**TIMMINS REPRESENTATIVES
AT N.O.H.A. ANNUAL MEETING**

Messrs. H. Laidlaw and Jack Marshall were the Timmins representatives at the annual meeting of the N.O.H.A. at North Bay last week, and did their part in looking after the special interests of this district and the general interests of hockey.

**CALEDONIANS TO HAVE
MUSICAL EVENING FRIDAY**

The regular meeting of the Caledonian Society on Friday evening of this week in the I.O.O.F. Hall will take the form of a Musical Evening in charge of Mr. Jas. Geils. The meeting will undoubtedly be a most enjoyable one and all members and their friends should make a point of attending. In addition to the programme of music, there will be dancing, refreshments, etc. The hall will be lighted and heated all ready for the meeting to commence at 8 o'clock and all are asked to be present as promptly as possible to the opening time. Some have misinterpreted this Musical Evening as to be a rendering in advance of the programme to be given at the Musical Festival on the following Tuesday. This, of course, is a mistake. The two programmes are absolutely distinct and separate. Of course some of the artists will be heard on both occasions and it is hoped that the Caledonian Choir will be heard from Friday evening, but the selections will be altogether different. The programme Friday evening may suggest the treat in store the following Tuesday evening, though the numbers will be entirely different. Lovers of fine music will "play safe" by turning out both Friday night and next Tuesday evening to enjoy the pleasant musical programmes to be provided.

This week Mr. L. Halperin, jeweler and optician, has moved into his fine new premises in the centre store of the Gordon block. Mr. Halperin has issued special invitation to all his old customers and all new ones to visit the new store and see the fine new stocks.

**COBALT TO HAVE JUNIOR
AND INTERMEDIATE TEAMS**

Cobalt organized last week for the season's hockey, Mr. F. A. Sullivan being appointed president and E. W. Curry secretary. The club has a deficit of \$66.00 from last season, but expects to have a good season in every way during the coming months. It is expected to have both a Junior and an Intermediate team in the N.O.H.A. Efforts are to be made to have North Bay, Liskeard and Cobalt grouped in a three-team group for the N.O.H.A. Intermediate and Junior. In view of the fact that Haileybury hockey players lost heavily in the recent fire the Cobalt Club asked the N.O.H.A. to assist in helping equip these boys again for hockey, the Cobalt Club offering \$50.00 to any fund of this sort that may be started.

**BOY FELL THROUGH ICE
AT GILLIES LAKE SUNDAY**

There was a large crowd at Gillies Lake on Sunday afternoon enjoying the skating there. One lad, Tom Wadsworth, got too near the dangerous edge and broke through the ice into the cold water. He was able himself to scramble out but was in danger of the effects of his sudden plunge into the icy water. However, he was at once taken in charge by friends and hurried to Mrs. M. Downey's where he was cared for and danger from the accident removed.

**CONS. WEST DOME EXPECT TO
HAVE STEAM UP NEXT WEEK**

The Consolidated West-Dome Lake expect to have steam up next week. New equipment has been purchased and everything is "all set" for successful and pleasing operation. Mr. D. McPhail is the manager in charge. All work will be concentrated on the Dome Lake property for the present. The prospects are very encouraging.

**TIMMINS AND DISTRICT
NOTES**

Mr. Alf Prout is home again from his annual hunting trip, bringing back with him the full complement of the trophies of the chase.

Mr. and Mrs. G. S. Lowe returned this week from a visit to the south, Mrs. Lowe and baby stopping off at Cobalt for a visit there.

Work is in active progress on the re-building of Charlton after the recent fire, no less than fifty new buildings being in course of erection.

At a recent meeting of the I.O.D.E. it was decided to hold a Christmas Tree here in the week before Christmas for the pleasure of any children in town who might otherwise not have a good Christmas. The event will likely be held in the New Empire Theatre basement.

On account of the bereavement of the President, Mr. R. Hoggarth, through the sad death of his sister, Mrs. Kenning, the A.S.D. Club has cancelled its regular meeting for this evening.

The regular meeting of the Caledonian Society of Timmins will be held in the I.O.O.F. Hall on Friday evening of this week. It will be in the form of a Musical Evening in charge of Mr. Jas. Geils, and will undoubtedly be a pleasing event.

All young ladies interested in hockey should remember the girls' hockey club meeting tomorrow (Thursday) evening. Election of officers and other important matters will be before the meeting and all the hockey girls should make a special point of being present and assisting in organizing for the season.

**SPECIAL NIGHT CLASS
COURSE IN THE FRENCH
LANGUAGE TO BE STARTED**

The Timmins Business College has secured the services of a French Specialist, and intends adding a French Course to its Curriculum, and upon the enrollment of a sufficient number of Students, the class will be started, therefore, we would ask that anyone interested kindly call to the Business College Office and prepare for enrollment immediately, in order that the Class may be started by Monday, Nov. 27th, if possible.

This additional branch of study at the Timmins Business College, will be under the Supervision of Miss I. Grenache, a capable French Specialist who is a graduate of the French Classes of the McGill University, Montreal, Que., therefore, Students enrolling in this class are assured of their success. Call over and see us immediately.

HENPECK SCORES ONE.

Mrs. Grieve—Tobias, I found this letter I gave you to post a month ago in your overcoat pocket.

Mr. Grieve—I remember. I took off that overcoat at the time to enable you to sew on a button, and it isn't sewn on yet.

VERY CARELESS

Young wife—"The postoffice is very careless sometimes, don't you think?"

Sympathetic friend—"Yes, dear, why?"

Young wife—"Hubby sent me a post-card yesterday from Brockville, where he is on business, and they've put the Montreal postmark on it."

RELIEVED HIS MIND.

A traveler who believed himself to be the sole survivor of a shipwreck on a cannibal island hid for days in terror of his life. Dodging from pillar to post he ran into a clump of bushes from which a thin wisp of smoke was rising. His kness knocked together and he lost his breath. Just as he was gathering his remaining strength to flee a voice from the clump remarked "Why the devil did you play that card?" The "sole" survivor dropped on his kness and devotedly cried, "Thank God, they are Christians!"

THINK AHEAD OF YOUR WORK

The outstanding fact that occurs to me, as a point for an incentive for young men to rise, is to make himself valuable to his employer. To master every detail of his job advances his value and importance. To think ahead of his work is to develop his usefulness. It develops initiative and confidence.—Daniel Frohman.

SIX RULES FOR PREVENTION OF FIRES.

1. MATCHES. Be sure your match is out. Break it in two before you throw it away.

2. TOBACCO. Throw pipe ashes and cigar and cigarette stumps in the dust of the road and stamp or pinch out the fire before leaving them. Don't throw them into brasa, leaves, or needles.

3. MAKING CAMP. Build a small camp fire. Build it in the open, not against a tree or log or near brush. Scrape away the trash from around it.

4. LEAVING CAMP. Never leave a camp fire, even for a short time, without quenching it with water and earth.

5. BONFIRES. Never build bonfires in windy weather or where there is the slightest danger of their escaping from control. Don't make them larger than you need.

6. FIGHTING FIRES. If you find a fire, try to put it out! If you can't,

GET A HORN

Put your hammer in the locker, With your hand-ax do likewise; Anyone can be a knocker; Anyone can criticize. Cultivate the building habit, Though it hurts your face to smile; At the start it may go awkward, But you'll get it afterwards.

I have found that when stars drop out successors are usually at hand to fill their places; and successors are merely men who have learned by application and self-discipline to get full production from an average, normal brain.—Chas. M. Schwab.

**St. MATTHEW'S CHURCH
(Anglican)**

Tamarack Street and Fifth Avenue.

Sunday Services, 11.00 a.m., and 7.00 p.m.

Sunday School, 3.00 p.m.

Rev. R. S. Cushing, B.A., L.Th., Rector

Phone 131.

Residence, No. 1 Hemlock Street.
