**ANNUAL CONVENTION OF
N.O.H.A. ON SATURDAY**

(Continued from page 2)

gested to the meeting that as this grouping was a matter that affected the four senior groups only, that it be left entirely to them to make a report to the executive on the understanding, of course, that the clubs would have to agree to the grouping, that a club could be forced into a grouping which it did not think was satisfactory. This was accepted by the Convention and Mr. Ryan was named Convenor of this Committee. This committee, however, did not meet because Iroquois Falls and Timmins both informed the Convenor that it was impossible for them to play in a four-group league as the players could not be absent from work for a week at a time on each of the trips to play Sudbury and the Soo. While nothing official was done, this settles the grouping for the seniors, leaving Timmins and Iroquois Falls in one group, and the Soo and Sudbury in another.

The New Officers

The election of officers under the new ruling resulted as follows:
President—David Brodie, Police Magistrate of Sudbury.
Vice-Pres.—F. E. Thompson, New Liskeard.

Secretary-Treasurer—H. P. Charlton, North Bay.

Member of Executive—G. W. Turk, Iroquois Falls.

Owing to the mixup following Percy Mader's resignation, it was difficult to settle who was the legal past president, who has a seat on the Executive. It was moved by Iroquois Falls and seconded by North Bay that Mr. Campbell, the founder and first president of the Association, be regarded again this year as Past President. These five constitute the Executive Committee.

Salt Pork for the Soo

After the business session was over a banquet was held in the Pacific Hotel, which was a fitting close to the important meeting of the earlier part of the day. The keen rivalry and keener discussion of the day gave place to goodfellowship among all the delegates, no matter what group they represented. Mr. Brodie had been telephoned to and took the next train into North Bay, arriving a few minutes after eight, in time to preside at the dinner. He made a splendid impression on the delegates who congratulated one another on the choice of the President. He made no promises except the one, that he would see to it that the rules of the N.O.H.A. were lived up to in every particular. That is just exactly what the Convention was after in nominating him.

One feature of the banquet that was much enjoyed by all, was started by Wes Turk when speaking, as representing the Senior champions of the Association. He complimented the Committee on the excellence of their arrangements both for the Convention and for the banquet, but said that the Iroquois Falls boys felt that there was a great lack in the eatables. There was no salt pork on the table. This was received with great applause by the delegates and from that time on the Soo boys had quite a time arguing on salt pork.

Welcome by the Bay

Councillor Milne, of North Bay, welcomed the delegates in a fine speech on broad sportsmanlike lines, which was enthusiastically applauded. All the officers and a great many of the delegates had a chance to express

their opinion in proposing or replying to different toasts. One of them especially, not on the program, was by Patrick McCool, an old friend of the President, in their laconic days. He spoke of last year's mixup and hoped that this year's executive would see to it that the N.O.H.A. champions were decided long before the date of their meeting the O.H.A. champions and not have the team playing two games in one day.

Taking it all in all, the Convention was extremely successful, the fact that the discussions were keen, even too keen, was taken by most of the delegates as a sign of pulsing life, that an Association which could provide such warmth of argument was very much alive.

North Bay Hospitality

The delegates to the Convention were all loud in praise of the hospitality extended to them by the citizens of North Bay being especially grateful to Cyril P. Smith, who entertained the delegates at his house both Friday evening and Saturday evening. The citizens of North Bay made all the delegates feel entirely at home, which added greatly to the enjoyment of the Convention by the out-of-town members.

ERECTING TEMPORARY SCHOOLS AT HAILEYBURY

At present about 120 public school pupils are attending the classes being held in the Haileybury High School building. In the meantime good progress is being made with the erection of three temporary school buildings. Each of these buildings will accommodate about 40 pupils, being one-room structures to relieve the pressing present need. They are being erected by the Ontario Dept. of Education. If necessary a fourth building of the same kind will be erected for school purposes. When a regular school building is put up, these temporary buildings will be used as bungalows.

BIG ARRAY OF CASES AT POLICE COURT THIS WEEK

There were only a comparatively few cases at police court here last week, but this week the array is a large one. In addition to the remanded cases over from last week, Chief Greer and his staff have a big bunch to face the Magistrate, chiefly for infringements of the Temperance laws. There are no less than ten charges of drunkenness, practically all of the accused being foreigners. Mrs. Frank Morrissey was taken in charge last week by Chief Greer, the charge being keeping liquor for sale. She is out on \$500.00 bail. Steve Golawski will face a charge of disorderly conduct and fighting. John Donlychuk is accused of being a vagrant, without money, work, home or anything like that. Three Moneta men were carrying a little consignment of Italian wine when they encountered one of the police. As a result of this encounter, Antonio Feelli, F. Maro and Frank DeBell will each face the charge tomorrow of having liquor in a public place, or words to that effect. There may also be some other cases.

URGES SOUTHERNERS TO VISIT THE NORTH LAND

The Fortnightly Mining Review, issued by Homer L. Gibson & Co., devotes the whole of its last issue to a review of the recent visit of the Standard Stock Exchange of Toronto to the North Land. The review of the visit is most interesting and attractively written and holds much information for those not closely acquainted with Ontario's North Land. Two paragraphs, perhaps, are especially worthy of reproduction. The first of these paragraphs says:—

"To us, a visit to Northern Ontario is always an inspiration. It always shows us anew that those who know Northern Ontario's gold mines most intimately are most enthusiastic about them. In the words of one of the most prominent mine executives of the North—a man whose opinion we prize very highly, some of us may have failed to appreciate that in Northern Ontario we have the greatest partly-scratched mineral bearing region on Earth." We would like to be able to give you the name of the man who made that statement, but that would not be fair to him."

The other paragraph referred to says:—

"Just one more word in the way of a suggestion. Visit the North Country yourself. See with your own eyes the way things are being handled. Size up the men who are in charge of the destinies of the companies in which you are interested. In brief, get first hand information. It will be worth your while. It can be done in comfort, or even luxury if you desire. Pullman accommodation from Toronto to within a step of the mines you want to see and men there anxious to show you their work and what they have. If you do not return with a new conception of the magnitude and the legitimacy of Northern Ontario mining, you are indeed the exception."
