

**IS THIS A METEORITE FOUND AT IROQUOIS FALLS**

Last week a round ball of iron was turned up by a steam shovel at Iroquois Falls while excavation for a bridge was in progress. The ball was about the size of a 16 lb. shot, and was down about 10 or 12 feet in the clay. Considerable question is being raised at the Falls as to what the find may be, the Broke Hustler suggesting that it is likely a meteorite. On the other hand, Babe Warren is understood to suggest that it is a plum pudding made by a Falls bride three years ago, the husband throwing it at the side of the river and the pudding doing the rest. In another five years it would have been through to China.

**MEETING TO ORGANIZE MINES HOCKEY ADJOURNED**

The meeting called for Friday evening last to organize the Mines Hockey League for the season was adjourned until Monday of this week, and on Monday of this week, and on Monday it was again postponed for more complete representation. There were twelve or fourteen hockey fans at the Friday evening meeting, and local hockey in general was discussed, but those present did not feel the meeting representative enough of all the interests concerned to do anything definite.

The general feeling is that the sooner organization is completed for local hockey, the better. After the game here on Monday, however, there will likely be double the present hockey interest and enthusiasm, and the local organization will accordingly be taken up enthusiastically. Last year there was a great deal of good sport from the local league hockey and fans will want the same this year.

The man who only half tries doesn't half make good. —Farrington

"Knowing how" is no use unless "doing" follows it.

There is only one proper time to have an injury taken care of and that is immediately after it occurs.

Habit is a cable; we add a thread to it each day and at last we cannot break it.

Following the line of least resistance is what makes rivers crooked and many men cripples.

**LISTENED TO FAREWELL SPEECH OF TIGER OF FRANCE**

Radio fans in Timmins had the pleasure last night of listening in to the eloquent address of farewell to America made at the Waldorf-Astoria Hotel in New York by ex-Premier Clemenceau, the "Tiger of France."

His Lordship Bishop Latulippe is reported as very seriously ill this week.

At an early hour this morning the thermometer registered 24 degrees below. Merry Christmas!

The man who knows will always be able to get a job, but the man who knows WHY will be his boss.—Upper Cuts.

The Ontario Gazette announces the incorporation of the Porcupine Producer, Limited, with a capital of two million shares of a par value of one dollar each. The head office is in Toronto.

There was a little wreck on the T. & N. O. last week down near Porquiss Junction. Some freight cars went off the track. No particular harm was done, but traffic was delayed a little bit. You know—the usual thing in regard to T. & N. O. wrecks.

**"Don't Worry About Me" Tom's Assuring Message**

On a little farm away up north Tom lived with his parents and one brother. His father, well up in years, found himself unable to continue the hard work of farming, so Tom took up the burden. The income was not large, and the lad signed up with a lumber gang working nearby—sawing logs, stripping bark and driving the teams. Altogether these two jobs, farmer and lumberman, kept his day so well filled that he had time for little more than sleep. Nature rebelling at this heavy burden—consumption claimed another victim. After trying various ways to overcome his physical weakness, he went to the Muskoka Hospital. His parents are anxious about him, they send the other son to see him often, for they are old and feeble and journeying is a hazardous undertaking to them. Tom's own troubles are never so real to him that he forgets others. He asks for those about him, lives for little bits of news about his home, and never fails to send this message back, "Don't worry about me. The people here sure do treat you white."

A wonderful work is being done by the National Sanitarium Association. The death rate from tuberculosis in Ontario has been reduced by more than one-half during the last twenty years. It needs your help to make its efforts still more effective. Contributions may be sent to Hon. W. A. Charlton, 223 College Street, Toronto.

**HOW SAVINGS MULTIPLY**

It is the tendency in some families to live up to the limit of the income. If the income is \$30 a week, the expenses are \$30. If the income drops to \$25, expenses drop likewise. If the income jumps to \$40, expenses skyrocket too.

The fact that luxuries and many things unnecessary usually have a part in these expenditures is reason for special consideration of this subject. Is it not better to have a little savings account as a nest-egg than to "how it?"

Moreover, it is not necessary to save in large amounts. Little drops of water make the mighty ocean and little dimes and nickels make the mighty fortune.

Few families in ordinary circumstances are unable to lay aside one dollar a week and hardly notice the difference. That one dollar a week in a year will be \$52 in two years with usual bank interest it will be over \$116, in four years it will be over \$230, and in ten years it will be over \$655, a tidy sum which will accomplish a great deal and its saving caused little or no hardship.

Had the weekly savings been two dollars instead of one, the result would have been over \$1,230, and increased weekly savings would multiply accordingly.

Putting money in the bank every week and seeing it there is a matter of will power. Say that you will and do it. Begin today. Saving is not a hardship. It is a pleasure.

BY BERT BARNES

There is only one way to be happy, make some of it so.

**1922 Xmas Seals**

The National Sanitarium Association is to be congratulated on the handsome Xmas seals now on sale to aid the Muskoka Hospital for convalescents. Designed as shown above, worked out in gold and red with touch of green and black. These seals very attractive, and should be used for decorative purposes (Christmas packages, letters, etc.) The Hospital is in need of funds to carry on its work. Do not buy these seals in lieu of gifts. Not only will you get good value in return, but your money will be made to serve a greater end, it will go to help someone in distress. For sale by school child banks, or direct from Xmas Seal Department, Gage Institute, Toronto, Ont.
