## Timmins and District Notes

Mr. H. R. Holtman, of Buffalo, N.Y. was a visitor to the Camp last week.

Mr. Nea Faulkenham, of Matheson, was a visitor to the Camp recently on business.

The question of free mail delivery for Timmins is one that might well be taken up by the Timmins Board of Trade.

Messrs. Geo. S. Drew and J. W. Wray left on Friday morning last to spend the holidays in New York and other points south.

A doctor has denounced milk as the dirtiest of food, and a Toronto paper suggests the prohibition of the use of milk. Why not go further, on the plan of The Liskeard Speaker and prohibit all cows? We would still have the bull left.

In order to give children a few hours' good time before the evening grows late, and in order to allow the older folks to attend the first league hockey match of the season, it is likely that the Caledonian Society Christmas Tree next Friday will commence at 6.30 p.m. Full particulars will be given in next issue of The Advance.

Members of the North Bay fire Brigade have been presented with a box of cigars each in appreciation of their efforts at the fire which destroyed the contents and interior of Thorpe's ladies' wear store last week. If that had happened in Cobalt, likely the Mayor would have confiscated the cigars given the paid men, eh? But Mayor Ferguson of North Bay is a different type of Mayor.

In its competition for the loveliest child in Canada, The Toronto Star last week published a picture of Beulah Elmer Raynor of South Porcupine. In this competition the North Land is naturally taking a prominent place with handsome and healthy children. A miniature of the winning child is to be painted and presented to the Queen for the Doll's House being given her at Christmas from the artists and craftsmen of the Empire.

Five hundred building permits were issued in Haileybury up to the end of November, the first permit in December being numbered 501.

Mr. and Mrs. Hilaire Charette, Pine street north, announce the marriage of their daughter, Marie Jeanne Bertha, to Mr. Harry Lloyd, the ceremony to take place on Monday, Jan. 1st.

A very pleasing and successful Enchire Party was held on Friday evening last week in the Union Hall under the auspices of the Ladies of Charity. All present had an enjoyable evening.

During the past few days a number of new transformers have been installed by the Northern Ontario Light & Power Co., with a resulting noteworthy improvement in the lighting service in town. For which same many thanks.

Seven young ladies have been nominated as candidates for Carnival Queen for the coming Dog Derby event at the Pas, Manitoba. Each lady nominated has a large group of friends and a merry battle is already under way to decide as to which candidate will receive the most votes and thus have the honour of being Carnival Queen for 1923 at the Pas, Manitoba.

Mr. Wm. Martin, who has won the Porcupine Dog Race so often as to have become a regular winner, was in town last week with a new team of young dogs. Although a couple of the dogs were only hitched up for the second time they were going well. Bill said:—"Bring on your malamutes from the Pas, Manitoba; I'm ready for them all."

"Good bye to Tin Can," reads the heading on an article in The Cochrane Post. A reading of the article shows that the Tin Can referred to is the Tin Can the Salmon Fish goes into, not the Tin Can that the T. & N. O. is going into. The Post article suggests that in the future "canned goods" will be dried instead of canned. It is doubtful just how far the "dry" policy will carry in this country.

Word has been received here that Mr. W. Twaddle who has been taking the special "mud baths" in France is receiving much benefit from the treatment. All his many friends here will sincerely hope that the treatment is soon and surely successful in restoring him to good health again.

M. E. Poole, of Cochrane, Chief Forest Ranger for this district, was a visitor here this week in connection with the work in progress for the removing of the bush menace from the Town of Timmins. Mr. Poole went on to Toronto in connection with the work of bush clearing.

Mr. D. W. Stewart has been appointed postmaster at Renfrew. The position has been vacant nearly a year. After a while the Government will get around to the task of making an appointment of a postmaster for Timmins post office. The less Governments are doing the busier they are.
