

A Substantial Income From These Bonds

THE average yield from Canadian Government and Municipal Bonds at present prices is now but slightly higher than 5%.

A MUCH higher income return, combined with safety of principal, is obtainable from investments in well selected corporation bonds, as the following list indicates:—

| | Rate | Due | Price About | Yield % About |
|---|------|-----------------|-------------|---------------|
| Calgary Power 1st Mtge. Bonds | 5 | Jan. 1, 1940 | 78.21 | 7.25 |
| Canadian Salt General Mtge. Bonds | 7 | May 1, 1941 | 102. | 6.80 |
| Western Dry Dock and Shipbuilding 1st Mtge. Bonds | 6 | Jan. 1, 1929-31 | 6.50% basis | 6.50 |
| Abitibi Power & Paper Genl. Mtge. Bonds | 6 | Jan. 2, 1940 | 97.50 | 6.25 |

PRICES of Government Bonds have already shown a broad advance. Indications are that high grade Corporation Bonds have not by any means fully discounted prevailing money rates. Consequently the purchase of these securities at current levels is to be recommended.

WE offer the above bonds for immediate investment and invite inquiries for full particulars.

TWO FOOTBALL GROUPS FOR NORTH THIS SEASON

Cochrane, Smooth Rock and Kapuskasing to Play Series. Winner To Play Winners for King And Dickson Cups.

Cochrane, Smooth Rock Falls and Kapuskasing are to have a football league this year and will compete for the King and Dickson Cups, and perhaps for the Goodyear Cup as well. They will play their league series, with the three teams competing, and the winner of each series will play the winner in the Timmins-Dome-Kirkland Lake series. This was agreed to at the meeting of the N.O.F.A. at the Dome Saturday evening. The plan seems to be a specially good one for all concerned. It allows Cochrane, Smooth Rock Falls and Kapuskasing to have football this season without prohibitive expense for travelling. At the same time interest is maintained because the cups are in competition. For Timmins, Dome and Kirkland Lake, there is the same advantage—the increase of interest in the competitions through the addition of the Northern teams, without the added expense of travelling, etc., for regular games in a schedule that would include the northern teams. The group plan thus inaugurated should greatly increase interest in football in the North Land, without adding much to its cost. There is great interest being shown in football this season at Cochrane, and all should do everything possible to help Cochrane along. Cochrane has undoubtedly been hard hit by the fever epidemic there, and it will take some time and much hard going for the town to get back to normal prosperity. Good sport is necessary to cheer the people along and to provide the entertainment and recreation so useful in upholding health and strength and courage. Cochrane is showing good judgement in not dropping its sports at this time, and all good sports throughout the North Land will very sincerely wish the good sports of Cochrane the most successful season possible.

Mr. John Vanier, Labour Candidate in this riding, was a Timmins visitor last week, and announced his intention of holding a meeting in the New Empire Theatre here at an early date to fully explain his platform in regard to the North Country and its development.

TRIP MADE BY AIRSHIP TO MOOSE FACTORY BY JUDGE

Last week His Honor Judge J. B. T. Caron, Chairman of the Election Board for the District of Cochrane, made a special trip to Moose Factory in connection with the proceedings relating to the approaching Provincial Election. For the first time in history a poll has been established at Moose Factory for voting in this election, and Judge Caron visited the polling sub-division just as other sub-divisions of the district. The trip was made from Cochrane to Moonbeam by canoe and from there to Moose Factory by airship, the return trip following the same route and plan. Another similar visit will be made to secure the ballot boxes, etc., after the voting.

MORE POOR ADVICE GIVEN TO MEN BY JOE KNIGHT

It would appear as if it would pay the workers of the Porcupine to keep Joe Knight away from this Camp. When the United Mine, Mill and Smelter Workers' Union was going along nicely here, Knight came here and got busy. The result was that the International Union dropped away just at the time when it bid fair to secure the full support and co-operation of all. Then the O.B.U. was started here, with Knight as one of its boosters. For a time the O.B.U. went along, and then Knight came back and got busy in the Camp, and the O.B.U. faded away. More recently the Porcupine Miners' Union was established as a strictly local union. Knight has been paying special attention to this Camp lately, and if his plans go as they went in the past, the latest union will likely follow the way of the others. Knight is also credited with similar success at Cobalt and other places. One strong union man recently suggested that it would pay the "bosses" to pay Joe just to stick around. Certainly he is not a very far-sighted friend of the workingman from his own line of talk. At Cobalt some days ago he held a public meeting at which he was to give "the truth" about the labour situation in Porcupine. The meeting was not largely attended, and the "truths" proved much the same way. One of the "facts" given, for instance, was that the May Day parade here had 2000 people in it. Knight also told his Cobalt audience that he had advised the men at Porcupine to "strike on the job" if they did not want to go on a regular strike. Just at the present time this advice may be considered as specially ill-timed from every viewpoint. To advise the men to greater effort and efficiency would be a much surer method of assuring wage increases. In Canada, the foreign scheme of "striking on the job" or shirking, has never gotten the workers anything but "the sack." On the other hand increased efficiency and attention to work is a very common fore runner of increased pay. Only actors, models and labour agitators are paid for just posing.

Mr. R. M. Ratcliffe, of Toronto, spent a few days in Timmins last week.

NOTICE TO CONTRACTORS

Plans and specifications for a brick addition to the Dome Mines School, Township of Tisdale, School District No. 1 B, South Porcupine, Ont., are now ready for Tenders. Separate Tenders for General Contract embodying all Trades except Plumbing and Heating, and special Tender for Plumbing and Heating will be required. Tenders must be addressed to the Secretary of the Township of Tisdale School Board, Mr. Max Smith, South Porcupine, Ont., and to be in his office not later than 10 a.m., May 31st, 1923, when Tenders will be opened. By order of the Board, Lowest or any tender not necessarily accepted. Plans and Specifications may be had at my office in Timmins.

BIRD'S SHINGLE ROOFS

SAVE TIME, LABOUR AND NAILS

Bird's Canadian Twin Shingle is really two shingles in one. They are self-spacing. They are easily picked up and laid with one hand--TWO shingles are laid at one operation. One third less nails.

Bird's shingles are 20" x 10", are impregnated with asphalt and surfaced with slate--either slate red or slate green.

Twin shingles combine everything you want and need in a shingle--handsome appearance, lasting wear, fire safety and economy.

Come in and let us estimate the cost of re-roofing your home with these artistic shingles
