Timmins and District Notes

Don't forget the big musical event at the Rink on June 14th.

(The Imperial Oil Company, through the Cobalt Red Cross, has contributed \$500.00 to the Cochrane Relief Fund.)

The next regular meeting of the Town Council is scheduled for Monday afternoon, June 11th, commencing at 4 p.m.

Tomorrow (Thursday) afternoon and evening there will be a Grand Bazaar, under the auspices of the Daughters of Israel, at the Synagogue, Cedar street. All welcome.

June 5th, being the first Monday in the month, is scheduled as the regular monthly meeting of the Timmins Board of Trade. Council Chamber at 8 p.m.

The Haileyburian last week said:—"Mr. R. Whorley is busy re-building his greenhouses west of the T. & N. O. Railway. One building has been completed and is already nearly filled with blooming plants."

In the report of the Football Club Concert last week the name of Alex. Wilson was given, instead of that of his brother, Bert, as the banjo artist. Bert, Wilson delighted the big crowd present with his clever banjo playing. But there are so many "Scotty" Wilsons around these days that it is hard to keep them sorted out, especially as they are all musical in one way or another.)

In paying up his subscription the other day, one reader of The Advance stopped long enough to remark:—"I see the town is urging citizens to clean up and brighten up! Good, but why not have the Town do some cleaning and brightening too. For instance, why not take away the shavings left scattered around near the hydrants. The boxes to protect the hydrants from the winter frosts have been removed and stored, but the shavings left behind. These shavings do not look well, and also they form a fire danger."

For the first time in history, Moose Factory will have a poll in the approaching Provincial Election. It is the intention to use a hydroplane to take the election supplies in to Moose Factory and bring them out again. In more than one past election The Advance advocated a polling place for the Moose Factory area, there being a number of people living in the district, and it seemed particularly objectionable to force these pioneers to go without a vote or put them to the trouble and expense of coming such a distance to secure a vote.)

Mr. Sydney G. Sherwood, Financial Editor of The Buffalo Times, Buffalo, N.Y., was a visitor to Timmins this week in the interests of his newspaper. Mr. Sherwood spent some time here some eight years ago, and is naturally much impressed with the remarkable growth and expansion of the Camp since his last visit. He believes that the Porcupine Gold area is about to experience a special era of development and prosperity, and he is gathering data and information so that readers of The Buffalo Times may be well-informed in regard to this area and its great possibilities.)

The New Liskeard Speaker last week says:—"A farmer up north when asked how the clearing was coming along, said there are many acres in condition to be easily cleaned, but the help was lacking. He said every farmer had several miles of fencing to do first thing. It was suggested that the by-laws against cattle running at large could well be dispensed with until fences were again made good, but his idea was that by-laws for the purpose of keeping cattle off the roads were not necessary any longer—the automobiles attended to that."

Mr. N. C. Berkman, of New York, was a visitor to the Camp this week.

(Mrs. E. Jacobs and Mrs. W. H. Jacobs, of Toronto, were the guests of Mr. J. Jacobs on Wednesday and Thursday last.)

Reserve June 14th, for the big musical event—the Timmins Male Chorus—at the Rink.

Porcupine Lodge, A.F. & A.M., will attend divine service at the United Church, South Porcupine, on Sunday, June 24th.

(Rev. J. D. Parks of the Timmins Presbyterian church, and Rev. Mr. McVitty, of the United Church, South Porcupine, exchanged pulpits on Sunday last.)

Watch for announcements next week regarding June 14th at the Rink.

DIED—In Timmins, on Tuesday afternoon, May 29th, 1923, Alice, Vivian, eldest daughter of Mr. and Mrs. H. S. Garrett, aged 8 years.)

The usual dance of the A.S.D. Club was held last Wednesday in the I.O. O.F. Hall here. Wolno's Orchestra provided the usual good music and an enjoyable time was spent.

May 21st is the official date on which Lake Temiskaming was declared free of ice this year. This is the latest date for the ice to go out in 19 years. The earliest was in 1910 when the ice went out on April 12th.)

The British American Nickel Corporation has re-opened its mine and smelter works which has been closed for over two years. The company has two furnaces with an ore capacity of 1,200 tons per day and a matte production of 35 tons.

Provincial Officer Attaman, recently stationed at Cobalt, has been dismissed from the force in connection with the Leo Rogers case. It is understood that the reason for his dismissal was that he took a drink, or more, while engaged on the case.)

There will be general regret at the intention of Mr. and Mrs. S. Daher and family to leave Timmins in the near future, the family being among the earliest and most esteemed residents of the Camp. The Buffalo Store, the general dry goods business conducted by S. Daher and Son, is at present in the hands of A. E. Moss, of Toronto, who is conducting a sale to dispose of the stocks on hand, and the store building is offered for rent.)

Referring to the Des Quinze power last week the New Liskeard Speaker said:—"Messrs. J. H. Beatty and H. A. Morrow, of Peterborough, were in town this week, having been out at the Quinze, looking over the proposition ahead of them at that place. We understand these gentlemen have received a contract valued at over a million dollars from the Fasken interests for the erection of a certain portion of the immense plant to be installed at the Quinze. Messrs. Sutcliffe & Neelands, local engineers, have also been awarded important work on the new construction."
