

**I.O.D.E. TO ENTERTAIN ALL
"PRINCE O' PATTERS"**

On Monday evening, June 18th, the Daughters of the Empire intend to entertain all those taking part in the "Prince O' Patters," the musical comedy so successfully presented here some weeks ago. All who took part in the entertainment will be the guests of the I.O.D.E. Monday evening at 9.15 in the I.O.D.E. Hall. The Daughters of the Empire are extending a very cordial invitation to all taking part on the programme to attend this informal evening in their honour. Special attention is directed to the fact that all taking part in the choruses are particularly invited. Full lists of all in the choruses are not available now, and so personal invitations can not be made to all. However, the Daughters of the Empire, are sincerely anxious that none should be missed and so they have asked The Advance to extend a general invitation to ALL taking part in the recent success to be the guests of the I.O.D.E. If you were one of those taking part in the "Prince O' Patters" this means you particularly, and it is your special invitation.

**"ICE CREAM DANCE" FRIDAY
AT THE HOLLINGER HALL**

Friday evening of this week, June 15th, there will be "An Ice Cream Dance" at the Hollinger Recreation Hall, Hollinger Townsite. Dancing at 9 o'clock. Best of music. A good time for all attending. The dance last week at the Hollinger Recreation Hall was so much enjoyed that there has been a very persistent popular demand for more, and the event Friday evening is in part answer to the request for more and more of these enjoyable events.

**TIMMINS FOOTBALL CLUB
AT KIRKLAND SATURDAY**

Timmins plays at Kirkland Lake on Saturday of this week in the King Cup series. This is the first game away for Timmins, and the boys naturally feel they have to make this a win. Both Kirkland and Timmins have already lost a game each to the Dome, and so each feels that no more games can be lost. Accordingly, Saturday's match will likely be a special-keen contest, which means it will be a match that will appeal to all

football enthusiasts. On Thursday of next week, June 21st, Timmins will play the Dome at the Dome. On Saturday, June 20th, the Dome is scheduled to play at Kirkland Lake, and on July 7th the scheduled match is Timmins vs. Kirkland Lake at Timmins.

**PLEASING EUCHRE AND
DANCE AT HOLLINGER HALL**

The Euchre and Dance held last Friday evening at the Hollinger Recreation Hall proved most enjoyable and successful. There was a big crowd present and all report a very pleasant evening. The refreshments served came in for special commendation, there not only being lots in quantity, but also plenty in quality. The music was another special feature, Scotty Wilson and his orchestra providing lively and attractive music for the occasion. The event was under the auspices of the Hollinger Community Club and that organization is now being generally requested to give more similar events. In answer to this popular demand, a special dance is announced for Friday evening this week in the Hollinger Recreation Hall under the auspices of the Hollinger Community Club.

Mr. John Brydge, of Haileybury, one of the old-time pioneer prospectors and mining men of the North Land was in the Camp last week in connection with some of his properties in this area. While in this part of the North, Mr. Brydge also paid a visit to his son, "Bill," the well-known hockey and baseball player at Iroquois Falls.

For anything in Watches, Clocks, Silverware, Chinaware, Crown Derby, Cut Glass, Etc., it will pay you to come to

**JOHN VANIER
TO THE ELECTORS OF COCHRANE**

To the Electors of
Cochrane Constituency

Ladies and Gentlemen:—

As our present and future are essentially bound up in the great Northland of this Province, the first concern of our Northern Ontario representatives, must be to energetically support all legislative measures which will serve to promote its development.

We have in the North the world's principal nickel supply; the world's greatest gold supply; one of the world's principal silver camps; great timber wealth; large agricultural areas; almost limitless water power. And the Constituency of Cochrane contains a very important share of these resources.

If elected, I consider my first duty will be to do all in my power to promote the development of these resources.

MINING

It is most regrettable that so much electric power available the mining industry has been so hampered through shortage of power, resulting in hundreds of men being laid off in the winter season. With sufficient power not only would the present producing mines work to greater capacity but properties now idle would develop into producers.

FORESTS

Our forests should be conserved and restored, so that succeeding generations may not suffer. Prevention of forest fires and reforestation would receive my attention.

AGRICULTURE

In the agricultural industry, the first requirement is the building of good roads to enable the farmers to market their products.

Farming is a basic and permanent industry. Such matters as making easier the terms or conditions in purchasing modern farm machinery and in the marketing of farm produce, are among the matters which I consider require attention.

INDEPENDENT CANDIDATE

As to my position politically. In these days of rapid change of thought and of social and political upheaval, partyism in politics has largely disappeared. People are no longer satisfied to vote a certain party ticket, without a scrutiny of the issues involved as strict partyism serves to tie the hands of the elected representatives, who are expected to obey the party whip, the electors are compelled to take a more independent attitude, as the needs of the North, the development of the North, are of far greater importance than strict partyism.

Therefore I will support any Government should they accept my policy which in short is "Give to the North what belongs to the North to help make a bigger Ontario."

Yours humbly,

JOHN VANIER.
