FRIDAY EVENING BAND CONCERT PLEASSED ALL

Timmins Citizens' Band gave the first of its open air band concerts this season on the Athletic grounds on Friday night last. There was a big crowd out, and all enjoyed the good music well-rendered by the Timmins Citizens Band. The applause from the stands after each selection and the comments of those present showed that the work of the Band was much appreciated. There was a large attendance of the Band members, and they rendered an attractive musical programme of over an hour's duration.

Thanks to the good work of President Cadman and Secretary Faithful of the Grounds Committee the Band had a proper place to play, the band stand being repaired, lights put in and seats arranged.

It is the intention to give a similar band concert every Friday evening at the grounds during the summer months. Weather and other conditions permitting the Band will give another open air concert Friday evening of this week.

At the request of Iroquois Falls yesterday, it was decided to postpone the baseball match in the district league scheduled for the Falls to-day. It was inconvenient for the Falls to have the game to-day and the Timmins boys agreed to deferring the match to accommodate the Paper Town.

FIRE CAUSES DAMAGE TO HOUSE AND FURNITURE

At 2.30 this (Wednesday) morning Dr. R. H. Brown was awakened, probably by the sound of breaking glass, and found his residence, at the corner of Pine street and Fourth Avenue, full of smoke and fire. He was alone in the house, his family being away on a visit, and he hastily made his way outside through a window and gave the alarm of fire. The brigade responded to his first call and quietly but quickly and effectively got in their good work. The fire had considerable headway being by this time well under way in kitchen, dining room and bedroom. The blaze was promptly extinguished by the brigade, but not before more than \$2,000 damage had been done to the house and contents through fire, smoke and water. Among the more expensive articles to be badly damaged was a high-class piano. Other furniture and furnishings in the house were also destroyed, the light construction of the building and the headway gained by the fire before discovery being primary factors in causing the serious damage. The origin of the fire is not known, the fire having such a headway when discovered that theories as to its original cause are naturally uncertain. Many at the Goldfields and other nearby places were awakened by the fire and some were alarmed when they saw the flames shooting out from the house. Others slept peacefully through the fire. The loss is covered by insurance.

Saturday evening of this week there will be a Gingham Dance at the Hollinger Recreation Hall under the auspices of the Hollinger Community Club. These Hollinger Community Club dances are proving unusually popular and pleasing. The Ice Cream Dance on Friday evening last was a big success. There was a big crowd and everybody had a dandy time. The music by the Holly Orchestra was a feature. The Gingham Dance on Saturday of this week will likely be even more successful. There will be good music, a nice line of refreshments, and everything else will be up to the high standard being set by Hollinger Community Club events.

SMALL FIRE LAST NIGHT IN MATTAGAMI DISTRICT

Some excitement was caused last night by the ringing of the fire bell shortly after nine o'clock. The alarm was from Box 51, one of the new boxes just installed. Inside of a few minutes there were literally thousands of people on the streets, there being a special nervousness these days in regard to fire. The fire team made a record getaway from the hall, but owing to a twist in the harness the team had to be stopped on Cedar street and the harness adjusted. This caused a few seconds' delay, but in the run down to Mattagami the new peppy team more than made up this little loss. The fire was at 17 Main street, Mattagami, and had no headway before the brigade got to it. The people had been fighting it with water, and the brigade gave it the knock-out with a dose from the chemical tank. The fire was caused by a lamp igniting a towel hanging on a wall, the flames running up the partition. The damage done was not serious, prompt attention avoiding loss and danger alike.

HAVE YOUR PALM READ! by the Lady from Jerusalem

She will tell you the past and present, even your character. No matter how many times you have had your palm read, have it read again. She will give you good advice. Don't fail to see this Great Lady. She will tell you the truth.
