"It Was Made in America, Sam"

Three or four days of insanity and terror—then death for the world. That will be the next war—if it comes, says Charles Selden in

THE LADIES' HOME JOURNAL

A saving of millions of lives and heartaches—of billions of dollars! Abolition of war! That is the hope for a perfected World Court—headed by the United States.

"World Destruction or a World Court" is the first of three articles beginning in the September issue. Europe is terrified by its own plans for the next war. Yet it has little faith in the World Court unless the United States joins it. Women's clubs and religious organizations have lined up for the Court. So The Journal, concerned, as always, with a question of world-wide

humanity, supplies basic facts essential to intelligent voting. What Mrs. Henry Ford has had to do with making her husband "the richest man in the world," the beginning of "The House of Broken Dreams," the first of a series on Business Women's Clothes—here are only a few of the features in one of the twelve issues that a dollar and a half pays for. And—

Each Issue is Entirely Different!

SUDBURY REVERSES ON IDEA OF HOCKEY GROUP

Doesn't Want One Group for All of N.O.H.A. This Coming Season, Though Proposed the Scheme Last Year.

Both Sudbury and Iroquois Falls have changed their opinions on the matter of having one group for Senior Hockey in the N.O.H.A. Last year Sudbury proposed such a group plan to comprise Sault Ste. Marie, Sudbury, Timmins and Iroquois Falls. The Falls joined with Timmins in opposing this plan as impractical on account of the expense and time lost by players. This year the roles are reversed, Iroquois Falls proposing the one group plan, and Sudbury objecting. The following from The Sudbury Star of last week explains itself:—

"Secretary Charlton, of the N.O.H.A., is sounding out the sentiment of the Sault and Sudbury hockey clubs with regard to the proposed 'one big league' proposition in the Northern Ontario hockey body during the coming season, a letter having been sent to the clubs asking for suggestions in reference to the present grouping muddle. Timmins is definitely out of senior hockey this year and this leaves Iroquois Falls alone in its glory.

"Last year the Falls kicked mightily when Sudbury was willing to come in on one big league, consisting of Sault Ste. Marie, Timmins, Iroquois Falls and Sudbury as an alternative to the big four scheme urged by the Sault, which would have included Fort William and Port Arthur, and to which Sudbury was opposed on obvious financial grounds. The Falls, at that time, raised objections to the long trip to Sudbury and the Sault and the big league project fell through as a result. Sudbury was not in love with the idea at that time but was willing to come in on it to accommodate the Sault, as the latter town was howling about the outlook of only having Sudbury to play with during the winter. As it turned out, the two-town schedule didn't work out too badly at all since the teams were evenly matched and big gates were the rule all the way.

"This year Iroquois Falls is up against it and there are indications that wires are being pulled to get the two southern group towns in on the old big league proposition, the Falls being this time, highly in favor of it. It has lost any attraction it ever had for Sudbury by now, however, and the local club will go on record as being absolutely opposed to the scheme. While Sudbury is sympathetic with the Falls in its predicament, the players unanimously state that they won't make the trip to the Falls owing to the great amount of time each trip will take, and the club is opposed to it on financial grounds as the gate would have to be large to pay the high expenses which would result. Here is how it would work out:

"The team would leave Sudbury at 6 o'clock Monday night, to take a hypothetical case, and would stay overnight in North Bay, leaving for Iroquois Falls next morning. The paper town would not be reached until late that afternoon and the team would be foolish to go on the ice that night after a whole day on the train. That would mean that the game would be played Wednesday night. The team would leave early next morning and could arrive back in Sudbury at 9:20 Thursday night. At least, three days would be lost. Had Timmins remained in the league it would not be so bad for the gold camp could be visited on the trip and a game there would make it more worth while, although two games in a row are none too attractive in a league schedule.

"From the standpoint of Iroquois Falls the scheme has everything to recommend it as their team could play Sudbury and go on to the Sault, making two games to the trip. There would be little financial risk involved thereby. It is well known that the Falls players, all in the employ of the Abitibi Pulp and Paper Co., could get the time off for the asking but with Sudbury it is different, where employers are put to considerable inconvenience by even the one day lost by the trip to the Sault.

"The two games per trip applies in some less degree to Sault Ste. Marie and it is possible that they may view the suggestion with favor, but Sudbury situated as it is, finds the idea far from feasible."

EUCHE AT REBEKAHS TOMORROW EVENING AT 8:30

Gold Nugget Rebekah Lodge No. 173, I.O.O.F., will meet on Thursday evening, Aug. 23rd, (tomorrow) for business commencing at 7:30. Euchre at 8:30.

TEXT OF THE REPORT OF THE CONCILIATION BOARD

The following is the report in full of the Conciliation Board in the Porcupine Wages difference, as submitted recently by the Board to the Minister of Labour at Ottawa. The report is self-explanatory:—

To the Honourable James Murdock, Minister of Labour:—Re the matter of the Industrial Disputes Investigation Act, 1907, and of a dispute between The Hollinger Consolidated Gold Mines, Timmins, Ontario, McIntyre Porcupine Gold Mines, Schumacher, Ontario, and Dome Mines, Limited, South Porcupine, Ontario, (Employer), and certain of their respective employees being miners, members of Porcupine Mine Workers' Union, (Employees).

The Board established by you under date of 17th of July, 1923, composed of Mr. Balmer Neilly, of Toronto, representing the Employers, and Mr. Thomas E. Ryan, South Porcupine, Ontario, representing the Employees, and Mr. E. McG. Quirk, of Montreal, appointed as Chairman in the absence of joint recommendation of the parties, have the honour to report.

The Board held open sessions July 24, 25, 26, 27 and 28, at Timmins, Ontario, and sessions in Ottawa Aug. 7 and 8.

Appearing before the Board on behalf of the employing companies were Messrs. A. F. Brigham, of the Hollinger Consolidated Gold Mines, Limited, H. P. de Penicier, of the Dome Mines Limited, and R. J. Ennis, of the McIntyre Porcupine Mines Limited. On behalf of the employees, Messrs. Norman McKinnon, William Melnis and George Kenty.

The nature of the dispute being one of a demand for increased wages, statements and arguments on this subject were submitted by the re-

spective sides and a number of witnesses heard.

A very serious effort has been made by the Board members to reach some common basis upon which an unanimous report could be presented and the threatened trouble avoided. It is with genuine regret, then, that we must report our inability to reach common ground.

Mr. Ryan is firmly and undoubtedly honestly of the opinion that, having regard for the high cost of living, high rents and the cost of fuel in Porcupine that the men are entitled to a substantial raise in pay, and only in an effort to reach common ground, did he concede a minimum raise of six cents per hour, or the re-establishment of the average scale in effect, prior to the last reduction in the Porcupine Camp.

Mr. Neilly is just as strongly of the opinion, based upon the evidence and facts available to the Board, that the wage scale now in effect, is fair and equitable and as high as the companies party to this dispute might reasonably be expected to pay.

The Chairman, unfortunately, finds himself in a position where he is unable to agree with the contention of either of the members.

The Board recognizes, however, that every dispute must eventually be settled, and in the end this controversy can only be settled by conference between the parties involved. Each must appreciate the loss entailed should a strike occur and the responsibility for delay or inaction must be borne by the party responsible.

Recognizing this as fundamental, the Board is unanimously of the opinion and recommends that the parties to the dispute, irrespective of whether they are members of the Porcupine Mine Workers Union, or not, get together, and further recommend that the proposed conference should take place not later than the fifteenth day

CHANGES IN OPEN SEASON FOR MIGRATORY BIRDS

Changes in the Regulations under the Migratory Birds Convention Act affecting the shooting of migratory game birds in certain provinces have recently been authorized by Order-in-Council.

Under the Order a further closed season throughout the Dominion has been provided for Wood Duck, extending until January 31st, 1924. A similar closed season has been provided for Eider Ducks, except that Eider may be shot in the Yukon and Northwest Territories during the regular open season provided for ducks in those localities.

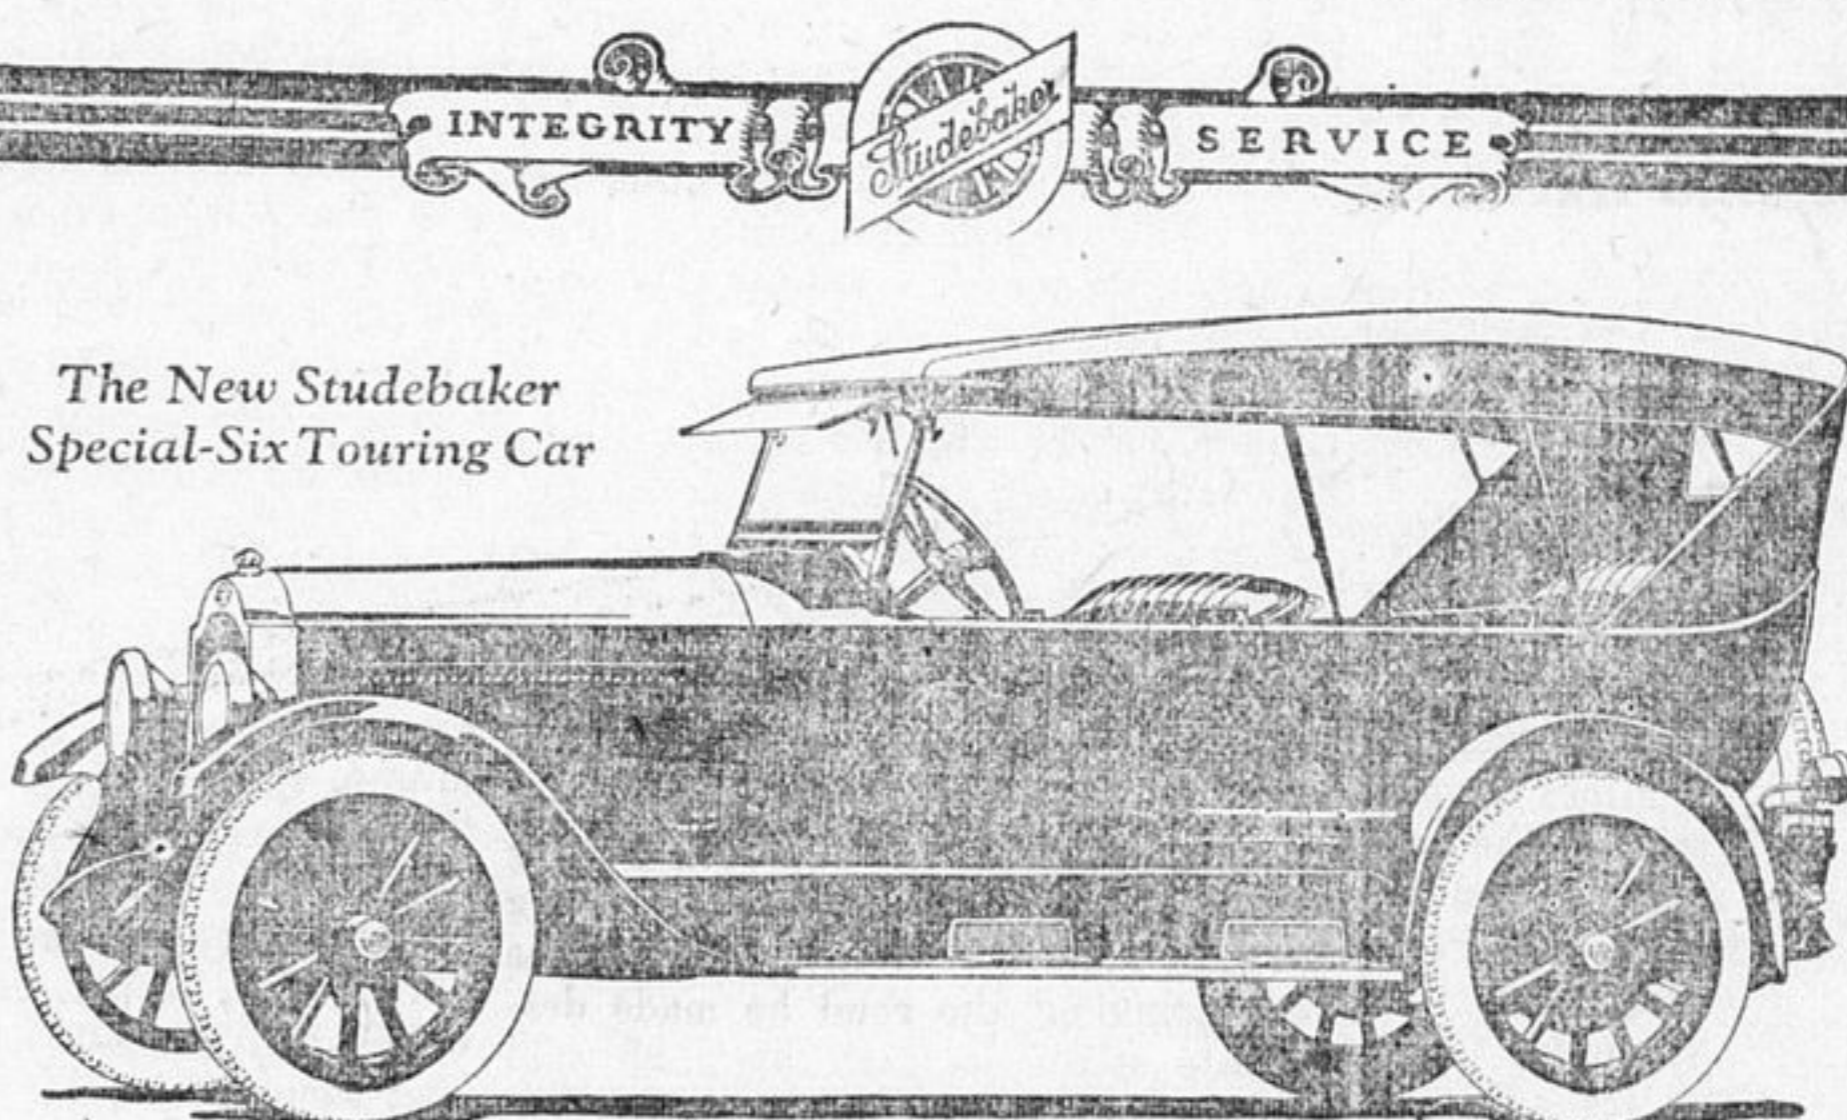

The open seasons provided by the Regulations under the Migratory Birds Convention Act for the season 1923-1924 for Ontario and Quebec are as follows:—

Ducks, Geese, Brant and Rails.—In Quebec: September 1 to December 14, both dates inclusive. In Ontario: September 1 to December 15, both dates inclusive.

Shorebirds or Waders, including only the following: Woodcock, Wilson or Jack-Snipe, Black-bellied and Golden Plovers and the Greater and Lesser Yellowlegs.—In Quebec: September 1 to December 14, both dates inclusive. In Ontario: September 1 to December 15, both dates inclusive, except that on Woodcock the open season shall be from September 15 to October 15, both dates inclusive.

Mr. and Mrs. Jas. E. Boyle, of South Porcupine, announce the marriage of their daughter, Margaret Elva, to Mr. Percival G. Clarke, the wedding to take place on Monday, Sept. 3rd.

of this month.
The whole respectfully submitted.
(Sgd.) E. McG. Quirk, Chairman.
(Sgd.) T. E. Ryan, Member.
(Sgd.) B. Neilly, Member.

The New Studebaker Special-Six Touring Car

Before you buy any car, see the STUDEBAKER 1924 MODELS

Studebaker presents its complete line of 1924 models with the conviction that they will increase the prestige of the name Studebaker which, for 71 years, has stood for the best in transportation, quality and value of product.

Into these 1924 cars are built every proved feature in design that makes for the comfort, convenience and safety of passengers, and many refinements that further enhance the value of a line of cars already highly perfected.

It is common knowledge in the steel industry that Studebaker uses only the highest grades of the finest steels. And the same is true of the electrical equipment, instruments, bearings, batteries, upholstery, finishing paints, tires and accessories used in Studebaker cars.

It is equally well known that Studebaker, with \$90,000,000 of actual net assets, including \$45,000,000 of plant facilities, is unsurpassed in ability and

resources to manufacture economically and give maximum intrinsic value for a given price.

Produced under these favorable conditions, the 1924 Studebakers are distinctly the finest cars and greatest values Studebaker ever offered.

These are not careless statements. They are facts that reflect the honesty and integrity of the manufacturer and its product just as they do the truth of Studebaker advertising.

The public has placed its confidence in Studebaker by accepting these facts, supported by the performance of Studebaker cars in owners' use. That's why Studebaker sales for the past six years have increased progressively each year and sales for the first six months of 1923 of 81,880 cars broke all six months' records.

Studebaker never cheapens quality to meet competition. The name Studebaker stands for satisfaction and service.

Power to satisfy the most exacting owner
