

There's a Lot to Be Taken Into Consideration

if you want to get the very best results when taking pictures. First there is the camera and your knowledge of how to use it; then come the films and the developing and printing.

We take a great deal of pleasure in taking pictures ourselves and feel that we have some valuable suggestions that we can offer you.

OUR CAMERA DEPARTMENT contains practically everything that the professional or amateur photographer needs, and our prices are always as reasonable as you can get anywhere, and in some instances more so. Let us help you make your pictures better. Our suggestions cost you nothing.

PATHE REVIEW

PATHE NEWS

Matinee Daily

Timmins and District Notes

Mr. J. P. Taillon left on Saturday for a vacation in the south.

Mr. Clement Gardiner, of New York, was a Timmins visitor last week.

Mrs. W. G. Smith and family are spending a month's holiday at Aurora and other points south.

Mr. and Mrs. C. G. Williams and family returned last week from a vacation in the south.

The Northern News of Cobalt last week says:—Miss Sophie Keddle, of the post office staff, left yesterday for a week's visit at Timmins.

The Haileyburian last week says:—Miss Agnes Chesser left on No. 47 Wednesday for Timmins, to take a position as telegraph operator there.

The Northern News, of Cobalt, last week says:—Miss Velma McCendie was in Cobalt this week from Timmins attending the funeral of her brother.

Mr. T. M. White, of the Bank of Commerce staff, returned last week from a fortnight's holiday spent at his home at London, Ont., and at other southern points.

Walter Bellsham, jeweler, of Cobalt, last week reported to the police that his store had been burglarized at night and goods to the value of over \$1000.00 taken.

Last week an unusual type of freight car passed south on the main line of the T. & N.O., this being a poultry car from Edmonton, Alberta. The car was specially fitted up with tiers for the comfortable carrying of chicks, and there were some 5,000 chicks in the car, all in good condition.

Several of the newspapers of the North Land are running short lists purporting to give the dates of Fall Fairs in the North Land. The Haileyburian seems to be the only one of these to list the Porcupine Fair, Sept. - 27th. The Porcupine Fair at Golden City is one of the very best, and newspapers are missing good information for their readers when neglecting to list the event. Since the fire the Haileyburian is brighter and better than ever and isn't missing anything for the advantage or interest of its readers.

Word received in town this week is to the effect that Mr. Allan Sykes, who received serious injuries to his back from the fall of a piece of rock while he was eating his lunch underground one day recently at the Hollinger, is now making satisfactory progress to recovery. After treatment here he was sent to Toronto for special hospital treatment, and all will be pleased to know that he is doing very well on the way to recovery.

DISTINGUISHED LADY GOLFERS HERE THIS WEEK

Miss Ada Mackenzie, of Toronto, Canadian Champion Lady Golfer, and runner-up in the American Open Ladies' Championship, and Mrs. Murray, of Toronto, President of the Canadian Ladies' Golf Association, and two other distinguished lady golfers, will be in town this week-end, and will give exhibition matches at the course here. Lady golfers in Timmins will find the visit of these expert golfers of most unusual interest and there will no doubt be a very large attendance at the ladies' golf on Friday to welcome the visitors. Mrs. Murray will give an address on golf to the Friday afternoon gathering of lady golfers, and there will be special interest in this feature. During their stay in town the visiting golfers will be the guests of Mrs. A. F. Brigham.

Fire Chief Borland and family are expected back this evening from their vacation visit to the south.

Mr. T. F. King returned on Saturday from a holiday visit spent in the south and east.

Mr. Thos R. Jackman, of Toronto, spent a few days in the Camp last week.

The next regular meeting of the Town Council is scheduled for Monday afternoon, Aug. 27th, at 4 p.m.

Mr. T. M. White, of the Bank of Commerce staff, returned last week from a holiday visit to the south.

Mr. Peter Maclaren, of Toronto, who is interested in a number of Porcupine properties of promise, was a visitor to the Camp during the past few days.

The Sudbury Star last week says:—Dr. and Mrs. W. H. Mulligan, and daughter, Mary Patricia, are visiting Mrs. Ed. Keeley (nee Irene Mulligan), at Timmins.

Sympathy will be extended to Mrs. Patriek in the death of her mother last week in Scotland, the sad news reaching here by cable.

According to word received here this week, North Bay is changing its Chief of Police, Chief Morbey, formerly of Iroquois Falls, and recently at the Bay, leaving his present position.

Mr. Jack White, formerly of the Imperial Bank staff here, but now treasurer and chief salesman for the Sterling Sales and Service Co., of North Bay, was a visitor last week to town on business and was warmly greeted here by hosts of old friends and acquaintances.

A despatch on Thursday last from Fort William said that the Provincial Police were taking Gerald Mahoney, aged 19, to Cochrane, on suspicion of implication in the death of little Monica Foster some weeks ago. There is no information to hand as to the grounds on which this arrest was made, as it was generally understood that the police had been left practically without clues to work from in this case.

A three-year-old little girl was lost for a few hours Thursday of last week, but fortunately fell into very kind hands and so had nothing to worry about, though the parents no doubt had their share of anxiety until the lost child was located. Again, it is well to emphasize the idea that both those "losing" a child or those "finding" should notify the police at once. If this were always done, there would be a handy and speedy way for restoring the lost to their homes.

The Sudbury Star last week says:—"Messrs. Frank Kehoe, of Timmins, and P. Gillis, of Tionaga, were guests over the week-end with Judge and Mrs. Kehoe, Regent St., en route home, after spending Discovery Week at Sault Ste. Marie."

EXPERTS FROM LADIES' GOLF UNION TO BE HERE

Four ladies from the Ladies' Golf Club Union of Ontario will visit here this week and will play exhibition games on the local course on Friday afternoon. A particularly large attendance of the lady golfers of Timmins is desired for the event, to welcome the visitors and also to take advantage of the opportunity to see some specially distinguished playing. All members of the Timmins Ladies' Golf Club should be present on Friday afternoon.

In the Ladies' Golf last Friday Mrs. M. B. Scott won the first flight and Madame Louise the second.

The British Empire Forestry Conference visited Iroquois Falls on Saturday last week. In the party were representative men from all over the British Empire, those interested in forestry in every section of the world-wide empire being represented in the group now touring the Dominion. Iroquois Falls, as usual, did itself proud in welcoming the distinguished visitors.

"IN THE PUBLIC EYE" BY Curtis Optical Co.

LET US SAFEGUARD YOUR EYES

If any of the delicate muscles, lenses or coatings of the eye are fundamentally abnormal or become so from age or over-strain, the vision becomes imperfect and corrective glasses should be prescribed by a competent optometrist. If your eyes are deficient we will furnish you with the lenses that will bring back the clear vision that you long for.
