### A.S.D. TEAM AGAIN SHOW WINNING FORM IN 'SOFT BALL'

On Monday evening Bill Smith's team of Married Men went down to defeat at the Athletic Grounds here before the champion A.S.D. Team in the local soft ball league. The game played on Monday was a return one to give the married men a chance to even up after their disastrous defeat last week, when the youngsters trounced them to a fare-you-well. Bill wasn't taking any chances on the champions beating him again and he accordingly went after some of the Senior N.O.B.A. players to strengthen his line-up, but the game on Monday proved that the A.S.D. team can play soft ball somewhat better than the benedicts.

The ninth innings was the best in the game. The Married Men went to bat first, with a lead of one run on their opponents, and this was increased by four before the last man went out stealing second. The A.S.D. team went to bat and won out after George Carson scored his second home run in the game.

The batting of Tate, Ritchie and Carson were features of the game. Carson and Leamen each broke a bat, trying to drive the ball through the clouds, Leamen driving to second, and Carson circling the diamond, on his effort.

The line up was:—

### BOARD OF TRADE OF NORTH BAY "TELLS THE WORLD"

The North Bay Board of Trade has recently issued a handsome booklet setting forth the virtues and advantages of the Town of North Bay. The booklet is an attractive one; beautifully printed in two colours. A map and a number of illustrations add to the interest and effectiveness of the booklet. The booklet presents North Bay as a budding city of 12,500, "the key to the growing West and the glowing North, beautifully located on one of the largest and most fascinating fresh-water lakes in America, Lake Nipissing," "the leading tourist centre of Northern Ontario," "the gateway to the North," and an unequalled centre for nearby fishing, hunting and pleasure resort purposes. Details are given as to neighboring fishing waters and hunting grounds, with a review of the open seasons and other particulars. Scenic trips by railroad, auto, steamer and canoe are indicated. Interesting information is given about North Bay, its history, industries, advantages and importance. North Bay is pleasantly depicted as having "unexcelled educational facilities," and being Northern Ontario's headquarters for the largest distributing houses of Canada and the United States, and the logical distributing centre to points North, South, East and West. North Bay is now linked by good motor roads with Canadian and United States National highways and hopes soon to be also on the Trans-Canada highway and on the highway under promise from North Bay to Cochrane. The booklet assuredly presents North Bay in a very desirable light and gives innumerable interesting facts in concise way, and the North Bay Board of Trade deserves much congratulation and commendation for the effective publicity given by this pamphlet to the town of North Bay.

Mr. J. S. McGuire left last week for a two weeks' holiday in the south. He will visit Toronto, Orangeville, and other points, and of course will take in the lacrosse matches, especially those in which his old home-town of Orangeville figures.

## 55.4 Miles to the Gallon Can You Beat That?

CHEVROLET owners themselves have proven beyond all doubt their claims that Chevrolet is the most economical car in the world to operate.

55.4 miles to the gallon of gasoline is an almost unbelievable record, yet this record was made under such observation that there can be no doubt of its accuracy. We will be glad to give you full details of the test.

This record does not seem so remarkable when it is known that the mileage obtained by the many cars entered in the Chevrolet Economy Contest was

### An Average of 34 Miles to the Gallon

If Economy, Appearance, Durability, Price and Comfort mean anything to you see Chevrolet first.
