

**FIRE DRILL AT PUBLIC SCHOOL TUESDAY AFTERNOON**

There was a regular fire drill held at the Public School on Tuesday afternoon, and all interested in the safety of the children will be pleased at the result. The whole school was completely emptied in exactly two minutes, Principal Day and the teach-

ers of the other classes getting all the youngsters out in that brief time without the slightest disorder or excitement. The drill would suggest that in case of a real fire or any danger of other kind, the discipline and control is sufficient to assure the safety of the children. Fire Chief Borland held a stop watch to time the youngsters in the drill, and the

Fire Chief was well pleased with the drill throughout, and thought that the Principal, the teachers and the pupils all deserved credit for the orderly and effective way in which the school was emptied in so short a time.

Mrs. B. T. Stock, Gordon Block, has just returned home from a two months' holiday spent in the States.

**WELL-KNOWN FALLS HOCKEY PLAYER WEDDED LAST WEEK**

Friends in Timmins and district will extend sincere good wishes to Mr. W. Brydger of Iroquois Falls on the occasion of his recent marriage. The following is from The Broke Hustler, Iroquois Falls' own newspaper:—

On Wednesday morning Sept. 5th at St. Mark's Anglican Church, the daughter of Mr. and Mrs. Spence, to William Henry son of Mr. and Mrs. John Brydger, New Liskeard, Ont. Rev. W. P. Griffiths officiating.

The bride who was given away by her father, wore a white canton crepe gown with veil arranged in ruche effect with coronet of orange blossoms, and carried a shower bouquet of Ophelia roses and Lily of the valley. She was attended by her sister Miss Marion Spence, in a gown of grey canton crepe with hat to match, and carrying a bouquet of Columbia and Sweet heart roses. The Wedding March was rendered by Miss Margaret Little who was gowned in salmon pink taffeta, with overdress of gold lace and black picture hat. The brides mother wore a gown of grey canton crepe, with corsage bouquet of purple violets.

The groom was supported by Mr. Elliott Little. After the wedding breakfast, Mr. and Mrs. Brydger left on a trip to Buffalo and Sarnia, travelling from there by boat to Port Arthur where they will reside. The bride wore a navy blue suit of poriet twill with grey hat and cross fox fur, the gift of the groom. The groom's gift to the bridesmaid was a diamond pendant, and to the best man a pair of gold cuff links, and to Miss Little a pearl necklace.

**OPENING DANCE AT McINTYRE HALL ON SEPTEMBER 24TH**

The many who enjoyed the pleasant dances last season at the McIntyre Recreation Hall will be delighted to note that a new series is commencing, the opening dance to be held on Monday, Sept. 24th. The McIntyre Orchestra will be in charge under the same management as last season. Dancing at 9:15 p.m. Refreshments served. In view of the discontinuance of the dances at King's Hall, the popular events at the McIntyre Hall, Schumacher, will no doubt draw unusually large attendance this season from Timmins.

**TWENTY MEN ARRESTED IN TWO RAIDS BY POLICE**

Saturday evening Chief Greer and his gallant boys raided two buildings where it was suspected, or more, that gambling was being carried on. One was a well known foreign boarding house where the police found a fair-sized game apparently in progress. At this place seven men were taken in charge. The other place raided was a basement beneath a Third Avenue poolroom. Part of this basement appears to be fitted up specially for some purpose like that suspected. Entrance is made at the rear and there is a door at the entrance fitted with a sliding panel through which a man on watch may inspect those seeking entry. At this door Saturday night the police were stopped, but as they were in civilian clothes and earnestly begged for hurried admittance to avoid the rain, they managed to lull the suspicions of the guardian of the door and gained entrance to the place where there was evidently a big game on. Here they found cards, money on the tables, playing tables, and many other accessories that are considered desirable for the running of games. Also they found thirteen men, which seems to be an unlucky number for somebody. The thirteen were taken in charge and with the seven secured in the other raid, arithmetic suggests that there are twenty to face charges

**REPAIRS MADE TO ROAD AND APPROACH TO BRIDGE**

On Aug. 6th an automobile accident occurred at the small bridge on the road west of the bridge over the Mattagami River, the accident resulting in the death of a woman who was one of the occupants of the car at the time. At the enquiry into the death of the woman, the coroner's jury in the verdict returned made the suggestion that the accident might have not occurred had the road at this point been wider or if the approaches to the bridge had been properly protected by a guard rail. Since the inquest the Government Roads Dept. has seen to the following out of the jury's suggestion to prevent the chance of any further accidents near this bridge. The approaches to the bridge have been properly filled in and the road widened considerably at each side. Precautions have also been taken to prevent the falling away of the part thus filled in. In addition a guard rail has been erected on the approaches to the bridge on each side, and the possibility of a similar accident to that occurring on Aug. 6th is now practically removed.

of gambling at Thursday's police court. By Sunday night bail for the whole twenty had been put up and all released until tomorrow. In the case of each one charged with gambling the bail was set at \$40.00 per head.

**CLIPPINGS FROM THE "CUT-UPS"**

**THE REAL THING**

Lady, (just returned from Egypt, and showing curious souvenirs)—“I bought this scarab from an Arab boy, who assured me he had stolen it himself during the excavations in the temple. And I'm sure it must be genuine, because he had such an honest little face.”

**REAL SPEED**

An old yokel saw a motor car for the first time in his life. It came dashing up the main street, and disappeared in a cloud of dust. “Well,” said the yokel, “the horses must have bin goin' a good speed when they got loose from that carriage.”

**FATHER'S DAY**

Father peeled off five dollars for the gas bill, three dollars for the electric light, three dollars for the telephone, two dollars for the youngster's music lessons, twenty dollars for table expenses, etc., and when Mother asked him for twenty extra this week to buy things she needed after the housecleaning, he started to sing: “When the roll is called up yonder, I'll be there.”

**HELPFUL SERMON**

A bishop of the Methodist Church relates the following experience:—After the service one Sunday morning he was approached by an old lady who expressed great appreciation of his discourse. “Why, bishop,” she said, “you can never know what your sermon meant to me. It was just like water to a drowning man.”

**1924 MODEL**

THE STUDEBAKER LIGHT-SIX FIVE-PASSENGER TOURING CAR \$1395

## 130,000 Owners Know the Value of this Studebaker

Every unit in the new 1924 Studebaker Light-Six Touring Car has proved its dependability in public use.

There are refinements and improvements, of course, but the underlying principles of design and construction which have made enthusiasts of 130,000 purchasers of this model in three years' time, are not radically changed.

The 1924 Light-Six is practically free from vibration. Studebaker accomplishes this largely by machining the crankshaft and connecting rods on all surfaces. This is an exclusive Studebaker practice on cars at this price—and is found only on a few other cars—and they're priced above \$3,500.

Absence of vibration prolongs car life, causes slower depreciation, reduces the cost of operation and adds to the enjoyment of driving.

Aside from its mechanical excellence, the Light-Six is handsome in design, extremely comfortable, sturdy and economical to operate. It is powerful, speedy, has a pick-up range that is seldom taxed and never exhausted, is easy to handle and convenient to park.

Its enameled all-steel body, one-piece, rain-proof windshield, ten-inch cushions upholstered in genuine leather, and cowl lamps are among many features heretofore to be had only in higher priced cars.

For 71 years the name Studebaker has stood for unflinching integrity, quality and value.
