

Mr. W. C. Mitchell, manager of the local branch of the Bank of Montreal since the opening of the branch in Timmins, left on Saturday to take up his new duties as one of the supervisors of branches. Mr. Mitchell will be followed by the best wishes of the hosts of friends he has made here. Mr. J. W. Wallace, recently of the Temiskaming, Que., branch, is the new manager in charge of the Timmins branch.

WEDNESDAY Bulletin

Monthly examinations were held in the different departments of the Timmins Business College last week. The following marks were granted.

Short-hand Dept.—Adrian Major of Timmins was successful in receiving an honorary pass mark of 86%. Amanda Isnor, 69; Arthur Service, 62; Anna Valve, 60; Audrey Slater 59; Margaret Cole 58; Laina Hughtalo 58; Mrs. N. Jondreau 56; Betty Allen 52; R. Gegerre 48; Mary Everett 41; Marjorie Craig 40; Edith Garvey 38; Ingrid Hakala 36; Betty Paice 34; Gladys Hughes 30; Pearl Grant 29; Segal Joseph 29; J. M. Fortier 24; Irene Taplin 23; Noel Fournier 22; M. Chretien 12.

Typewriting—Adrian Major is again successful in getting honorary pass mark 90%. Mary Everett 76; Amanda Isnor 72; Marj. Craig 71; Betty Paice 68; Mrs. Jondreau 66; Pearl Grant 62; Anna Valve 60; Edith Garvey 56; Margaret Cole 50; J. M. Fortier 44; Irene Taplin 36; R. Gegerre 23.

Spelling—Two students were successful in securing the 100% mark, Miss P. Grant and Miss B. Allen. Gladys Hughes 98; M. Cole 98; Audrey Slater 94; Anna Valve 94; Amanda Isnor 92; Betty Paice 92; Laina Hughtalo 92; N. Jondreau 90; Ingrid Hakala 90; M. Everett 90; Edith Garvey 88; Arthur Devine 88; Segal Joseph 84; Marjorie Craig 80; R. Gegerre 76; Adrian Major 72; J. M. Fortier 60; Eugene Robitaille 52; Percy Langlois 34; Irene Taplin 16.

Bookkeeping—R. Gegerre 76%; Arthur Devine 53; Marjorie Craig 30; Adrian Major 36; Eugene Robitaille 23; Segal Joseph 19; J. M. Fortier 18; Percy Langlois 17.

The above are the first monthly tests to be given this term. They will be held on or about the last day of each month in future.

Many applications have been filed at the College Office for enrolment within the next month in both the Day and Night Classes. Owing to our individual methods of instruction students may enroll anytime in the year, but as the College space is limited application for reservations must be filed immediately.

DO NOT MISS "THE WOLF" TO-NIGHT AND TO-MORROW

It is not often that the people of Timmins and district have an opportunity to see a first-class dramatic event here, and all such opportunities should be naturally appreciated. For this reason there should be bumper houses at the New Empire Theatre to-night and to-morrow (Wednesday and Thursday) for the presentation of "The Wolf." The cast is a particularly capable one and the rehearsals suggest a very effective and pleasing presentation. "The Wolf," is a drama of the Canadian North, with all the strong points that give power to a play. It has humor, thrills, pathos and philosophy. With capable presentation "The Wolf" will not fail to please and interest all. It is an event not to be missed. "The Wolf" is being presented under the auspices of the St. Anthony's Altar Girls' Society of the R.C. church.

ANOTHER COURT FINDS AGAINST CO. FOR BONUS

In the autumn of 1920 an offer is said to have been made by D. M. Gilpin, a director of the Skeggs Gold Mines, Ltd., that \$1,000 would be given to the first man to find gold. Thos. Grier, a Kirkland Lake prospector, found gold and claimed the money. The Company said that Mr. Gilpin was personally responsible for the promise. Mr. Grier sued both Mr. Gilpin and the Co., and got judgment against both. An appeal was made and a new trial ordered. The result of the second trial was the same as in the first. A second appeal was made to the Appellate Division which has dismissed the appeal of the Company but allowed that of Mr. Gilpin. This means that the Company is now required to pay Mr. Grier the thousand bones.

ARLIE MARKS COMPANY AT NEW EMPIRE NEXT WEEK

Miss Arlie Marks, a favourite Canadian comedienne, and her big company of players, will be at the New Empire Theatre all next week beginning on Thanksgiving Day, afternoon and evening, at which time she will present a delightful new romantic comedy entitled, "When Dreams Come True."

Each evening during the week a new play will be presented and each evening, between the acts of the play, a new and pleasing vaudeville programme will be introduced by Arlie Marks' Scotch Lads and Lassies; Lindsay E. Perrin, favourite Comedian and dancer; De Luma and Ad Del, polite entertainers; Irene Allison, dainty dancer and songstress.

Popular prices have been arranged for this engagement and seats may be reserved at Meyer's Drug Store. The plan opens to-morrow. A real welcome always awaits Miss Arlie Marks and her players in this district and no doubt there will be big houses at the New Empire next week.

CONIAGAS READY TO SPEND A MILLION ON THE NEWRAY

In the daily newspapers recently there have appeared bold-headed articles proclaiming that the Coniagas is ready to "gamble a million dollars on the Newray." This is a sensational way of stating what seems to be a fact,—that the Coniagas Co. have such faith in the Newray that they will be willing to keep on work on the property until the expenditure reaches around the million dollar mark. The Coniagas Co. need not be accused of any gambling in the matter. It is more likely that the work and expenditures will be found to be founded on simple business principles. Less than eight months ago the Coniagas started active work on the Newray. Extensive diamond drilling has been done, a power transmission line has been built, compressors installed, steel head-frame put up, around 500 feet of sinking, close to 1,000 feet of drifting etc., and other work carried on. The total expenditures to date are said to be around \$125,000. From this expenditure it is said very pleasing results have been obtained; so much so, indeed, that further expenditure should not be termed a "gamble." The results of the work done by the Coniagas to date are understood to fully justify every confidence in the chances of the Newray becoming a producing mine of importance. This desirable result is likely to be achieved at the present rate of progress long before the million dollar mark is reached in expenditure. The Newray has had its ups and downs in the past, but many old-timers have never lost their faith in the ultimate triumph of this property over all handicaps. With the backing of the Coniagas as suggested by the present attitude of that Cobalt Company, there will be a general belief that in the not distant future Newray will be established as another of Porcupine's profitable producers.

PRESIDENT OF ABITIBI COMPANY PASSES AWAY

Death of Mr. F. H. Anson at Montreal Removes Courageous Friend of the North Land.

Mr. F. H. Anson, President of the Abitibi Power & Paper Co., died at the General Hospital in Montreal on Thursday last, Nov. 1st, at the age of 61 years. He was ill only a few days. On Oct. 29th, he attended a meeting of the Abitibi Co. directors at New York, and appeared then in his usual good health. On his way home to Montreal he was taken ill on the train, and an operation was found necessary. Death from pneumonia followed the operation made necessary by stomach ulcers. All that medical skill and attention could devise, including transfusion of blood was resorted to but without avail.

The funeral was held on Saturday at Mount Royal Cemetery at Montreal, the services being conducted by Very Rev. Dean Carlisle. There were also special services at Iroquois Falls churches, the late Mr. Anson holding the sincere affection of all at Iroquois Falls, and the people there viewing his death as a personal loss.

The late Mr. Anson was a helpful friend of the North Land. The noblest monument that he will leave will be the Town of Iroquois Falls and its great industry. These, largely by his efforts, his vision, his faith and his courageous business ability, were built from a northern wilderness. He organized the Abitibi Power & Paper Co. and from what financial men were once tempted to sneer at as a dream he built one of the largest paper industries in the world and organized and financed one of the best of Ontario's model towns. While his interest was naturally centered in the Abitibi Co. and its employees and their families, the late Mr. Anson had a broad sympathy and a helpful spirit for all the North Land. In his passing the whole North loses a true friend and helper. The late Mr. Anson had wide vision, unflinching faith and courage, the faculty for picturing men and loyalty to the men he picked. In a few brief years he built up a great industry and established a town of homes in the North Land. He will be missed, but the good work he started, and carried on so well, will be continued because of his talent in choosing men of talent and winning their faith and loyalty. The outstanding facts in Mr. Anson's life may be summarized as follows:—

Short Biography of Late Mr. Anson

Born at Bellevue, Michigan, October 26th, 1862.

Attended University of Minnesota.

In 1882 entered milling business with his father in Minneapolis.

In 1885 joined Northern Pacific Railway as General Freight and Passenger Agent.

Joined Wisconsin Central Railway as General Agent in St. Paul and Minneapolis.

In 1890 went to South America as General Manager of the Orinoco Co.

Joined Consolidated Milling Co. in Minneapolis as Manager of Foreign Dept.

In 1900 went to Montreal as Manager of Foreign Dept. of Ogilvie Flour Mills.

In 1903 became General Supt. of same company.

In 1912 became Vice-President and Managing Director of Atlantic Sugar Co.

In fall of 1912 organized the Abitibi Power and Paper Co.

MISCELLANEOUS SHOWER FOR BRIDE ON MONDAY

Mrs. A. Leach was the hostess at a miscellaneous shower at the home of her mother, Mrs. Archer, Maple street, on Monday, Nov. 5th, in honour of Miss Vansickle, a prospective bride. Twenty-five guests were present for the occasion. The table was decorated with a Kewpie Doll from which hung blue streamers and small place cards. The gifts, which were many and beautiful, were placed in a richly-draped basket and this was drawn on a small wagon to the colonnade by Miss Dorothy Leach, dressed as a bride, and Master George Jeffries, as a groom. Music and games were enjoyed, after which the guests sat down to a dainty lunch.

The many friends of Mrs. F. C. Evans, of South Porcupine, will be pleased to know that she is now making excellent progress to recovery from her recent illness.

BUSINESS COLLEGE ATHLETIC CLUB DANCE ON NOV. 29TH

A Dance is announced to be held in the Masonic Hall on Thursday evening, Nov. 29th, under the auspices of the Timmins Business College Athletic Club. The proceeds of the event are planned to secure equipment for the hockey team being organized by the Business College Athletic Club. Wolno's Orchestra will furnish the good music for the occasion.

PRESENTATION TO MR. AND MRS. N. J. EVERED LAST WEEK

Previous to the departure of Mr. and Mrs. N. J. Evered for the south, a number of friends gathered last week to express their regard for Mr. and Mrs. Evered and their regret at their intended departure from the Camp. Mr. and Mrs. Evered are among the most popular of the valued old-time pioneers of the Camp and they have hosts of friends here who will miss them greatly. On Wednesday evening, some of these friends presented Mr. and Mrs. N. J. Evered with a handsome silver service set together with an illuminated address expressing the regard in which their friends in Porcupine hold them and the good wishes with which they are followed. After the presentation a very happy social evening was enjoyed, the only handicap being the knowledge that the district was so soon to lose these estimable citizens and good friends.

Mr. and Mrs. Evered left last week for the south. For the present they will likely take residence at Haileybury. All will be pleased to know that Mr. Evered will be a frequent visitor here, as he is consulting engineer for the Vipond and a number of other properties in the Camp.

PLEASING ENTERTAINMENT BY HIGH SCHOOL PUPILS

On Friday evening last, Nov. 2nd, the High School students gave a very pleasant evening concluding with a dance, the event being held in the Timmins Central School. Mr. D. Ostromer was chairman for the occasion and brief but appropriate addresses were given by Rev. R. S. Cushing and Rev. J. D. Parks.

The programme was one that provided a very enjoyable evening for all present and reflected the greatest credit on the talent of the pupils of the High School. Every number was specially good. The pupils adopted clever special names for the occasion, the programme being announced as follows:—Selections, by the Timmins Symphony Orchestra; "The Ghost's Warning," by the Life-Boys of Form II; Reading, by Miss Stevenson; Piano Solo, by Kathryn Can-Have-Nerve; Vocal Solo, by Mildred Kodak; Piano Solo, by Margaret How-Come; Speech, by Jack Cuff-Bert-Some-More; Vocal Solo, by Rosina Merry-Christmas; Vocal Duet, by Lucy Give-Us-More and Valeen Use-a-Slate; Reading, by Emanuel Abe-Ran-So; Vocal Duet, by Mildred Kodak and Myrtle Snow-Cousins; Violin Solo, by Barton Dutelman.

TIMMINS MALE CHORUS AGAIN DELIGHTS ALL

The concert given Sunday evening in the New Empire Theatre by the Timmins Male Chorus added to the high reputation and popularity of that excellent musical organization. The theatre was filled for the occasion and all present were well pleased with the splendid programme furnished. The capable work of the Chorus under the leadership of Mr. R. R. Johnson met with special approval. The opening selection by the Chorus was a pleasing one and very effectively given, and the following numbers were up to the same high standard. "Deep River," "Drink to Me Only with Thine Eyes," "The Long Day Closes," "The Beleaguere," and "The Border Ballad," were all well rendered and much appreciated. Mr. J. K. Moore's solo made a hit and he was enthusiastically encored. In responding with "Neptune," Mr. Moore made another hit by an effective selection well given. Violin selections by Mr. C. Hornby delighted the audience, and Mr. Hornby's talented violin work was much appreciated. A special number was the well-rendered quartette by Messrs. Snow, Dodge, Burhill and Hefferman. Mrs. J. W. Faithful, as accompanist, assisted materially in the successful presentation of the numbers by the Chorus. Mr. T. F. King acted as chairman for the evening, and, before the meeting closed, Mr. King referred to the benefits of the Timmins Male Chorus and urged any singers who were not members to join the chorus and so secure the advantages of the practice and training as well as adding to the public advantage that comes from such musical organizations.

TIMMINS NOTES

The annual meeting of the N.O.H. A. is to be held at North Bay on Saturday of next week, Nov. 17th.

Among the visitors to the Camp last week were Mr. Balmer Neilly, Secretary of the Canadian Institute of Mining and Metallurgy, and Mr. T. Godson, K.C., Mining Commissioner.

On account of the second Monday of the month falling on Thanksgiving Day, a public holiday, the next regular meeting of the Timmins Town Council will be held on Tuesday afternoon next, Nov. 13th, at 4 p.m.

About a dozen witnesses from here have been served with the required papers requiring their presence at Cochrane on Friday of this week, Nov. 9th, for the trial of Frank Dingwall, of North Bay, on a charge of criminal negligence arising from the automobile accident in Mountjoy.

BIG CROWD AT DANCE AT SCHUMACHER LAST NIGHT

There was an unusually large attendance at the special opening dance under new management at the McIntyre Recreation Hall on Tuesday evening of this week, with Mrs. Davis as hostess. The Blue Ribbon Jazz Orchestra in latest novelty and dance music made a hit. Much interest was created by the dance prizes. Mr. Albert Pigeon and Miss Agnes Angrignon were the couple winning one prize and Mr. W. H. Wilson and Madame Louise the winners of another. Mr. Eddie Angrignon and Miss Ida Golin were also among the prize winning couples.

EXPLOSION AT MINE RESULTS IN DEATH OF TWO

Thursday last an accident occurred at the Hollinger which resulted in the instant death of one man and injuries to another man from which he died a couple of days later. An inquest was held Tuesday, Coroner H. E. Montgomery presiding and Mr. T. F. King being the foreman of the jury. There was no direct evidence as to exactly how the fatality occurred, but it is surmised that one of the men may have attempted to investigate a section that had just been blasted and that his lamp may have come in contact with a fuse or powder causing the explosion. The one man was instantly killed, being in front and getting the force of the explosion. The other man was injured by flying rock, his throat being cut and other injuries sustained. He was given prompt first aid and hurried to the hospital where everything possible was done for him, but he died later. The jury this week returned the following verdict:—"That Pasquale Dorogio came to his death on Nov. 1st, at about one o'clock noon at the Hollinger Mine, and that L. Toffali died on Nov. 3rd, 1923, from wounds received on Nov. 1st at Hollinger Mine. We find the cause of both men's deaths was an explosion caused by a lamp coming in contact with a fuse, detonator or powder in hole. We cannot find any one at fault for the accident."

DEATH OF MRS. M. DOWNEY AT TORONTO ON SATURDAY

Innumerable friends in the town and district were grieved to hear of the death of Mrs. M. Downey at Toronto last Saturday evening. Mrs. Downey had been ill for some months past and a couple of weeks ago on the advice of her medical attendants she was taken to Toronto General Hospital for treatment, her son, H. R. Downey accompanying his mother to the city. A few days after her condition was so serious that her husband and oldest daughter, Miss Mary, were sent for. In a few days however, Mrs. Downey showed marked improvement, and Mr. Downey and Miss Mary returned home. Saturday evening, however, a wire reached here telling of Mrs. Downey's death. In addition to the bereaved husband, seven children survive, the children being: Mary, Hugh Robert, Lorraine, Pat, Elizabeth, Michael and Tessie. A brother, Mr. G. Lapolice, of town, and two sisters, Mrs. Roney of Pembroke, and a sister living at Goudreau, also are left to mourn her loss. The funeral takes place to-day at her old home in Des Joachims, Que. The late Mrs. Downey was well-known, and very highly esteemed by all who knew her. The family lived here for several years, Mr. M. Downey being one of the best-known employees of the T. & N.O. Railway train service. To the husband and family and all near relatives and friends the very sincere sympathy of all here will be extended in their deep loss.

The man who writes you an anonymous letter and signs it "a friend" is either a liar or a coward, and perhaps he is both.

ALBERTA GOES "WET" BY LARGE MAJORITY VOTE

Although complete returns are not yet in, it is now certain that in the voting on Monday this week Alberta favoured the "Wet" side by a large majority. This vote will upset the prohibitory legislation now in force in the Province of Alberta, and a system of Government control of liquor will be introduced.

That the names of a large number of women entitled to vote have been left off the Cobalt Voters' List is the suggestion made by the Northern News. The News says:—"Although by an amendment to The Municipal Act, passed by the Drury Government during its term of office practically all husbands and wives in the town are given vote at municipal elections, a considerable number of Cobalters are likely to be disfranchised in January unless there is something in the nature of an avalanche against the Voters' Lists for the present year." Apparently Timmins is not the only place where there is talk about names left off the Voters' List. Here, after all the manufactured agitation, only 24 names were required to be added to a list of over 2,200. It remains to be seen whether Cobalt's list is really incomplete, or whether there is just talk going on.

Here and There

Russia has more illiterates, and at the same time, more bookshops than any other country in Europe.

The largest consignment of silk from the Orient for many months, consisting of 5,500 bales, valued at \$9,000,000, formed part of the cargo of the "Empress of Russia" recently.

A shipment of silk from China, consisting of ten carloads, valued at two million dollars, went forward from Vancouver to New York under special guard over the Canadian Pacific lines recently.

The first of a series of six new seaplanes being constructed for the Canadian Government has just been delivered. The new planes are to be used in forest patrol for the prevention of destruction by fire.

Following the disastrous earthquakes and fires which devastated large areas in Japan, the Canadian Pacific liners "Empress of Canada" and "Empress of Australia" were thrown open to the accommodation of thousands of refugees, while the officers and men of the vessels did splendid work in organizing and assisting rescue parties.

The rapid increase in the export butter trade of Saskatchewan during the past year or two, has been the outstanding feature of the Provincial dairy industry. Recently the Saskatchewan Co-operative Creameries made a shipment of 25,000 lbs. of butter to China.

For almost two decades the major portion of the world's supply of cobalt has been derived from the silver-cobalt-nickel arsenides of the Cobalt district, according to figures compiled by the Dominion Bureau of Statistics. The cobalt production of Canada in 1922 was 569,960 pounds, which at \$3.25 a pound, would be worth \$1,852,370.

Canada's trade within the Empire is increasing. For the twelve months ended July, Canada exported to other parts of the Empire goods amounting to \$453,437,899. This is in comparison with \$354,992,074, the figure for the corresponding twelve months previous. Imports from British Empire countries during the two twelve months' periods were: Ended July, 1923, \$195,811,190; ended July, 1922, \$153,185,581.

A wheat crop of 382,514,000 bushels is forecasted in a report issued by the Dominion Bureau of Statistics. The report is based upon the condition of crops at the end of July, and indicates that the Prairie Provinces will produce 357,295,000 bushels of wheat if weather conditions continue favorable. Manitoba, it is expected, will have a total wheat yield of 44,468,000 bushels; Saskatchewan 211,051,000; and Alberta 101,776,000 bushels. Alberta is the only province to show an increased yield as compared with 1922.

A party of five journalists, representing the leading newspapers of Switzerland, who recently arrived at Quebec, are the guests in Canada of E. W. Beatty, President of the Canadian Pacific Railway. They will tour the Dominion in the interests of Swiss colonization. Stops will be made at different points where Swiss people are farming, and opportunity will be given to members of the party to converse with them and get first hand knowledge as to the desirability of Canada as a place for Swiss colonists.

In a letter on "Canada and Land Settlement," published by the Morning Post, Sir Geo. McLaren Brown, European manager of the Canadian Pacific Railway, says that the agricultural salvation of Western Canada lies in mixed farming, which calls for smaller and more numerous agricultural holdings than wheat growing does, and results in closer settlement and better communication. The bigger and more densely settled the rural population, the more social amenities there are and greater advantages generally, he says.
