

ANNUAL MEETING ONTARIO HOCKEY ASSOCIATION

A despatch from Toronto says:—The thirty-fourth annual meeting of the Ontario Hockey Association will be held at the Temple Building, Bay and Richmond streets, Toronto, on Saturday, December 1, 1923, at 10 a.

m. Each club is entitled to one delegate and proxies are not allowed. New clubs can secure application forms from the secretary, W. A. Hewitt, Toronto, and these forms should be filled out and returned to the O.H.A. secretary, along with fees and list of officers, prospective players and colors.

FINED \$20.00 AND COSTS FOR ASSAULT IN MONETA

At the police court last Thursday Thos. Budniak was fined \$20.00 and costs for an assault upon Steve Slouchuk. Steve was called from his rooming house and when he was standing in the porch he was handed one that laid him out cold. The police were summoned, and at first it was thought that the assault might prove a serious one. However, before the case came to trial it was found that Steve was not seriously injured after all and the incident was not as serious an accident as at first appeared. One ordinary drunk was fined \$10.00 and costs. Two others, charged with drunkenness, failed to appear, and their bail was estreated and warrants issued for their arrest. Two men charged with having liquor in a public place were assessed \$200.00 each. Two cases of disorderly conduct were remanded for a week.

Only Those in Declining Years Realize What It Means

As people pass middle age, their strength and vitality usually begin to wane. They are easily tired. They notice that they are not as active as they were. They need something to tone up their system — something which will put new strength, life and vitality into them—a tonic. But such a tonic must contain no harsh ingredients. Old age was Mr. Snider's trouble. Read what he says: "It is only those who are in the declining years of their life who can understand the many troubles which old people have to endure. The slightest over-exertion brings on weakness, which affects the whole system, resulting in indigestion, sleeplessness, depression, loss of strength and vitality. This was my trouble. I was suffering from old age. I needed something to renew my strength and vitality. I told my druggist about my trouble and he recommended Carnol. A short time after I started taking it I felt better. I noticed my strength and vitality returning. I had more energy. I felt better than I had felt for twenty-five years. My appetite has returned. My friends all say how well I look. I have no hesitation in recommending Carnol to old people. I conscientiously believe that it will help them as it has helped me." — Mendel Snider, Hanover, Ont. *Carnol is sold by all good druggists everywhere.*

PRESIDENT RE-ELECTED AT ANNUAL MEETING A.S.D. CLUB

The annual meeting of the A.S.D. Club held last Wednesday evening in the Oddfellow's Hall here was well attended and an enjoyable time was spent. In the absence of the President, Mr. R. Hoggarth, Mr. G. S. Drew was appointed chairman for the evening. The financial report was presented by the Treasurer, Mr. A. E. Riddell, and was adopted. It was decided to create a new office in that of the Vice-President. During previous years the Chairman of the Management Committee acted as President in the absence of that official, but this arrangement proved to be unsatisfactory. The election of officers was then held, the past President, Mr. Hoggarth being re-elected by acclamation. Mr. G. S. Drew was elected Vice-President, and Mr. A. E. Riddell, Secretary-Treasurer. The Management Committee for the year is comprised as follows, Messrs. Everett, Gray, McIntosh and Stevenson, Messrs. A. W. Pickering, G. Baek, C. G. Pirie and W. Maekie. Scrutineers for the balloting were Messrs. Wilson and Belanger. After the election of officers the usual dance was proceeded with. Wolno's Orchestra providing their usual good music. Refreshments served by the lady members of the Club were as usual an enjoyable part of the evening's programme. The meeting this evening will be the usual cards and dancing, all the members being urged to attend.

FAMILY BANKING

IN keeping with its practice of extending to its customers every proper banking accommodation, the Bank of Montreal directs attention to the fact that many husbands and wives maintain Joint Accounts with this institution—a convenient arrangement whereby either may deposit or withdraw as the occasion demands.

Chequing Accounts for the purpose of dealing with household accounts may also be opened.

It is the aim of the Bank to be helpful in matters financial.

Here and There

Fifty cars of fish were shipped this season from Lesser Slave Lake to various points in Canada and the United States, the majority going to cities in the Eastern States. These shipments were practically all whitefish, the coarser varieties being disposed of in the local markets.

Showing a record increase over the figures of last year, grain loadings in the Western Provinces since the commencement of the crop year, September 1st, aggregate 82,219 cars, representing 136,958,448 bushels, as against 80,828 cars loaded, or 130,287,194 bushels, from September 1st to October 14th, 1922.

That the future prosperity of the Maritime Provinces, as well as the whole of Canada, depended on the routing of Canadian trade over Canadian railways and through Canadian ports, was the view expressed by Dr. Murray MacLaren, M.P. for St. John, speaking recently in his constituency.

Tens of thousands of caribou are trekking southwards through Yukon Territory for the winter. Bands of them have passed through the outskirts of Dawson City. For a hundred miles down, bands of caribou can be seen swimming the Yukon river and sometimes surrounding canoes and steamboats as they pass.

Part of the 15,000 feet of moving pictures taken for the Dominion archives by the Arctic expedition in charge of Captain Bernier, which has just returned from the northern regions, are to be shown in Quebec City shortly. They contain interesting incidents of the life of the Eskimo and typical scenes of the Northern land.

Up to the end of June, 1923, according to E. W. Beatty, President of the Canadian Pacific Railway, the Company had disposed of 18,194,737 acres of agricultural lands, for which an average price of \$7.87 per acre was received. During this period the Company had, by direct effort of its own, secured the settlement of over 100,000 farmers in Western Canada.

A splendid hunting year with a late open fall is reported from British Columbia. A world's record Osborn caribou was killed by D. W. Bell, of Williamsport, Pennsylvania. The length of the head was 65 1/2 inches, spread 55 inches and thirty-eight points. A party of three, of whom Bell was one, bagged nearly 100 pieces.

A total of 40 round voyages to the port of St. John, New Brunswick, constituting an increase of six over last winter's figures, is announced by the Canadian Pacific in a newly issued schedule of operations for the winter port. The S.S. Montclare will be the first liner to leave St. John after the close of St. Lawrence navigation, sailing for Liverpool on December 7th.

Captain S. Robinson, R.N.R., the hero of the Japanese disaster, who commanded the Empress of Australia when that ship was in Yokohama harbor at the time of the earthquake, has been fittingly honored by the Canadian Pacific Railway. He is to command the company's steamship, the Empress of Canada, when the ship leaves New York, January 30th, on a world cruise.

The most spectacular nugget brought to town in many years arrived in Cobalt, Ont., recently, and the camp's oldtimers gathered round, admiring the huge mass. The nugget weighs approximately 3,200 pounds, is estimated to run fully 75 per cent silver and is worth over \$20,000, according to the estimate of the owner, Angel Clemens, a New Liskeard carpenter.

The Royal Canadian Naval Reserve, of 500 officers and men, is now being organized, and it is expected that selection of officers will be completed early in November. Headquarters will be established at Charlottetown, Halifax, Lunenburg, St. John, Quebec, Vancouver, Prince Rupert and Victoria. Naval training at the naval bases of Esquimalt or Halifax will be given to R.C.N. V.R. ratings during the winter months.

The first train on the new C.P.R. line ran into Ville Marie recently. It is expected that a regular daily service over the whole line, with connections into Ville Marie, will be provided around the middle of next month.

FIRE DESTROYED HOUSE AT MONETA YESTERDAY

Fire shortly after six o'clock Tuesday morning of this week destroyed a house on Cedar street, the other side of Kirby Avenue, Moneta, and damaged the Italian Hall adjoining. The house is owned by the proprietor of the bakery nearby, and some months ago it was also the scene of a threatening fire, but the property on that occasion was saved. The cause of Tuesday morning's fire is thought to have been a defective chimney. Before the fire was discovered, however, it had such headway that there was no time to consider causes. The man in the house was awakened by a noise that proved to be the crackling of timbers under fire and he had all he could do to get his wife and baby out of the house and escape himself to give the alarm. The Timmins fire brigade made their usual speedy response to the call, though Moneta is not yet officially inside the town limits. By the time the brigade reached the scene the house was well ablaze and the Italian Hall had also caught fire and was well in grip of the flames. It was necessary for the fire brigade to run the hose from the corner of Second Avenue and Balsam, there being a length of around 1,000 feet of hose. There was a pressure of about 150 lbs. at the pumphouse but by the time the water got through the 1,000 feet of hose the pressure was only about 50 lbs. This was another case where the motor fire truck with booster pump would have been worth its whole cost. With the equipment advocated for purchase this summer the desired pressure could have been secured despite the length of hose required. However, the fire brigade did effective work with the equipment at hand, and soon had the fire under control. The house was burned down, but the Italian Hall was saved, though damaged to some extent. The loss will exceed \$1,500.00 for the house and contents, while the outside of the hall was somewhat damaged, the interior, however, not being injured.

The people who report that business is coming back are those who went after it.

ENDOWMENT Policies issued by the Mutual Life of Canada give the full benefit of the profits earned by the Company, and the cost of protection is reduced to the vanishing point. Gradually these profits help outweigh the premiums until in the end you receive more money back than you paid in, and your insurance all these years has cost you nothing.

Take the case of Mutual Life Endowment Policy Number 28083. The holder of this policy took out a 30-year endowment at the age of twenty. At the close of the contract the total premiums paid in amounted to \$708.15. The Company paid back to him a total of \$1,272.61, representing a net gain of \$564.46!

In other words, this policyholder received \$179.71 for every \$100 invested with the Company. Fill in coupon and mail it today for particulars.
