## Timmins and District Notes

Mr. and Mrs. R. G. Mercer, of Toronto, visited the Camp last week.

Mr. Angus Campbell, of Cobalt, was a visitor to town last week.

Mr. B. E. Martin returned Thursday evening from a business trip to Toronto.

Mr. Albert Demorest, of Montreal, spent a few days last week in the Camp.

Miss O. Copps returned last week from a visit to her home in Hamilton, Ont.

Christmas Greeting Cards for Overseas. See J. T. Heffernan & Co.'s Large Display, Gordon Block, Timmins. —46-48—

The next regular meeting of the Town Council is scheduled for Monday afternoon, Nov. 26th, commencing at 4 p.m.

The Haileyburian last week says:—"Mrs. L. Church has returned to her home in South Porcupine after visiting friends in Haileybury and Cobalt for a couple of weeks."

Four cases of a mild type of diphtheria were reported at Sudbury last month. The quarantine has been taken off all the cases under observation, and no new ones developed.

Last Saturday evening the Artie Marks Co. completed a week's run at the New Empire Theatre. They had bumper houses at all performances during the week.

The Timmins Business College Athletic Club are giving a Dance in the Masonic Hall on Thursday evening, Nov. 29th. Wolno's Orchestra will furnish the music, and a pleasant evening for all attending is assured.

A Hot Turkey Dinner under the auspices of the Ladies' Auxiliary of the Union Church, Schumacher, is to be given this (Wednesday) evening in the McIntyre Recreation Hall.

Another of the series of Band Concerts in the New Empire Theatre on Sunday, Nov. 25th, after the church services. A special programme is being prepared, including vocal and instrumental numbers, readings, etc. is being prepared in addition to band selections, motion pictures, etc.

The Toronto Telegram last week devoted a column to an article on a young lady in the city who makes a hobby of having fish for pets. Friend Dan says that girls all over are making pets of fish these days. Poor fish! These girls think the "Gold Fish" the real Cat's Whiskers.

(So many men came north for the hunting season that special cars had to be added to the regular trains going south on the C.P.R. and Grand Trunk to accommodate the crowds of hunters returning home last week. According to reports, the hunters generally had pretty good luck with the partridge, but not so good with the deer and moose.)

(As a heading for an article relating to the big new mill being installed by the Nighthawk Peninsular Mines, The North Bay Nugget puts the words: "New Planing Mill Nearly Finished." What makes the heading writer of The Nugget imagine it is a "Planing" mill? Why not a coffee mill? Or a woollen mill? Indeed, it is very likely that it will be a 200-ton mill for a mine. That seems to be about what the Nighthawk Peninsular Mines needs at this stage of development.)

Mr. A. H. Cederberg returned this week from a visit to New York, N.Y.

Mr. L. Halperin left on Tuesday morning for a brief visit to Toronto and Barrie.

(Born—in Timmins, on Tuesday, Nov. 20th, 1923, to Mr. and Mrs. S. H. Pirie,—a son, Donald Harold.)

Ensign Herbert Porter, Territorial Life-Saving Scout Organizer, is expected to pay a visit to the local Salvation Army on Thursday, Nov. 29th.

Mr. A. G. Laxton, an old-time resident of Timmins, now Express Co. Agent at Iroquois Falls, renewed acquaintances in town this week.

Band Concert in the New Empire Theatre Sunday evening after the church services. Very attractive programme including selections by the Band, vocal and instrumental solos and duets, readings, etc. Motion picture films shown.

Miss Leonora Salkeld, for the past two years a member of the staff of Simms, Hooker & Drow, and one of the most popular members of the younger set in town, left on Monday for New York, where she has accepted a position. The best wishes of her numerous friends in town, go with Miss Salkeld, and all wish her success in her new situation.

The Northland Post, of Cochrane, had the following in its last issue:—"Mr. Ernest King, Postmaster at Timmins, accompanied by his wife and little daughter, came up to spend the week-end with his parents, Rev. Mr. and Mrs. King, at the Rectory. Rev. Mr. King conducted a Baptismal Service on Armistice Day, his little granddaughter, Kathleen Patricia, being one of the participants."

(A number of the members of the Oddfellows and Rebekah Lodges here visited South Porcupine on Monday evening, the occasion being the anniversary of the South Porcupine I.O.O.F. Lodge. The visitors report an unusually interesting and enjoyable evening, the pleasant hospitality of the South Porcupine people as usual making the evening one to be agreeably remembered.)

(As will be noted by the business card elsewhere in this issue, Mr. Frank Y. Uttley, of Schumacher, has opened up business as an auditor and accountant, and is ready to instal systems, prepare statements or keep books for merchants or others who do not require a full-time book-keeper. Mr. Uttley has had a long experience in this line of work, holding important positions in the Camp and elsewhere.)

The Haileyburian last week says:—"Haileybury will not be represented in the N.O.H.A. this year, but should take an active interest in and offer all encouragement to the juvenile branch. The stars of the future are here, and should have every chance to develop their natural ability. They will likely have to use an open-air rink this winter or play all their games on Cobalt or New Liskeard ice, but everything possible in the way of assistance should be given to teach them the game."

The Euchre and Five Hundred Party on Monday evening in the McIntyre Recreation Hall proved a pleasing success. The event was under the auspices of the Ladies of the Schumacher R.C. Church, which is guarantee that all arrangements would be well looked after and the evening made a very enjoyable one. Refreshments were served during the evening, there was good music by an orchestra of talent, and the crowd present were well pleased with the event throughout.)

**"IN THE PUBLIC EYE"**  
BY Curtis Optical Co.

IS THIS WHAT YOU FEAR?  
FOR LIFE

Women folks are particularly annoyed at the prospect of having to wear glasses for life once they are fitted with them. This does not prove to be the case at such times where the cause of the eye defects are remedied at once. Often it is the case that the lenses prescribed will so correct the imperfect focusing-accommodation of the eye that the muscles become stronger and allow the wearer to discard glasses entirely.
