## OUTLOOK BRIGHT FOR HOCKEY AT IROQUOIS FALLS

The following is from the current issue of The Broke Hustler in regard to the hockey outlook at Iroquois Falls:

The outlook for hockey this season is very bright. There is a good team, a good coach and with everybody behind the team financially and otherwise, the boys feel that they have strong support which is a big thing in putting pep into a team.

The Hockey Commission wishes it thoroughly understood that every man who wants to play hockey will get a thorough and fair trial and it depends on every man himself whether he makes the team or not. Every man who wants to make a try for the team should hand in his name to Scoop Thistlewaite, Jack Patterson, Paddy Redmond or Archie Kerr right away. The more the merrier and everyone will get a good square show and if he proves his worth will be on the team.

Among the known possibilities at the present moment are Pat Byrne, Alec Renaud, Rene Fournier, Jack Roos, Clarence Boncher, Ken Dunfield. The possibilities on the forward line are Percy Fahey, Lin Fluker, Bellefeuille, Garipey, Joe Chicoski, Albert Gauthier and Roy Graham. There may be other good hockey players in town not known to the Commission. These are asked to get in touch immediately with the members of the Commission mentioned above.

The Commission is in favor of having a town league attached to the Intermediate N.O.H.A. Every man in town who wants to make a try for these teams or the team to be chosen from them to represent Iroquois Falls in the N.O.H.A. should get his name into the Commission right away. As this town league will be in the N.O.H.A. Intermediates, every man playing must be registered with the N.O.H.A. All amateur certificates for these players must be in the hands of H. P. Charlton, Secretary of the N.O.H.A. by December 12th. Blanks can be obtained from Scoop Thistlewaite and when filled out he will attend to the registration.

With regard to the Junior team, all players must have birth certificates showing they are under twenty years of age on the 1st, January 1924, and these certificates must be in Scoop's hands right away as registration of these players must be made before December 12th. As there is always some delay in getting birth certificates, all the boys who want to play should get in touch with Scoop this week.

This is going to be a big season so there is all the more reason for getting off to as early a start as possible and have all the formalities concluded before the ice is ready for practice.

Resener—How on earth did you come to fall in?  
Boy—I didn't come to fall in.

## A STORY FOR BREAKFAST

Tell yourself this story each morning: Early one morning a darkey came into a gents' furnishing store in Chattanooga and said, "Boss, I want to pay a little on that stuff you have got for me." The same afternoon he bounded in again and said he had "A couple more dollars to put down." The merchant remarked, "Business must be pretty good with you, Sam." Sam responded "No, Boss, I've just workin' faster."—Illinois Life Bulletin.

At Cobalt recently there have been complaints about youngsters getting into mischief of various kinds in the evening, and as a consequence Chief Parcher has been endeavouring to get the children off the streets at night. Parents have been warned (just as they have been warned repeatedly in Timmins) that children should be off the streets after the curfew rings, but the warnings have apparently been heeded little (same as in Timmins). The Cobalt Chief now intimates that action may be taken against the parents unless attention is paid to the curfew. The responsibility of getting the children indoors by curfew time rests with the parents, according to the Cobalt by-law (and the same with the Timmins by-law, and the Chief here feels just about the same in the matter as the Cobalt Chief).

### Quebec to Repeat Carnival Success

1. The Guns which once defended the citadel now accommodate the small revellers. 2 and 6 are Ski-ing scenes. 3. These are out for a "bouncing" good time. 4. Skating in the Exhibition Grounds is also the order of the day. 5. "Nogik" was born this year to the Chateau Frontenac dog team and he will probably figure largely in the dog race featuring the Winter Sports Program.

QUEBEC is again to have a real, live carnival that shall be truly representative of the wonderful sporting attractions of the ancient Capital. The success of the dog races held in Quebec last year has encouraged the organizers to sponsor a very much bigger program for this year, and a comprehensive series of sporting events will be held on February 21, 22, and 23, in which all the sports for which Quebec is so naturally adapted will be represented, and culminating in a grand masquerade ball at the Chateau Frontenac. In addition to the international races for the Eastern Dog Sled Derby Trophy, there will be events in snow-shoeing, skiing, ice racing, curling and skating. The whole of these events will take place within the Exhibition Grounds, and it is proposed to once again give Quebec an ice palace.

The people of Quebec take, and naturally, a great pride in their wonderful old city, and the ancient capital is not so large that its people cannot get together on occasion to fete en masse. A carnival in Quebec is not to be forgotten, for the whole populace absorbs the spirit of the

season, drawing its visitors into the gay vortex, so that even the walls which rang to laughter centuries ago lose their aged atmosphere, and lend themselves to the fete. By reason of its even and exhilarating climate, its accessibility and natural and artificial opportunities for sport, Quebec is the home of the winter sports for the continent. Each wintry season, more people are attracted to it, and for long periods it becomes the social centre, as well as the sporting centre of North America. Practically everything that is carried on is on an open scale—Quebec is the soul of hospitality. A hundred rinks invite you to skate, as far as you can see, fir-clad hills invite you to ski through their myriad glorious glades, of toboggan slides there are not a few, and there are many excursions which simply must be made on snow-shoes. As for evening entertainment, the ball room of the Chateau Frontenac is the scene of a dance nightly. There are moonlight excursions, events on all illuminated rinks, music, song and dance,—a thousand things to do.
