No Honour list for December.

Kindergarten
Note:—Kindergarten classes for children five years of age will be organized on the re-opening of school in January. Pupils will not be admitted to these classes except at the beginning of a term.

The present morning Kindergarten Primary Class will become an all-day class along with the seniors of the afternoon class.

School will re-open on Monday, Jan. 7. All pupils are expected back on that date.

John W. Day,
Supervising Principal.

Baby: "I want my bottle."
Mother: "Keep quiet. You're just like your father."

Rastus: "Ah wants a divorce. Dat woman jes' talk, talk, talk, night an' day. Ah can't get no rest and dat talk am drivin' me crazy."

Judge: "What does she talk about?"

Rastus: "She doan' say."

Here and There

Sixty per cent of Hamilton's population own their own homes, a fact revealed by the figures of the 1923 assessment for the Ontario city, which, according to these figures, has 26,259 dwellings and 457 apartments.

The great flour movement over the wharves at Fort William and Port Arthur this season has been unprecedented, according to reports of the Canadian Pacific Railway, which, by the end of October, had shipped 239,085 tons of flour to lower Lake ports.

Port Arthur's building permits for the ten months ending October showed a total of \$2,632,055, which is the biggest building year in the history of this Ontario city, exceeding even the total for 1921, one of the real estate boom years.

Canada exported \$4,778,000 worth of cheese to various countries during the month of October, an increase of \$1,224,000, over the total value of cheese exported in October, 1922. The United Kingdom was by far the largest consumer, taking 215,000 cwt., valued at \$4,634,000.

According to an announcement of Hon. E. H. Armstrong, Premier of Nova Scotia and Minister of Mines, the coal production of his province for this year will reach at least 6,200,000 tons, an increase over last year's production of 4,642,196 tons of more than 1,500,000 tons. The outlook for 1924 is encouraging.

The Prince of Wales, unless interfered with by affairs of state, intends to make annual visits to his Alberta ranch, William Carlyle, superintendent of the E. P. Ranch, told the members of the Canadian Society of Technical Agriculturists in addressing them at Toronto recently.

Fur traders in the distant parts of Alberta, Saskatchewan and British Columbia, ordinarily weeks and months from mail service, are now getting regular quotations on furs from the Calgary Herald's radio broadcasting service.

The annual winter carnival at Banff, which is yearly becoming more popular and is attracting sporting enthusiasts from all parts of the continent, will be held February 2-9, 1924, while the Banff annual bouspiel will take place February 4-9.

According to estimates made by the Rt. Rev. Dr. G. Exton Lloyd, Bishop of Saskatchewan, that province has room for another empire north of Prince Albert and North Battleford. The bishop has just completed a six weeks' tour of the limits of settlement in his diocese, covering 2,400 miles, and estimates that homes and livings for 250,000 could be provided in the country referred to.

The adverse balance of grain shipments through Canadian as against United States ports is being steadily reduced, according to statistics compiled by the Marine department. In 1916 only 91,082,702 bushels of Canadian grain were shipped through Dominion ports, where as 165,949,989 bushels were shipped through the States. The figures for 1923, up to September 1st, on the other hand, show that Canada now ships nearly half her grain through her own ports. During this period the amount registered has been 108,548,485 bushels despatched via Canadian ports and 120,628,438 via those of the United States.
