## OPENING INTERMEDIATE HOCKEY WON BY FALLS

Indifferent Refereeing Spoiled Match That Opened With Promise. The Score Was 4 to 0.

The Intermediate series of the Northern Section of the N.O.H.A. got away to a start in Timmins last Wednesday evening, when Iroquois Falls were the victors over the Timmins team, to the tune of four goals to nothing. The Timmins sextette showed the lack of practice together, but when whipped into shape they will give the Papermakers a run for their money. Even at that, the score of four goals against the Timmins aggregation is no criterion of the play for the evening. During the last period when the Iroquois Falls Intermediates ran in one goal, the puck was most of the time in the territory of the Papermakers. The referee for the game was Mr. Roos, the Falls Senior defence player. Mr. Roos plays a fine game of hockey; any who witnessed his game against the Sault in the Falls two weeks ago will agree to that, but a good hockey player does not always make a good referee, and that perhaps explains the refereeing of the game here last Wednesday evening. However even at that the Papermakers played better hockey, and a good brand of combination, and this accounts for the Gold Miners not being able to find the net behind Pip Powers. There should also be some flowers handed to Powers. He is a good goal-tender all right and made some nice saves. He used the advantage of the new ruling allowing going down on the ice and kept out a couple of sure ones by this form of blocking. A couple of times they were piled up four deep before the goal. At the beginning of the game it looked as if there might be some fast hockey on both sides, but the referee spoiled the game. There was considerable roughness, one at least of the Falls boys apparently taking advantage of the referee's inability to handle the game. Penalties were frequent, Timmins suffering in this respect more than a fair share. There was a good crowd out at the game, considering the intense cold of the night, about 400 watching the game.

The teams were:—

Falls	Position	Timmins
Powers	goal	McIntyre
Dunfield	defence	Carlin
Leclair		Gorman
Cybulski	centre	Parker
Gauthier	forwards	Campbell
McConomy		Burns
Garipey	subs	Roach
Dorschliener		Ross

Referee—Roos, Iroquois Falls. From the face-off the Papermakers pressed hard, coming down the ice and shoving some hot ones across at McIntyre, who was able to clear in fine style. The play was transferred to the Falls end when Patsy Parker got through for a shot on Powers, but he could not find the net. Dunfield came down and sent one behind McIntyre making the first for the Falls. Timmins came back strong and Burns, Parker and Campbell sent some in which Powers had a hard time to clear. The gong rang with the Falls coming down with the puck in an effort to get another in.

The second period opened with the Papermakers starting off with their combination, and shortly after from an off-side pass Dunfield, who was playing a good game all night, scored the second for the Falls. Carlin was hurt in this period, Garipey giving him the knee, and the big Timmins defence man falling on his head of the ice. During this period the referee seemed to let up on off-sides on the Papermakers' line-up more than during the first, and several times the Falls got through on very obvious off-sides. Roach and Gorman got through for a few shots on Powers, but none were effective. The Falls got another in this period, which ended the scoring. Falls 3, Timmins 0.

The third period was rougher than the first, penalties being numerous, and the checking closer. Several times the Gold Miners came down, were skated into the corner, passed out, and no one was in front of the net to take the puck. Gorman and Leclair mixed it, and Roos who did not see anything like this where a Papermaker was the aggressor, sent Gordon Ross to the cooler for a rest. Ross was not in the scrimmage at all. The Falls scored again in this period, ending the game four goals to nothing.

The Department of Horticulture of the Ontario Agricultural College at Guelph is putting on a four weeks' course in horticulture, consisting of lectures and demonstrations by members of the College staff and a number of prominent horticulturists from outside points. The course is entirely free to those who wish to attend. It commences on January 21st, 1924.

## T. & N.O. ADDS FOUR NEW ENGINES TO EQUIPMENT

The T. & N.O. Railway keeps abreast of the times and the business. The latest addition to the equipment is a group of four new Mikado engines, with new "booster" attachment. The new engines are the most powerful on the line, the "booster" equipment adding to their speed and pulling power.

## \$250 IN PRIZES IN KLIM CONTEST FOR NORTH LAND

The manufacturers of Klim Brand Powdered Whole Milk offer to the people of the North Land a number of cash prizes, totalling \$250.00, as well as other prizes of merchandise, for the best completed "jingles" submitted in the contest. As will be noted from the advertisement elsewhere in this issue three lines of three different jingles are published and the contest is for the best completing line in each case. The first prize is \$100 in cash, the second \$50.00, the third \$20.00, and so on. Everybody enjoys a contest, but most contests are held in the large cities, and on account of the distance, the numbers competing, and so on, the communities of a district like the North Country usually have not an equal chance. The idea of the Klim contest is to give the people of the North Land a special contest of their own, as it were. The contest is open only to those residing in Northern Ontario, north of and including North Bay and Parry Sound, but not including Port Arthur and Port William. The conditions are easy, and the contest allows opportunity for entertaining occupation and a good chance to win a valuable prize. Everybody sending in a "jingle" will receive free a handy little kitchen beater. To the first 150 people sending in Klim jingles a sample tin will be sent free of Powdered Lemon Juice, together with the Klim Surprise Recipe Booklet.

## PIKERS TRIED TO PUT ONE OVER ON TIMMINS RINK

Certain recent incidents tempted the management of the Timmins Rink to believe that improper use was being made by some of the pass-out checks allowed to those desiring to leave the rink between periods on hockey nights. The suspicion, indeed, was that the pass-out checks in some cases were being retained and used to secure admission to the next game, thus defrauding the rink and the hockey boys alike. It was decided to make this sort of thing impossible. Accordingly last Wednesday evening the use of the former type of pass-out checks was discontinued. New tickets were secured and none but these given out. It was arranged that the pass-out checks for each game will be different. That the suspicion regarding the improper use of the pass-out checks was well founded is proven by the fact that on Wednesday evening no less than fourteen different men attempted to get by the doorkeeper by presenting old pass-out checks. The attention of the pikers was called to the fact that these pass-out checks had not been issued that evening and were valueless for admittance purposes, being the wrong style and the wrong colour and so on. One or two were inclined to brazen the matter out, but to these it was pointed out that as only the one kind of pass-out checks had been issued for the game the use of any other style was in itself proof of something wrong. Most of those attempting to slide by on out-of-date pass checks saw they were caught at a poor trick, and either paid their ticket properly or beat it away shamefacedly.

As will be noted by the announcement elsewhere in this issue the Northern Development Branch will again this year furnish seed grain to bona fide settlers in the North. Applications must be in not later than the first of March.

President. Secretary  
Box 1338

## Mrs. Mary DesRoche Spit Blood

Some of the results obtained by users of Carnol are almost beyond belief. Carnol, if taken according to directions, will relieve almost any case of a run-down nature. But, as disease develops slowly, it takes time to eradicate it. No wonder Mrs. DesRoche recommends Carnol after what it did for her:

"An attack of flu in the fall of 1918 left me in such a weakened condition that I could not walk across the kitchen. For nearly two months I spit blood and my neighbors, as well as myself, thought I was in the first stage of consumption. My weight, when I took sick, was 120 pounds, and I shrunk from that to 98 pounds. On the recommendation of my druggist, I began to take Carnol. Before finishing the first bottle I felt a marked improvement. I then took four bottles and my improvement was so marvellous that at the end of six months I weighed 130 pounds—the most I ever weighed in my life. I can safely recommend Carnol to anyone in a weakened and run-down condition, as being the best as well as the most palatable tonic on the market today. My little girl aged eight years took a cold in the head and chest. She was so bad she could scarcely breathe. I gave her Carnol in hot water and the next morning she was able to get out of bed for the first time in several days."—Mrs. Mary A. DesRoche, Summerside, P. E. I. 13-9  
(Carnol is sold by all good druggists everywhere.)
