Total enrolment for the month—846. Average attendance—728.

**Here and There**

A grizzly bear barbecue will be one of the features of the Winter Carnival at Banff in February.

Ten Canadian and three United States teams have already entered for the Eastern International Dog Derby, which will be run during the Winter Carnival in Quebec, February 21, 22 and 23.

Progress and bright prospects in the development of sodium sulphate in Saskatchewan is reported by the Bureau of Labor and Industries. Sodium sulphate recovered from Saskatchewan deposits is now being used in the manufacture of glass at Redcliff.

A report of the British Columbia Industrial Commission Department shows loans to industries amounting to \$1,176,694 embracing 60 plants. Repayments have been made on principal by 55 industries. Total repayments amount to \$181,423, of which \$71,245 was interest.

For the purpose of extending Canadian trade in Greece, Turkey and the Eastern Mediterranean, W. McL. Clarke, Canadian Trade Commissioner at Milan, Italy, has been instructed to visit these countries and report on the opportunities for the sale of Canadian goods.

E. D. Calvert, noted guide and sportsman of Rainy River, who has done much towards bringing tourists from all parts of the United States to the Lake of the Woods, states that the tourist traffic this year has greatly exceeded all previous years and anticipates a greater increase next season.

United States grain shipped from Canadian ports during the crop year, September 1, 1922 to August 31, 1923, totalled 55,000,000 bushels. This meant total handlings of approximately 110,000,000 bushels, as it was necessary for the grain to pass through the elevators at lake ports and at ports of exit.

Miss Marion Towne, of Berlin, N.H., who in three years since she first put on a ski, has achieved fame through her daring and graceful jumping, has expressed her desire to compete with Canada's best girl ski jumpers at the winter sports carnival in Quebec on February 21, 22, 23 and 24th, during which time she will make exhibition jumps.

Further indications that the year 1923 will create a record in ocean traffic are shown by figures given out at the headquarters of the Canadian Pacific Steamships. Bookings for westbound sailings were exceptionally large, while those for sailings to the Old Country for Christmas and the New Year were in advance of the traffic of any previous year.

The Calgary Board of Trade is taking interest in the proposal of large British interests, which involves the utilization of western straw for the manufacture of paper and other products, and is getting all possible information with respect to the development of industries. Hundreds of thousands of tons of straw are burned in the prairies every year, which it is claimed has a commercial value.

A poem entitled "Ireland," written by Mr. J. Sweeney, was published last week by The Northern News. The last verse says that "though they've hanged and shot all her sons, Ireland's sons can not be daunted for they still stand until this day." That's Irish, all right, all round.
