# WESTINGHOUSE DOMINATES THE AIR

It is the popular opinion of every receiving set owner, that Westinghouse Broadcasting Stations come in clearer than others.

## There is a Reason

Westinghouse material is exact from the large broadcasting station equipment to the receiving set as used in the home.

The set we use and recommend is the Westinghouse "RC." Ask any present owner its merits.

The outstanding points of

this set are,—The Low First Cost—The Ease of Operation—The Absence of Wet Batteries—The Long Life Tubes—The Compactness of Whole Set.

If interested ask us for demonstration in your own home

**The George Taylor Hardware Limited**  
"Always at your Service"

# Buy Your Counter Check Books in Timmins

It will prove more convenient and satisfactory for you all round. The price will not be any more, and it often will be something less, than charged by outside firms for a less convenient service.

A full line of samples may be seen at The Advance Office. Just call up Phone 26 and have these facts proved to your entire satisfaction.

## NOMINATE A CANDIDATE FOR THE CARNIVAL QUEEN

Nominations Will Close on Tuesday, February 12th, at 3 p.m.

The Porcupine Dog Race and Carnival,—the big winter event of the North Land,—is to be held at Timmins this year on Saturday, March 8th. The programme will follow the lines of last year's big success. This year, as in the past two years the Carnival Queen feature is being emphasized. Selection is made of the best looking and most popular young lady in the district for the honour of being the Carnival Queen for the year. The selection is made by popular vote, the young lady receiving the most votes being duly acclaimed as the Queen. The voting is done through ballots sold at the nominal fee of 25c each. These may also be had in books of 20 for \$5.00. There are valuable prizes for the Carnival Queen and her court, the court comprising the others in the contest securing large votes. Elsewhere in this issue is published a form for nominating any young lady as Carnival Queen. Forms may also be secured from the manager, J. N. Levine, or the secretary, Mr. W. S. Macpherson. Secure a nomination form and nominate YOUR candidate. All nominations must be in the hands of J. N. Levine by Tuesday, Feb. 12th, at 3 p.m.

Miss Mary Boyd, of Timmins, was the first to win the honour of being elected Carnival Queen in 1922. Last year Miss Margaret Boyle, of South Porcupine, (now Mrs. Clark, of Toronto) was the popular winner of the honour.

### MEETING OF CALEDONIAN SOCIETY FRIDAY EVENING

The regular meeting of the Caledonian Society of Timmins will be held in the I.O.O.F. Hall on Friday evening of this week, Feb. 8th, commencing at 8 p.m. There will be a musical programme, dancing, and the usual good things to eat. The paper for the evening will be by G. A. Macdonald on "The Scot in Canada." The topic was suggested by the fact that some visitors at the recent Burns Banquet thought one speaker perhaps over-emphasized the importance of the Scot in the making of Canada. As usual, the meeting will be a pleasant social gathering and all Scots and their friends will be heartily welcomed to the gathering.

### GIRL HOCKEY PLAYER HAS COLLAR BONE FRACTURED

While at a hockey practice this week Miss Emma Troford had the misfortune to have her collar bone broken. In a collision with another girl player she was thrown against the boards, striking her shoulder and sustaining a broken collar bone. Medical attention was given the injury and the young lady is making excellent recovery from the injury. She displayed considerable pluck and endurance walking to the doctor's office and making light of the injury, but will be out of hockey for the season. Probably a majority of the good sports here would be as well pleased to see all the girls out of hockey for the season before any others are injured. No good sport likes to see any hockey player hurt, but it seems doubly regrettable when the girls are injured.

### TWO USEFUL RECIPES THAT HAVE BEEN TESTED AND TRIED

#### White Sauce for Creaming Vegetables or Meats

3/4 cupful Borden's St. Charles Milk  
3/4 cupful water  
1 1/2 tablespoonfuls butter or butter substitute  
1 1/2 tablespoonfuls flour  
1 scant half teaspoonful salt  
High seasoning of pepper or paprika  
Melt the butter substitute in a small saucepan, stir in the pepper and salt mixed with the flour and stir until well blended, away from the heat. Then gradually stir in the milk and water mixed, preferably using a wire whisk, and taking care that all of the liquid is thickened before a further amount is added. Let boil a moment or two, then add the vegetable and let stand over hot water for ten minutes to become thoroughly heated. Serve with asparagus, string beans, peas, brussels sprouts or potatoes.

#### Eggless Mayonnaise

3 tablespoonfuls Borden's St. Charles Milk, undiluted  
1/2 teaspoonful salt  
1/4 teaspoonful mustard  
2 tablespoonfuls sharp vinegar  
3/4 cupful salad oil—any kind  
1/4 teaspoonful pepper  
Combine the seasonings, add the milk and gradually beat in the oil with an egg beater. Then whip in the vinegar. Use as any Mayonnaise.

Transfer to a covered jar. This will keep indefinitely in a cool place. If too thick, thin with Borden's St. Charles Milk.

### Here and There

That the average weight of Alberta's 1923 wheat was 64 pounds to the bushel, or four pounds more than the standard, is the statement of George Hill, Dominion Grain Inspector at Calgary.

The season of navigation for the year 1923 is the longest since the year 1814, or 109 years ago, according to a statement made at Quebec by Captain J. E. Bernier, Arctic explorer.

Two-thirds of Canada's exhibits for the British Empire Exhibition are now in England, most of these being already at Wembley. Among them is a monster silver nugget, weighing nearly three tons, the biggest ever unearthed, which was dug up in Canada.

Twenty-nine million pounds of halibut were landed at Prince Rupert, B.C., during the past year, with figures for the month of December incomplete. This total is considerably in excess of the previous year. Several large shipments were made to Chicago and other middle Western States' points.

E. W. Beatty, President of the Canadian Pacific Railway, has accepted the honorary presidency of the Province of Quebec Safety League, succeeding the late Lord Shaughnessy, who was its first honorary president. The object of the League is to institute safeguards for the protection of life, especially children, providing protected playgrounds and streets.

It is estimated by the provincial tourist bureau of the Province of Quebec that 125,000 American automobiles visited the province in 1923. Of this number 40,000 travelled over the King Edward Highway, the principal route of automobilists from across the border motoring to Montreal and a record in the annals of that thoroughfare as regards American cars.

The Canadian Independent Oil Company, of St. John, New Brunswick, has closed a contract to supply lubricating oils of all kinds to all Canadian Pacific steamships plying to Atlantic ports. This is said to be the biggest contract for lubricating oils ever closed in Canada. This company means a new industry for St. John, for its compounding plant will be located in East St. John.

The Klondyke is in the throes of another gold and silver rush. At the head of the Beaver River, 50 miles west of Keno Hill, a silver and gold discovery of unusual proportions has started a stampede from Mayo, the major mining settlement of the Yukon, to the new country, where it is said assays reveal pay dirt running 1,100 ounces of silver to the ton.

Rapid progress is being made in preparing the Canadian section of the British Empire Exhibition. The giant pavilion was roofed in and ready for exhibits in sixty days from its commencement and will be ready for opening on March 1st. Two million feet of Canadian lumber, 7 miles of roofing and 200 tons of nails, nuts and bolts have already been used in the building.

It is reported that the Rothermere interests of England, which recently acquired a large block of timber land in the Manicouagan River Basin, have headed a syndicate which will spend \$16,000,000 in erecting pulp and newsprint manufacturing plants near Quebec city. With this news comes the announcement that the St. Regis Paper Company will build a \$4,000,000 plant near the parish of St. Augustin, a suburb of Quebec.

Records compiled by the Bureau of Railway Statistics in Chicago show how greatly the cost of railroad equipment in North America has increased in the past sixteen years. Since 1907, these figures show, the cost of heavy freight locomotives has risen from \$16,243 to \$53,550 each; passenger locomotives from \$16,057 to \$66,200 each; passenger coaches from \$7,330 to \$28,900 each; freight cars from \$700 to \$2,301 each; and steel rails from \$28 to \$43 per ton.

The Indians of the three prairie provinces in the 1923 season harvested the greatest crop in their history, according to the annual report of the Department of Indian Affairs. In the three provinces, the Indians harvested 638,561 bushels of wheat, 574,282 bushels of oats and 62,304 bushels of barley. The report shows they raised 58,264 bushels of potatoes and 10,000 bushels of other vegetables. They summer-fallowed 20,000 acres of land, broke 6,808 acres, put up 57,000 tons of hay and 9,516 of green feed.

After practicing coffee drinking for forty years, some men still spill it on the tablecloth.

Mrs. Jones was entertaining some of her son's little friends. "Willie," she said, addressing a six-year-old, who was enjoying a plate of cold beef, "are you sure you can cut your own meat?"

The child, who was making desperate efforts with his knife and fork, replied: "Yes, thanks. I've often had it as tough as this at home."

## COULD NOT EXERT HIMSELF

Toronto man in bad physical shape till Dreo cleansed his system and put him on highroad to health.

Mr. S. Harrison, of 117 Goody Ave., Toronto, has nothing but praise for Dreo and its remarkable help to him in time of trouble. This great remedy has worked wonders for this man and he tells you about it in the following statement:

"For years I suffered from stomach and liver trouble. After meals, gas would form in my stomach like a lump of lead. It seemed to affect my heart as well, as I would simply gasp for breath when walking fast or at the least exertion of any kind. Spots floated before my eyes and I would get terrible dizzy spells when bending over.

"The results I have obtained with Dreo are wonderful. My bowels are regular. I am able to eat and enjoy almost anything and am so much stronger in every way that I do not mind work in the least. My biggest surprise, however, was the way in which Dreo cleared my face of pimples, which had been a source of much embarrassment to me."

Dreo is a splendid blood purifier and system cleanser. Its herb, root, bark and leaf juices tone and regulate the stomach, kidneys, liver and bowels and speedily put the whole system in prime working order. Dreo, the safe, reliable remedy, contains no mercury, potash or habit forming drugs.

Dreo is being specially introduced in Timmins by F. M. Burke. It is also sold in South Porcupine by B. L. Pilsworth, and by a good druggist everywhere.

### SEED GRAIN NOTICE TO SETTLERS

Registered patentees or locatees may obtain Seed Oats, Wheat and Barley, not exceeding \$100 in value for each settler.

Forms of application may be obtained from the Crown Lands Agent, or the District Representative of the Department of Agriculture, or from the Northern Development Branch, Parliament Buildings, Toronto.

Applications in regard to Patented lots will not be entertained unless accompanied by Certificate of Search from the Local Registrar or Local Master of Titles, showing that the Applicant is the Registered Owner.

Applications in respect of Unpatented lots will not be entertained if the Applicant is not registered as the Locatee or Purchaser in the Records of the Department.

The applications must be forwarded to the Local Crown Lands Agent not later than March 1st, next.

JAMES LYONS,

4-6 Minister of Lands and Forests.
