CHARTER FORMALLY GIVEN TO TIMMINS KIWANIS CLUB

(Continued from Page 1.)
Timmins Kiwanis, welcomed the visitors here in a brief but pithy address.

Presentation was formally made of the charter to the Timmins Club, The Pembroke Kiwanis Club also presented a beautiful silk flag to the Timmins Club, as well as an engraved silver-mounted gavel and a President's Button for the President of the local club.

In a pleasing address Mr. D. A. Jones spoke of the principles of the Kiwanis Clubs, the progress made by the Timmins Club in the short time since its inception, and he suggested that the sponsors of the Timmins Club (Pembroke Kiwanis) would be pleased to visit Timmins in the "good old summertime." A hearty invitation to do so was given as soon as Mr. Jones had taken his seat again and the applause in appreciation of his capable address had subsided.

Mr. Woodruff gave an inspiring and eloquent address, touching on the aims and purposes of the Kiwanis and referring to the derivation of the word "Kiwanis" from an Indian source. The word, "Kiwanis," meant "to build," "to help," and on such inspiration the Kiwanis Clubs had been first organized nine years ago. Mr. Woodruff also took occasion to compliment Timmins Kiwanis on the progress made in the past few months.

Mr. L. G. Neville, President of the Timmins Kiwanis Club, in a brief but fitting address replied for the local club. He said that a man experiences feelings of betterment just as soon as he joins the family of Kiwanis. He thanked the visitors for coming so far and hoped they would come back again, the invitation also being extended to others from the Pembroke Club.

During the evening there were also interesting addresses by Rev. J. D. Parks, Mr. T. F. King, Mrs. J. D. Parks and Mrs. J. A. Melnis, and by Mr. Norman Laing, the secretary of the local club. Rev. Mr. Parks gave an inspiring address, lightened by wit and story, and emphasizing community service. Mr. King, President of the Board of Trade, spoke of the work of that body and promised co-operation in all enterprises for the benefit of Timmins. Mr. Norman Laing, after a brief but effective review of his faith in the Kiwanis idea, proposed the toast of "The Ladies." Mrs. Parks and Mrs. Melnis made very capable response to the toast. During the evening the proposal was made to form a Kiwanis-Ann Club here for the ladies of members. Further work is being done on this idea this week.

Irascible Lieutenant (down engine-room tube)—Is there a blithering idiot at the end of this tube?
Voice from engine-room—Not at this end, sir!—Punch.
Weary Walker—No, Ma'am, I ain't dirty from choice. I'm bound by honor. I wrote a testimonial for a soap-maker once an' promised to use no other.
Mrs. Housekeep—Well, why do you not use that?
Weary Walker—Because, ma'am, that firm failed about five years ago.—Pearson's Weekly (London).

The Ontario Legislature starts its session to-day (Wednesday).

Wife (with a determined air)—I want to see that letter.
Husband—What letter?
Wife—That one you just opened. I know by the handwriting it is from a woman, and you turned pale when you read it. I will see it, sir! Give it to me, sir!

Here and There

A new record has been established by the Department of Marine and Fisheries in the number of white fish eggs collected for hatchery purposes in the Great Lakes and the Lake of the Woods. A total of 464,560,000 eggs were obtained, which exceeds all previous collections in the province of Ontario.

A new deposit of soapstone has been discovered on Trap Lake, a small lake south of Wabigoon Lake, in northwestern Ontario. The quality of the stone has been reported as excellent for various industrial uses, and practical trials are under way. Water transportation is available direct from the deposits to Wabigoon and Dryden, on the main line of the Canadian Pacific Railway.

It is announced by the Canadian Pacific Railway that two free scholarships covering four years' tuition in architecture, chemical, civil, mechanical or electrical engineering at McGill University, are offered, subject to competitive examinations, to apprentices and other employees enrolled on the permanent staff of the company and under 21 years of age, and to minor sons of employees.

Canada's fisheries' production during 1923 is estimated to be worth \$40,000,000. At the beginning of the year it was not thought that anything like this mark would be reached, for the Fordney tariff had cut deeply into exports to the United States. But as the year wore on the demand and prices generally improved, thus giving fishermen along the Atlantic coast especially a much better market.

Approximately \$5,000,000 will be spent by the Dominion Coal Company to open up a new mine and colliery at Langan, Nova Scotia, and construction of a branch line of railway to the new site has already been started. The new colliery will be equipped with every modern device, and a model town will be planned in its vicinity. It will have a capacity of some 2,000 tons daily.

The tenth annual Ski Tournament will be held at Revelstoke, February 5th and 6th, in connection with which ski-joring, tobogganing, snowshoeing, skating, etc., will be featured. An endeavor is being made to secure the attendance of Uno Hilstrom, Sweden's champion ski-jumper, as well as other famous ski-jumpers from both Canada and the United States.

Canada in 1923 produced more coal, lead, cobalt and asbestos than during any other year since mining records have been kept. The output of coal was in the neighborhood of 17,300,000 tons, or 635,000 tons better than the best previous record, and 2,000,000 tons over that in 1922. The output of copper, nickel, cement and asbestos was also much above that for the preceding years. Gold production was down somewhat, but this was due more to a power shortage than anything else.

As a result of efforts on the part of Hon. J. A. Robb, Minister of Immigration and Colonization, a 20 per cent. preference rate on Atlantic passages for all British immigrants settling in Canada has been arranged to come into effect on March 1 and continue until the end of the main immigration season at the end of November. It will apply only to British immigrants coming direct to Canada from the British Isles, and will affect all lines coming to Canadian Atlantic ports.

Three delightful cruises have been awarded to agents of the Canadian Pacific Railway for services rendered the company during the past year. One of them, J. J. Forster, general agent at Vancouver, will sail on a round-the-world cruise on the "Empress of Canada"; W. C. Casey, general agent at Winnipeg, will spend sixty-eight days cruising the Mediterranean on the "Empress of Scotland"; while D. R. Kennedy, general agent at Buffalo, will enjoy a twenty-nine-day cruise in the West Indies on the "Empress of Britain." The trips were awarded by the company in recognition of last year's work in connection with cruise bookings.

The Banff Winter Carnival is to be held from February 2nd to 9th, 1924, both dates inclusive, and will run concurrently with the Banff Bonspie, which will be held from February 4th to 9th, inclusive. A widely varied and attractive programme has been arranged, culminating in a Grand Carnival dance, when the Carnival Queen for 1924 will be announced and crowned.

Among the New Year's honors for 1924 one of the most popular is the award of the C.B.E. by His Majesty the King to Captain S. Robinson, R.N.R., who, it will be recalled, so distinguished himself in command of the Canadian Pacific S.S. "Empress of Australia" during the Japanese disaster and is now commanding the Canadian Pacific S.S. "Empress of Canada" for that vessel's forthcoming world cruise.

The beauties of the Laurentian Mountains, which have already attracted the attention of moving picture producers, are continuing to draw such companies. The latest to make use of this location is the Distinctive Pictures Corporation, starring Alma Rubens and Conrad Nagle, which has been shooting at Gray Rocks Inn, Ste. Jovite, over the New Year holiday period. A feature of their work has been the co-operation of the Chateau Frontenac dog team, led by Mountie, a veteran of five years service in the North.
