

Double the richness of ordinary Milk. For Cream use it as it is. For Milk purposes add slightly more than an equal quantity of water, for, in putting up Borden's St. Charles Milk in this handy form most of the natural water content is evaporated.

**GOOFING THE GUYS DOWN
IN GULLIBLE GOTHAM**

The lads up here in far-distant spots where they can only get in to town once or twice a week to see the movies must have something to pass the long winter evenings. A gentle-man at Twin Falls apparently has perfected a new form of parlour game for the long nights. It may be called "Goofing Gotham," or "Nuts for N'Yarkers." Mr. H. P. Braeken, of Twin Falls, near Iroquois Falls, has been kidding the troops at New York. In the despatches in the New York newspapers, Twin Falls is described as near James Bay. Rather than risk the friendship between the two great nations on this continent, it may be well to lightly pass over the two hundred miles as "near" enough. Mr. Braeken in a recent letter of appreciation for a radio programme from W.E.A.F., New York, is accused of writing as follows:—

"When you came in it nearly deaf-ened me, and I began eliminating tubes until I had only the detector plugged in; could hear you particu-larly clearly; in fact, the clearest reception I had ever experienced.

"We are a hydro power plant on a frozen northern river, not far from James Bay, bounded on all sides by the endless forests, and it is only necessary to open the door to hear a wolf pack howling somewhere back of beyond in the 'land that got for-got.'"

Apparently that radio outfit kicks back worse than any Ford. Or, may-be, it's the influence of the movies. Rex Beach, Cecil DeMille and some others have much to answer for. "The frozen north!" "The Endless Forests!" "The howling wolf packs!" "The Land That Got For-got!" Some folks apparently do imagine that this is a "land that God forgot," and so they think they are

**Every Spring Mrs. Manson
Had Bronchial Trouble
—How She Was Relieved**

It is a very advanced case of anemia, nervousness, neurasthenia, chronic bronchitis or general feebleness that will not show marked improvement after taking six bottles of Carnol, according to directions. Read how Mrs. Manson was relieved of a yearly recurrence of bronchitis:

"Myself and friend, Miss E. Mc-Kerroll, 399 King St. East, Toronto, would like to let you know how very highly we think of Carnol. We are now taking our sixth bottle and the great benefit we have derived from it is wonderful. It certainly does do everything the advertisements say and more. It is a genuine tonic and body builder. For my part it has worked off a bronchial trouble I am subject to every springtime. We feel it would interest you to know this. You are also at perfect liberty to use this unsolicited testimonial if you should so wish. We both of us take pleasure in recommending Carnol to anyone whom we know is feeling be-low par."—Mrs. Laura M. Manson, 1447 Dufferin St., Toronto. 15-9
Carnol is sold by all good druggists everywhere.

free to tell any sort of a yarn about it without being checked up in the next world. Oh, yes, we have no bananas, but it is not the static that troubles the radio in the north, but the howling of the wolves! It's a funny world—this North Land.

**BABY GIRL BORN ON THE
CONTINENTAL LIMITED**

The Northern News, of Cobalt, last week says:—

"A baby girl was born on the Continental Limited which passed through here southbound on Sunday night. The mother, whose name is said to have been Mrs. Skehan, boarded the train at Dane, and the baby was born during the run between North Bay and Ottawa, to which latter place Mrs. Skehan was going. There was no doctor on board, it is said, but a woman passenger from North Bay, who had several children of her own with her, rendered assistance."

Mr. A. J. Kennedy, M.P.P., for Temiskaming, was presented last week with a club bag and an address as an evidence of the appreciation felt for his long and able services to Dymond Township as Reeve and public-spirited citizen. Reeve Parker, of Dymond read the address and Mrs. Gold, clerk of the Township, made the presenta-tion on behalf of the citizens.
