Timmins and District Notes

It is understood that the Moneta Porcupine is considering an extended diamond drill campaign.

Timmins Rebekahs are holding a Social Evening tomorrow (Thursday) evening in the I.O.O.F. Hall.

Reports are current that negotiations are under way for the sale of a controlling interest in the Porcupine Grande to important financial men of London, England.

Juvenile Hockey Saturday morning, will include games between two Schumacher teams and two Timmins teams. The boys are showing up well in hockey and their matches are proving interesting exhibitions.

Mrs. T. J. McGrath arrived home after attending the funeral of her mother, Mrs. James Connolly, of Ottawa. Miss Lillian Breen, of Ottawa, accompanied Mrs. McGrath to Timmins.

Mr. E. P. Heaton, Fire Marshal for Ontario, will be among the special guests at the Convention and Banquet of the Temiskaming Firemen's Association at South Porcupine on Thursday (tomorrow) evening. Mr. Heaton sent word this week that he would be present in response to the invitation sent him by the Association.

Mr. Duncan Campbell returned yesterday to Haileybury after a three weeks' visit to Timmins and district. Mr. Campbell came to the Camp for a three days' visit, but found so many old friends here and made so many new ones that the days naturally stretched to weeks, and then were not long enough to see all the old-timers of the early days of the Porcupine.

While at hockey practice this week, "Fat" Levine had the misfortune to have his nose broken by a high, close-in shot. The brave young goal-tender, however, looks on it all as just a part of the game. "I'm going to stop all I can," he says, "but I'd sooner not stop them with my nose any more." All will regret the ill-luck to this promising young goal-keeper and sincerely hope that he will soon be none the worse and feel none the worse for the accident.

Mr. C. H. Poirier, of New York, is a visitor to the Camp this week.

Dr. McIntosh Bell is a visitor to the Camp this week.

A Euchre and Dance, under the auspices of the L.O.L., will be held in the I.O.O.F. Hall, Timmins, on Friday evening, Feb. 15th. Refreshments.

According to information recently given out by officials, over a quarter of a million acres of mining land in Northern Ontario were staked by prospectors in 1923. There were approximately 6,000 mining claims recorded during the year.

"Why Worry," featuring Harold Lloyd and another seven-foot strong man, in one of the most amusing and entertaining motion pictures of several seasons, drew crowded houses at the New Empire Theatre last Friday and Saturday.

Chief of Police O'Malley and Night Constable Montgomery of Cochrane have resigned from the Cochrane police force. The former Chief of Police has taken over the Empire Theatre at Cochrane and ex-Night Constable Montgomery has taken over David's Bowling Alley.

Mrs. Ralph Calverley left on Saturday for Toronto to be with her little girl who has been at the Hospital for Sick Children undergoing treatment. It has been found that two operations—one on the neck and the other on the spine—will be required to restore the little girl to health. Wishes will be very heart-felt that these operations are successfully carried through and the child brought back to health and strength.

Tuesday evening last week the "paper special" from Iroquois Falls was derailed about a mile north of Matheson. Twenty-three cars of paper skidded off the track into the snow. The cause of the derailment is not known, but the deep snow saved the railway from serious loss. The track was little torn up. The engine remained on the track and the cars went only a little distance off the rails. Little damage was done and the train was back on the line and on its way again before morning.

The next regular meeting of the Town Council is booked for Monday, Feb. 11th, at 4 p.m., in the Council Chamber.

The Cochrane Post last week says: "Mrs. David Chalmers returned from Timmins where she was visiting her daughter, Mrs. Smith."

The work of completing the installation of the waterworks at Kirkland Lake is making good progress, and it is expected that the "water will be on" this month.

Both freight and passenger traffic has been unusually heavy on the T. & N.O. Railway recently, the number of passengers and the amount of freight handled being much greater than usual at this time of year.

After we examine your eyes we will tell you as to whether you suffer from an astigmatism. It may be a simple myopic astigmatism that can be corrected with simple lenses. It may be a compounded astigmatism that can be corrected with glasses of stronger focusing density. Let us serve you in our capacity of experienced optometrists.
