SALE of LAND
IN
THE PORCUPINE GOLD AREA
ONTARIO.

NOTICE is hereby given that under and by virtue of an Order-in-Council dated the 11th day of December, 1923, that part of the bed of Porcupine Lake in the townships of Whitney and Tisdale, in the Porcupine Mining Division, remaining the property of the Crown and containing 539 acres more or less, together with the mines, minerals and mining rights therein and thereunder, is offered for sale by public tender on the following conditions:

Tenders to be received not later than 12 o'clock noon on Thursday the 15th day of May, 1924.

Tenders to name a lump sum for the said land, payable in full within fifteen days of the acceptance of the tender.

A certified cheque for ten per cent. of the price offered to accompany each tender, forfeitable upon non-payment of the balance of the purchase money within the prescribed time.

The sale is subject to the provisions of the Mining Tax Act and any amendments thereto, and to an additional charge in favour of the Crown of two per cent. on the net profits calculated on the basis contained in the said Act.

The boundaries of the parcel to be surveyed and delimited on the ground by the Department of Mines before the day of sale.

The highest or any tender not necessarily accepted.

Tenders to be enclosed in sealed envelopes, marked on the outside in plain letters "Tender for Porcupine Lake" and forwarded by registered mail to the Minister of Mines, Parliament Buildings, Toronto, Canada.

CHARLES McCREA,
Minister of Mines,
Toronto, 17th December, 1923.

N.B.—No unauthorized insertion of this advertisement will be paid for.

FRANK McGUIRE MAKES
GOOD IN CLEVELAND, OHIO

Cleveland Plain Dealer Says He Has Become "One of the Star Forwards of United States Hockey League," in Remarkably Short Time.

Through the kindness of Mr. Maurice Nagle, now of Cleveland, but formerly of this Camp, The Advance this week received a couple of Cleveland newspapers containing extended reference to Frank McGuire, for several years the star player of the Timmins Hockey team. Mr. Nagle will be remembered as an ardent hockey fan, and he knows that the people of Timmins and district will be interested in the great success achieved by Frank McGuire in U.S. hockey. One of the newspapers referred to gives a breezy account of a game between St. Paul and Cleveland. It says that Nels Stewart, "ably seconded by the flashing Mickey McGuire" accounted for the victory for Cleveland 4 to 2. Frank scored two of the four goals. Steve Vair, of Toronto, was the referee. The other paper was The Cleveland Plain Dealer of Feb. 6th, 1924. It contains a write-up by Xen Scott, accompanied by a full length picture of Frank McGuire in the Cleveland uniform. Under the heading: "McGuire Makes Good His First Year in Cleveland. Becomes One of the Star Forwards of United States Hockey League Without the Least Delay," the following is the Plain Dealer's reference in full:

"Many players have tried to make the grade as regulars of the Cleveland hockey team. Many have tried and many have failed. Of the few who have made good, none have jumped into popularity quicker than Frank McGuire, now holding down the left wing position.

"In less than one season, though compelled to play a type of offensive different than that to which he was accustomed, McGuire has blossomed out into one of the real star forwards of the United States Hockey league. On the Cleveland forward line he has proven fully capable of standing the hurricane clip set by Nelson Stewart and Joe Debernardi.

"Not over burdened by weight, McGuire makes up for that handicap by speed and gameness. Time and again, the opposition has attempted rough tactics with the Cleveland recruit. But always McGuire has given just as good as he has received and shown ability to stand the gaff in an amazing fashion for a man of his size.

"He packs a terrific shot and great ability to scamper down the side ice with the puck. His ability to hook shots into the net from a difficult angle gives him rank at present as the fourth best scorer in Group 2, being surpassed only by his teammates, Stewart and Debernardi, and White of Pittsburgh.

"But McGuire's real worth is his ability to perform in combination. He is a player who does not hog the puck. There is no individualism in his play. His efforts are for the team, making him the type of player much sought but seldom found.

"McGuire comes from Rivenhurst, in the Muskoka Lake region of Ontario. Incidentally, Moose Jamieson hailed from the same section. At Rivenhurst, McGuire played his first hockey trying his hand at the sport when a wee, little lad. As he grew older his ability soon became recognized, and he finally joined the team at Timmins, Ont.

"For many seasons McGuire played with Timmins and was reckoned as the star forward of that sextet. This season Timmins is not represented by a team, and McGuire decided to try his luck with the Cleveland team. That decision seems to have been a fortunate one for Cleveland, as McGuire has rounded out the Cleveland sextet into one of real championship caliber.

Laughing is a much better exercise than kicking.

FOR SALE.

Fire Wood in any lengths to suit, from 14 inches to wood in log. Dry and green Jackpine. Prices very reasonable. Order your wood now before the rush.

How Do You Know You
Haven't Neurasthenia?

"Never before in the world's history has there been such an excess of cases of run-down constitutions where the nerves of both men and women alike show the need of an upbuilding tonic. The condition known as neurasthenia being the most common and most widely known ailment—makes you feel miserable and depressed—have the "Blues" and existence is nothing short of misery." This is the clipping referred to in the following letter from Mr. Moore: "As a user of your tonic known as Carnol, I wish to state that it is the leader of all tonics. That's the way I speak of it. The clipping enclosed is just the way my wife felt, also she could not eat or relish a meal. Now she is always ready for her meals and work is no burden. I have tried all kinds of tonics but none did what Carnol has done. It was recommended to me and it is a pleasure for me to recommend it to others because of what it did for my wife. Anyone who is in need of a tonic or body builder should use Carnol. You can use my recommendation anywhere or any way you like. That's how much faith I have in Carnol. Excuse me writing to you, also accept my thanks for the tonic known as Carnol."—J. Moore, 18 Kolyat St., Toronto. 17-9
Carnol is sold by all good druggists everywhere.

NEARBY SENDING STATIONS
BLAMED FOR DIFFICULTIES

Radio fans will be interested in any discussion as to why receiving sets fail to bring results at certain times. Recently, the fans in this district have been tuning in without very good results. Night after night recently radio amateurs have been reporting poor luck. This has been true even of the sets that hitherto have been "getting pretty near everything." Various explanations are given in cases like this, but few, if any, seem to fit the case. When a receiving set has been tried out and proven under what appears to be similar conditions, it is not easy to believe that either the equipment or the operator is at fault. And Radio has developed to such a stage that people are no longer contented to say

"Static," and let it go at that. Sudbury radio enthusiasts are understood to have met with great success until recently. Recently, however, with all conditions apparently favourable, they have had difficulties in getting the former type of results from their receiving sets. Some of them are said to blame the alteration in results on the sending station recently installed at Sudbury. They are not clear in suggesting just how the trouble arises. Whether the sending station in its work creates conditions that interfere with reception nearby, or just how the difficulty arises. The matter in any case is worthy of some consideration, for it is a fact that recently something has been affecting reception. Programmes are not coming clearly as they did. It is only fair to say that since the establishment of the Sudbury and Sandy Falls sending stations programmes were heard for some time clearly and successfully in these districts. The sending stations may have absolutely nothing to do with the difficulty, but in any case a study of the matter might be well worth while, as it might reveal what the trouble has been recently. Perhaps, the sending stations in defending themselves may explain the reason for the fact that a number of amateurs who previously were receiving all sorts of good programmes clearly and successfully have recently failed to secure equally good results.

MEMBER FOR COCHRANE
SPEAKS ON NORTH LAND

Mr. Malcolm Lang, M.P.P., for Cochrane Riding, last week addressed a large gathering at the annual meeting of the West Elgin Liberal Association, held at Dutton, Ont. The member for this riding spoke of the untold possibilities in Northern Ontario and urged the full development of the country. His address made a decided impression on the big gathering, according to the despatches in the daily newspapers.

Some men wake up and find themselves famous; others never wake up.

Our
Facilities

To be of the greatest service to a business concern a Bank must have full and adequate facilities. With over 190 branches throughout Canada and with strong affiliations abroad, this Bank can offer business houses a service that satisfactorily fulfills all demands of local, national and foreign trade.
