

Timmins and District Notes

The Juvenile Party, which was to have been held this Wednesday evening by the A.S.D. Club has been postponed until a future date.

Mr. and Mrs. J. R. Todd and Mr. and Mrs. J. W. Fogg have returned from a visit to Florida and other points south.

Innumerable friends in Timmins will regret to know that Mrs. W. W. Worthington is ill with appendicitis, and all will wish her speedy and complete return to health.

Mr. and Mrs. C. M. Auer are in Toronto after an extended visit to the far south. They are expected back to Timmins in the course of a few days.

On Thursday night last some local radio fans were able to listen-in on Hastings, Nebraska. The reception was remarkably clear and distinct. These fans, however, should be careful. Some night they may tune in on Lincoln, Nebraska, while William J. Bryan is delivering a grape-juice oration on the prohibition of liquor drinking and the descent from monkeys.

Mr. Robt. Stinson, of Montreal, spent a few days in the Camp last week.

Mr. E. H. Hill was a visitor to Toronto last week and saw some of the sensational hockey matches.

(Over 50 Scottish folk attended the meeting some days ago in Sudbury to organize a Caledonian Society for the Nickel Town. Col. D. M. Brodie was elected President, and Mr. R. M. Glenssk, secretary. Thirty-five members have already signed up.)

The annual meeting of the Porcupine Davidson Mine is announced as to be held on March 28th. Sir Archibald McNeilson, the president, is expected to arrive in time for the meeting. It is understood that the company has a big development campaign under way and that there are liquid assets of about \$375,000.00 to finance work and expansion.

Mr. G. Anderson, manager of the Great Northern Power Co., left on Tuesday for a business visit to Toronto, Brockville, Ogdensburg and Montreal.

The Sudbury Star last week says:—"Hugh McCabe, of Timmins, spent the week-end in town with friends."

A very enjoyable sleigh drive was held by about thirty of the younger people of the town last Friday evening. The party left Timmins and drove out to the Hayden Mine, where a lunch was had, followed by an impromptu dance.

Among those taking in the big hockey matches in Toronto last week were Messrs. W. Pierce, F. Aspect and Frank Kehoe. Mr. W. Pierce went on to see the contest at Ottawa between the Champions of Ontario (Sault Ste. Marie) and the Champions of Eastern Canada (Sons of Ireland).

A. J. McAllister, foreman of telephone construction for the Ontario Forestry Department, is reported as encountering hair-splitting adventures on a recent trip from Red Cedar Lake to Field, on the C.N.R. near Sudbury. He is reported as escaping death from drowning, the margin being a narrow one; meeting two separate packs of wolves; and eventually arriving at Field almost sightless from snow blindness. The wolves did not attempt to attack him. After a couple of days' rest at Field Mr. McAllister fully recovered his sight and was none the worse for the adventures.

Mr. and Mrs. W. J. Browne left on Tuesday morning for England. During their residence in town they have made large circles of friends all of whom will regret their departure. Mr. Browne recently sold his photographic studio business to Mr. A. Tomkinson. Mr. and Mrs. Browne will pay a holiday visit to England, but have not decided on their plans further. As a business man and in musical circles, particularly with the Timmins Citizens' Band, Mr. Browne proved himself a very valuable citizen and he will be specially missed in musical and fraternal circles. Previous to his departure Timmins Citizens' Band took occasion to express its appreciation for his generous citizenship, as will be noted in the report elsewhere in this issue of the annual Band banquet.

The New Liskeard Speaker last week says:—"Mr. Sam G. Eplett is now in Timmins, in charge of the S. D. Eplett & Sons' Icecream business throughout the Gold Camp District. Mrs. Eplett, accompanied by her sister, Mrs. Roy Grills, went up to her new home on Saturday last. Mrs. Grills will spend a short time with Mrs. Eplett."

At the Assizes at New Liskeard this week there is one murder case, two rape cases and one charge of indecent assault. None of the cases originated in New Liskeard, but it must be objectionable to the good people of the Creamery Town to have these trials going on The Liskeard people should all move up to Timmins and get away from murder trials and worse.

"Scotty" Wilson at the piano provided the music for the dancing. The usual refreshments were served by the young lady members of the Club.

Walter Hewitt, a young man employed at the Gardner-Guilford Mines, near Matheson, fell down the shaft at that property last week and was later found dead at the bottom, with his skull fractured. Under the heading of "Leap Year," The War Cry refers to the growth of the sales of its paper in Timmins as follows:—"Another leap of 25 is registered by Timmins, that sturdy young Corps planted among the forests, way up North. 265 copies weekly we should say is a mighty creditable showing—especially when one thinks of Lisgar Street 170, Riverdale 150, and—oh well, you know the list of Immovables."

The Timmins Orange Lodge are holding another of the series of Euchres and Dances on Friday, April 11th.
