WEDNESDAY, APRIL 2ND, 1924.

TWO IMPORTANT VOTES

Mr. Mac Lang, Member for this riding, cast two important votes last week in the Legislature. One vote was for Church Union, and the other for Seven Per Cent. Beer.

VACCINATION RECOMMENDED

While there has not been a single case of smallpox in Timmins or district this year, it is well worth while to consider the precautions and preventive measures that will protect the town and citizens from cases of the disease. Cochrane has had a number of cases of smallpox and there are a couple of cases of the disease reported at Ansonville, the suburb of Iroquois Falls. In neither the case of Cochrane nor that of Ansonville, did the disease originate in the town, but was due to infected persons coming in from outside. With the transient nature of the population in the North Land towns and the unusual amount of travel to and fro, there is always the danger of diseases being carried into towns that would otherwise have a clean bill of health. Recognizing this danger, the Town of Iroquois Falls has instituted a general vaccination as a precaution against smallpox. Should the disease be contracted by anyone in this immediate vicinity general vaccination will no doubt be instituted in Timmins. Would it not be a good idea for the citizens generally to institute a general vaccination of their own? The local Board of Health recommends vaccination as a safeguard for Timmins. Vaccination will protect the individual from danger of contracting the disease. It will protect the town. General vaccination now would make it impossible for smallpox to start and spread here at this time. It will be worth while for anyone who has not been vaccinated recently to take this precautionary measure now. Apart from the protection thus afforded to the individual and the general public, there is a very material convenience enjoyed by the vaccinated person in case he should come in accidental contact with the disease. Medical men have such confidence in the virtue of vaccination that vaccinated persons are given special consideration in the matter of quarantine. From every viewpoint, vaccination seems to have special advantages, and it would appear to be a good plan for the public to follow the suggestion of the Board of Health and protect themselves and the town by forestalling danger through present voluntary vaccination.

VOTE ON THE FIRE TRUCK BY-LAW

Town Councils always come in for considerable criticism, and the inference may naturally be made that the critics believe that they could do things much better than those who carry along the responsibilities of office. It is against all experience to agree that the critics would do better than those who actually give their time to work for the town, rather than just talk. However, every once in a while the critics have opportunity to show the value of their judgment. They have an opportunity in the case of the vote on the proposed motor fire truck by-law. The Council has left the question to the vote of the people. The voters are to decide. Now, those who know a thing or two about municipal matters, have their chance to show what they know. Does the Town need further fire-fighting equipment? Is it good policy to spend money for fire protection rather than in high insurance rates? Will the proposed combination chemical and hose truck be a good business purchase for the town? Will the two or three dollars a year that the average ratepayer will have to pay in taxes for the purchase of the proposed equipment be offset by the added safety to life and property? These are the type of questions that Town Councils continually have before them. The vote on the by-law will show whether the judgment of the ratepayers in general is as sound and thoughtful as that of their elected representatives.

Every voter should exercise his or her franchise on this by-law. Fire protection is a matter of vital importance to the town. Every good citizen should study the question and express his or her well-weighted opinion

by the ballot. In all previous votes on by-laws the voting has been ridiculously light. This should not be so, and the lack of active interest thus displayed puts most of the critics out of the running. It shows that when they have opportunity to express their opinion with effectiveness, they carelessly let the chance go by. They simply talk. In the voting on the by-law next Wednesday, a fairer procedure should obtain. Every voter should give the question the closest study, and then make a point of voting so that his opinion may have force and effect. The voting decides the question. The vote should be a particularly large and carefully considered one. Vote on the by-law. It has been suggested that the question has resolved itself into a contest between the Mayor and the Fire Chief. If this were so, it would be natural to expect that the by-law would be defeated. But, though the Mayor and Fire Chief take opposite sides on the question, that fact is only a side issue. The real contest has nothing to do with personal opinions. It resolves itself into a consideration of what is best to maintain and increase fire fighting facilities and fire protection for Timmins. The by-law was passed with the approval of every member of the present Council. Last year the Council passed a resolution for the purchase of the same type of truck with the additional equipment of a pumper. Last year the Mayor favoured the type of equipment now proposed, but in the meantime he has changed his opinion in the matter, and now recommends a cheaper type of truck. The whole question is one not to be settled by any duel between the Mayor and the Fire Chief, but to be decided by the vote of the property-holders and lease-holders. It is up to the voters.

SCHUMACHER RATEPAYERS' ASSOCIATION ON MONDAY

There will be a meeting of the Schumacher Ratepayers' Association on Monday evening, April 7th, at 7:30 sharp in the McIntyre Recreation Hall.

AN APPRECIATION OF THE LIFE OF THE LATE DR. BRISCO

In an editorial article recently published in the Chatham daily newspaper there is a beautiful expression of appreciation for the life and character of the late Dr. Brisco. Timmins friends will be pleased to have it reproduced herewith. Under the heading, "The Unanswerable Question," the Chatham newspaper says:— "The untimely death of Doctor Clarence Brisco raises again that unanswerable question so often voiced under such circumstances, 'Why?' Why is it that, sometimes, an inscrutable providence selects one whose life, full of the promise of golden achievement, is still in its spring? Why is mankind deprived of one qualified, as this young man was unquestionably qualified, for an exceedingly great measure of useful and brilliant service? "The answer to that question can be found only in Christian faith. "Clarence Brisco was a brilliant student. At an early age—an age unusually young, as some thought impossibly young—he graduated from Toronto University. As a member of the Royal Army Medical Corps he rendered distinguished services in France, won the rank of major, was several times mentioned in despatches for valor under fire, and won the military cross and bar three times. "The relatives who loved him, the friends who admired him, have at least this consolation in their loss, that Clarence Brisco lived in times when life, if it might be brief, could at least be glorious, and that the fullest measure of honor and glory were his. His record of war service was fuller of achievement than many lives thrice as long as his. His career was measured, 'in deeds, and not in letters on a dial.'"

Mrs. Brown—Elsie, why isn't your brother Robert at the party, too?
Elsie—Please'm, Bobby's been a good boy all week, and mother said he needn't come.

What we need is not people who will rewrite the Bible, but people who will reread it.—New York Tribune.

Quantity production tends to cheapen almost everything, including laws.—San Francisco Chronicle.

It is well to remember that Adam's fall came before and not after he learned to sweat for a living.—Roches Times-Union.

Smoke over the Ruhr factories will be the first sign that France and Germany are puffing the pipe of peace.—Norfolk Virginian-Pilot.

The average man now lives thirty-one years longer than he did in 1800. He has to in order to get his taxes paid.—Athens (Ga.) News.

PLEASING MUSICAL NIGHT AT CALEDONIANS FRIDAY

Friday evening last was Musical Night at the Caledonian Society and an unusually attractive programme had been arranged by Mr. Jas. Cowan for the occasion. (Mr. J. R. Newman's Cello solo won very hearty appreciation. In her first appearance before the Society as a soloist Miss White, of Schumacher, made a decided hit with her promising voice and her pleasing rendition of an attractive solo. She was enthusiastically encored. Mrs. Harris also won hearty recall by her gifted solo singing, her fine trained voice being heard to advantage. Mr. A. J. Downie gave a capable rendition of a rollicking Scottish song, the gathering joining in the chorus, and the encore being most decided. Mr. Downie's monologue number was another attractive item on the evening's good programme. Mr. Jas. Geils is always popular as a soloist, but his rendition Friday evening of the new humorous song, "It Ain't Going to Rain No More," made even more than the usual good hit. Mr. Thomson was another soloist pleasing the gathering with a well-rendered selection. In instrumental music, there was an equally fine array of talent. Mr. Cunliffe and Mr. Kearney at the piano and Mr. Bridges and Mr. Jas. Geils on the violin furnished the finest of music for the evening. As usual, dancing and the best of refreshments were features of the pleasant evening. Mr. W. D. Wait, Vice-President, presided capably for the evening, in the absence of the President, Mr. D. MacKie, who was confined to his home through illness. During the evening some new members were welcomed into the Society. Mr. P. A. Macaulay took advantage of the opportunity to announce to the many returned soldiers present that an Anniversary Dinner to observe the anniversary of the Battle of Vimy Ridge was to be held at South Porcupine on April 9th, and that all returned soldiers in the Porcupine were cordially invited to attend the event.

BIG GRIST OF CASES AT LAST THURSDAY'S COURT

Magistrate Atkinson had one more busy day at police court here last Thursday. There were five ordinary unadorned drunks, \$10 and costs each was the answer. H. Kastella, K. Maki and F. Sogabehone, each were fined \$200.00 and costs for illegally having liquor. W. Waisoner, on the charge of assaulting Mrs. L. L. Richards, was assessed \$20.00 and costs. He was drunk when he interfered with the lady and sorry when he sobered up, so escaped with a fine. G. Gauthier was faced with two charges one of assault and the other under the Deserted Wife's Maintenance Act. A remand was made in each case to this week. M. Villeneuve was remanded a week on the charge of obstructing the street. A charge under the Deserted Wife's Maintenance Act against One Martell fell rather flat. The complainant admitted that she was not married to the accused. "Then he does not have to keep you," commented the Magistrate as he dismissed the case. Mrs. N. Thibault, on a charge of receiving stolen goods, was sentenced to three months at North Bay. Mrs. J. Thibault, on a charge of theft, was given a suspended sentence. These are the two women concerned in recent shop-lifting work at several local stores. They are sisters-in-law, and Mrs. N. Thibault is the older of the two and seemed to have been the ring-leader in the wrong-doing. Mrs. J. Thibault, who appeared in court with her small baby in her arms, seemed to feel her position very keenly, but the other woman appeared to accept the sentence of three months without particular emotion. A young fellow recently come to town and to Canada was fined \$1.00 and costs for disorderly conduct. He did the yodeling act after midnight the previous week-end and gave the police a foot-race. The police won the heat, and the lad went to the cooler. Maria Silvestre, S. Francisco and A. Rossi were remanded to this week on assault charges, and with Catherine Anderina will appear before the Magistrate on Thursday this week. The cases arise out of a little row in Moneta some days ago. Constable Bennett had O.T.A. charges against J. Ovas, M. Popperovich and Turner, the cases being remanded to this week.

GIRL WANTED for general housework. Apply to Mrs. Moffatt's Hospital, 55 Spruce street, Timmins.

Annual meeting of the Timmins Football Club on Friday evening of this week, April 4th, in the Council Chamber, at 8 p.m.
