

Timmins and District Notes

Mr. Sells, manager of the Iroquois Falls Steam Laundry, was a visitor to Timmins last week.

Mr. F. J. Wolno, leader of the Timmins Citizens' Band, left the hospital Monday, practically recovered from the effects of his recent operation.

Innumerable friends were pleased to see Mr. D. Mackie able to be out again this week, after being confined to the house for a couple of days through illness.

Mr. and Mrs. H. Shaefer, Moneta, announce the marriage of their daughter, Miss Ida Shaefer, to Mr. Harry Rosenbloom, the wedding to take place at the Hebrew Congregation Hall, Cedar street, Timmins, on Sunday, April 6th, at 7 p.m.

Several prominent radio broadcasting stations in Canada and the United States have agreed to put an invitation on the air to all old-timers to attend the Old-Timers' Re-Union at Cobalt this summer.

Mr. P. S. Taylor, now of Toronto, was a business visitor to the Camp this week. "Pete" was for years a popular resident of Timmins and one of the old stand-bys of the Fire Dept. He now represents Stratford firms making high-grade furniture, etc.

Mr. W. M. Houseman, of Toronto, was a visitor to the Camp this week.

Mr. T. C. Clark, of Toronto, is on a business visit to the Camp.

The next regular meeting of the Town Council is scheduled for Monday afternoon, April 14th.

Mrs. Orr, who has been on an extended visit to her daughter, Mrs. J. A. Macpherson at Schumacher, returned on Monday to her home at Arthur, Ontario.

Cobalt last week organized a Male Choir, about twenty men attending the organization meeting. The new Cobalt Male Choir intend to stage a Minstrel Show in the near future, preparations already being under way for this event.

Judging from items appearing recently in outside newspapers, R. B. Stewart & Co., contractors on the T. & N.O. Ry. extension have been forced into liquidation by the claims of creditors. The liabilities are around \$16,000.00. The Government some time ago took over the completion of the work as the contractors were unable to carry it through on the scheduled contract time. Among the principal creditors for supplies are the National Grocers and Hewson, Gauthier & Co., Cochrane.

BANK OF MONTREAL MOVES TO HANDSOME PREMISES

Saturday last the Timmins branch of the Bank of Montreal moved from its temporary quarters opposite the New Empire Theatre to the handsomely appointed new building next the Post Office. The Bank of Montreal is now housed in a handsome three-storey brick building, fire-proof, up-to-date, and as commodious and well-appointed as any bank premises north of Toronto.

An item in the Kirkland Lake news of the Northern News, of Cobalt, last week says:—"Mr. E. Neelands, formerly of the firm of Sutcliffe & Neelands, New Liskeard, has been appointed resident engineer of the Northern Development Branch, in the place of Mr. Snaith, who has returned to Toronto."

Mr. Chas. Pierce returned on Friday last from a visit to Hamilton, Montreal and other southern centres. At Hamilton he had an interesting and pleasing visit, but at Montreal his stay was spoiled by an attack of illness, from which, however, he is now making good progress to recovery.

Major and Mrs. Knight, of North Bay, will visit the Timmins S.A. on April 19th, 20th and 21st. This will be Mrs. Knight's first visit to this Camp, but the Divisional Commander, Major Knight, has paid several visits to Timmins where special appreciation has been shown for his expert work as a trombone player, as well as for his eloquence as a speaker.

Newspaper headings are all right as a class, but they need close and constant watching to keep from running amuck. For instance, last week The Northern News, of Cobalt, had a big heading right across the front page in bold, black, inch-high type: "Lorrain Railway Ordered—Verdict 'Not Guilty.'" If the Lorrain Railway had not been "ordered," the Government might have been considered guilty of neglecting the interests of the North Land, but The Northern News did not mean that. The last phrase in the heading referred to a case at the Temiskaming Assizes. In reference to this Assizes case, The New Liskeard Speaker had a sub-heading on the front page, reading:—"Jurors Looked Up Over Night—On Manslaughter Charge." The Speaker did not mean this, either.

HOLLINGER DIVIDEND NO. 122 PAYABLE APRIL 21ST

The Hollinger Consolidated Gold Mines, Limited, announces Dividend No. 122, a dividend of one per cent on the outstanding capital stock to be paid on April 21st to shareholders of record April 3rd.

BAND CONCERT TO BE HELD ON SUNDAY, APRIL 13th.

Owing to the Band Leader being in hospital until this week, there was no band concert in March, but there will be two held in April or May, and the regular open air band concerts will commence in June.

The next band concert is scheduled for Sunday evening, April 13th, in the New Empire Theatre, after the church services. There will be a good programme of vocal and instrumental solos, etc., as well as new selections by the Band. Remember the date—April 13th.

SPECIAL MUSIC, FEATURE OF "THE COVERED WAGON"

The New Empire Theatre last Wednesday and Thursday had bumper houses for the presentation of the special motion picture, "The Covered Wagon." "The Covered Wagon" portrays in very clever and artistic way the settlement of Oregon and the experiences of the sturdy pioneers who trekked two thousand miles across prairie lands to settle in the New West. The picture was staged with striking artistic skill and the scenes depicted were remarkable examples of good photography. This Paramount picture proved it deserved the popularity it is enjoying in the south. While all will admit it was a good picture, there was special interest and pleasure here in the excellent orchestra travelling with this picture. The fine music furnished by this orchestra delighted all. Mr. Hyman, violinist at the New Empire, played with the special travelling orchestra while it was in Timmins.

Mr. Robt. W. Knight, of Montreal, was a visitor to the Camp last week.

WHEN THE WHIP CRACKS

Mr. J. A. Pinard, M.P.P. for Ottawa East, last week moved an amendment to the Ontario Temperance Act, to permit the sale of seven per cent. beer. Only six members of the Legislature voted for the measure. The Liberal Leader, Mr. Sinclair, said he had not been consulted and was opposed to the measure. Mr. Pinard at once resigned his position as Chief Liberal Whip in the Ontario House. Lovers of beer will cut out this picture and file for future reference.

Have Your Eyes Outgrown Your Glasses

If you are still using the glasses that were prescribed for you two years ago it is highly probable that you should have your eyes re-examined. You may find that your eyes have improved to such an extent that you no longer require glasses, or a change of lenses may give you more comfort and better vision.
