

**ONE BOTTLE
ACCOMPLISHED WONDERS**

Draco quickly demonstrates its system-building properties to Mrs. Ridings. Feels and looks better and recommends remedy at every chance.

Mrs. G. Ridings of 16 Kitchener Ave., Toronto, noticed beneficial results from her very first bottle of Draco. She tells in the following statement how this sterling remedy is building up her system.

"My entire system had been terribly run down" says Mrs. Ridings "and try as I might I could get no medicine to build me up. I had an attack of LaGrippe and pleurisy which greatly weakened me. Having been a sufferer from muscular rheumatism the pains seemed even worse than usual and I was told that I had neuralgia of the heart. These sharp pains would cause shortness of breath and on top of it all my stomach became ulcerated which affected my mouth as well. It was so sore I could scarcely eat.

"To sleep at nights was almost impossible. My nerves were all on edge and I felt tired out all the time.

Draco seemed to go right to the bottom of my trouble at once. I can now manage my housework easily. I eat anything I wish and feel just fine when I get up in the mornings. The pains through my side and limbs have gone. Everyone tells me I'm looking so much better and I surely do feel fine."

Sufferings such as were wrecking the life of Mrs. Ridings are invariably aided by the use of Draco. The liver, stomach, bowels and kidneys alike benefit from its use. Draco is purely herbal and contains no mercury, potash or habit forming drugs.

**SHEPHERDSON & SON MILL
BURNED AT NEW LISKEARD**

Last week the saw mill of Shepherdson & Sons, New Liskeard, was destroyed by fire, the loss being around \$3,500.00, and less than a third of this being covered by insurance. The fire started in the planing mill, which had not been in use this spring, and Mr. Shepherdson suspects incendiaryism. Shepherdson & Sons will continue to operate their factory for the manufacture of boxes and small woodenware, but the loss of the saw mill is a serious loss to them.

**THINKS THERE WILL BE NO
SENIOR HOCKEY NEXT YEAR**

The following is from the last issue of The Sudbury Star:—

"The senior series of the N.O.H.A. is tottering, and unless the wind suddenly veers around, it will pass out of existence, at least temporarily, for the 1924-1925 season. The Sudbury Club will not have a senior team. That much seems certain, and from a letter received from Iroquois Falls on Thursday morning, it would appear that the Papermakers will also drop out. They ask if Sudbury is going to have a team, the inference being that if the Wolves do not enter, neither will Iroquois Falls. They had previously intimated that they would have no more of a two-team group. Most of the Falls players have already left, but would come back if wanted. If the Soo decides to continue senior hockey it would have to ally itself with American teams and draw a bye in the N.O.H.A. to enter the Allan Cup elimination series. Jimmy Scully, of Timmins, who is a visitor in Sudbury this week, says the Miners are not considering senior hockey."

**ONLY ELECTRIC OVEN IN
THIS PART OF NORTH LAND.**

Announcement is made of the opening of Mackie's Electric Bakery on Thursday of this week, April 24th. The new bakery is situated on the River Road, three doors this side of Gray's Drug Store. It is one of the most up-to-date and best equipped bakeries north of Toronto. A fine new building, with modern machinery and equipment, will be formally opened to the public tomorrow. In the meantime, work has been in progress at the shop and the equipment satisfactorily tried out. In the equipment is a modern type of electric oven—the only electric bake oven in this part of the North Land. Indeed, to find another electric bake oven, it will be necessary to travel at least 400 miles from Timmins by rail. The motto of Mackie's Electric Bakery is: "Made clean, kept clean and sold clean,"—a motto that will no doubt have particular appeal to the public. In connection with the bake shop, with its specialties of cakes, bread, confectionery, Mackie's Electric Bakery also has an up-to-date Tea Room, which those on trips to and from the river will no doubt find a pleasing convenience.

**INTERESTING PROGRAMME
AT KIWANIS LUNCHEON**

Although the attendance was below par yesterday, the weekly Kiwanis luncheon was a pleasing success. The speaker for the day was unable to come from Haileybury, wiring his regrets a few hours previous to the luncheon. Speeches by members were among the features of the luncheon, several plans being advocated for increase in attendance at the luncheon. The guests for the day were Messrs. D. H. Cockburn, A. M. Mavor and P. McFarren, of Toronto, and Messrs. W. H. Wilson, F. Byck and D. Bell, of town. Rev. J. D. Parks was awarded the Attendance prize. Mr. E. Fortin favoured with a popular song and there were the usual choruses, etc. A feature of the event was the violin solo by Mr. Dave Bell, Mr. R. R. Johnston playing the piano accompaniment.

**JUVENILE PARTY AT THE
A.S.D. CLUB THIS EVENING**

The feature at the last regular meeting of the A.S.D. Club was a Bridge Party. The attendance was not large, but an enjoyable time was spent by all. There were twelve tables of Bridge, prizes being awarded the winners. Miss Maude Boyd won the ladies first, Mr. L. R. Kelly winning the gentlemen's first. Consolation prizes were awarded to Miss Belle Stirling and Mr. J. Jacobs.

After the Bridge, dancing was enjoyed by the members present. Refreshments were served by the young lady members of the Club. Mr. Robt. Hoggarth, for the past two years president of the Club, tendered his resignation on Wednesday. Mr. Hoggarth explained that owing to his having opened up a hardware store in town he felt he could not give the necessary time and attention to the office of president, and he would rather resign than feel that he was not doing his best by the Club. The resignation was referred to the executive, and the election of a new president will be held this evening. The feature for the meeting this evening is a Juvenile Party, and an enjoyable time is assured all the members attending. Next week it is the intention to hold a Novelty Masquerade, this completing the schedule for the month of April.

Some wise man said, "It seems the only way that a rich man can be healthy is to live as though he were poor."

**THE ADVANCE TWICE AS
BADLY USED AS THE SPEAKER**

The New Liskeard Speaker objects very rightly to the mean trick of a correspondent using a fictitious name and writing from Schumacher giving information regarding the alleged birth of a child to a certain married couple. The Speaker used the information, only to learn later that it was all a nasty hoax. As The Speaker puts the matter, "the writer must be a person of very poor discrimination, and very deficient in mentality." The Advance, however, has twice as big a kick as The Speaker in a similar attempt at a hoax. A voice called this office a couple of weeks ago, saying it was Nurse So-and-So speaking and asking the newspaper to announce TWINS as being born to an estimable couple in town. The voice specified the twins as weighing ten pounds each and gave other alleged details. The Advance made enquiries and learned that the suggested "news" was just as much "exaggerated" as Mark Twain found the premature report of his own death. In this case the perverted "joker" fooled nobody but himself, or herself, or itself, as the case may be. The law provides rather heavy penalties for "the giving of false information to a newspaper," and in self-protection one of these days some newspaper will play a real joke on one of these would-be jokers by tracing up the silly liar and prosecuting him, her, or it, as the case may be, according to law.

**BE A BOOSTER
FOR TIMMINS**

If you expect Timmins to grow, patronize Home Industry. Be a Booster for Eplett's Ice Cream. It's Made Here.

Eplett's Ice Cream is Pure and Made from Pure Sweet Cream. It is Fresh Every Day. Demand it. Try Our Bricks. They Save Time and Worry at the Afternoon Tea.

Use Eplett's Pastuerized Milk, Whipping Cream, Buttermilk and Fresh Churned Butter.

BIRD'S ROOFS

Durable, Handsome, Economical

THE three important things any man seeks when buying a roof for his new home are durability, beauty and economy. All these qualities are combined in Bird's Canadian Twin Shingles as in no other roof.

BIRD'S "CANADIAN" TWIN SHINGLES

are everlastingly waterproof and firesafe, and will give years of service.

They have all the distinctive appearance of slate, and their soft non-fading green or red harmonize with any surroundings.

They save one-third the labor over ordinary shingles and require less nails. They are two shingles in one (20 inch x 10 inch), self-spacing, and prove the most economical in all ways.

Made by Bird & Son, Limited, Hamilton, who manufacture roofings to meet any pocket book.

Come in and see "Canadian Twin Shingles" before you decide which roof you'll buy.

Paroid Roofs are handsome, durable, fire proof. They defy time and wear because they are weather proof. Made in three colours green, red and grey.
