

## Timmins and District Notes

Mr. Ronald Leckie, of New York, was a Timmins visitor last week.

Mr. A. W. Pickering spent the week-end in Cochrane.

Mr. Frank McGuire is expected home here from Cleveland on a visit tomorrow evening.

Mr. Andrew Furlong, of Boston, Mass., was a visitor to the Camp this week.

Mr. George Corrigan is one of the contractors having contracts on the new branch railway line into Lorrain.

Mr. Geo. Caldwell, Sheriff of Temiskaming District, was up from Haileybury on a visit to his son, Mr. S. A. Caldwell, Barrister, Timmins.

The new court house at Haileybury is nearly ready for occupation. It is understood that the June Court Sessions will be held in the new building.

Cochrane has a Choral Society that recently gave a concert of much excellence. The Cochrane Post refers to the Choral Society as particularly good, with the one criticism that a better balancing of male and female voices is desired, the male voices needing to be increased.

Col. Bishop, V.C. the famous air pilot, was among the distinguished visitors to Timmins last Thursday.

Mrs. A. J. Courtemanche returned on Monday night from a month's visit to the South.

Messrs. Teddy Bowles and Frank Carlin left this week on a visit to Montreal.

Gold Nugget Rebekah Lodge will be called at 7:30 p.m. sharp. This is of especial interest to members.

Dr. George, District Medical Health Officer, was recently called to Island Falls, north of Cochrane, it being reported that there was a case of smallpox at that point. Fortunately, the report proved false, the health of Island Falls proving free from contagious diseases.

The many friends in this district of Messrs. Gordon and Kenneth Murray will be interested in the following paragraph from the last issue of The Pas (Manitoba) Herald:—"Gordon and Kenneth Murray left last week for their mining property at Elbow Lake. They report that all arrangements are now made for carrying on an active programme of development during the summer. Mining machinery has been ordered and is now on the way to The Pas."

Matheson is planning to erect a new town hall and municipal building, the purchase of the necessary site being passed at a recent Council meeting.

The Porcupine Children's Aid Society held a meeting in the Council Chamber, Timmins, on Saturday last, a number of cases of importance being dealt with.

Haileybury Golf Club Limited held its annual meeting last week. Judge Hayward was elected Honorary President; Mr. G. A. Bagshaw, President; Mr. R. H. Lyman, Vice-President. The other members of the directorate are:—Messrs. W. H. Wright, E. W. Kearney, H. G. Pickard, J. G. Dickenson, and P. J. Knox. The secretary-treasurer, captain, vice-captain and committees will be appointed by the board of directors.

All greatly regretted the serious illness last week of Mr. J. T. Easton, and will be delighted to know that he is now well on the way to recovery again. Mr. Easton had some teeth extracted some days ago and the extraction was followed by hemorrhages that for a time threatened to be very serious in effect. Mr. Easton now, however, is making the best recovery, and all will soon be pleased to see him around again as usual.

Capt. Cornthwaite, of the Timmins S.A., reports the Self-Denial Fund as making good progress in town. The response to the appeal for funds to carry on the social work of the S.A. is very encouraging and it is expected that the campaign will be successful, the people usually giving generous support to the S.A. work.

Six new cases of measles were reported in Haileybury last week. The Haileyburian says that all are among children and are of a mild type. The Haileyburian concludes by saying that the children are being kept inside but no quarantine applying to adults not affected by the disease is being enforced.

Many friends here will greatly regret to learn that specialists in Toronto have found that Mr. W. A. Ogilvie, who went to the city recently for treatment, is suffering from cancer. Mr. Ogilvie is one of the well-known and respected pioneer prospectors of the North Land, and there will be general regret at his illness. He is now taking treatment at St. Michael's Hospital, Toronto.

Mr. T. F. King was in Iroquois Falls last week in connection with the opening by his brother of King's Tailor Shop at Ansonville.

Mr. J. Heppleston left on Sunday on a business visit to Toronto. Mrs. Heppleston also left at the same time to visit her parents, Mr. and Mrs. A. Brazeau, at Ottawa.

Mr. J. N. Levine returned last week from an extended visit to the South. While away he acted as one of the judges at the noted Pittsburgh Kennel Club Dog Show. While in Pittsburgh he met several old-time residents of the Porcupine, including Messrs. Frank McGuire, "Duke" McCurry and Roy Waters.

The New Liskeard Speaker refers to the New Liskeard Beach as "the Coney Island of the North." With Iroquois Falls posing as the New York of Northern Ontario, Timmins as the Montreal of the Porcupine, and South Porcupine as the Boston of this part of the country, some of the little southern centres are being considerably flattered.

The next Band Concert will be held on Sunday evening, May 18th, after the church services. An old and valued friend of the Band, Rev. Fr. Theriault will preside for the occasion, and a programme of special excellence is being arranged. This will likely be the last of the indoor concerts until the Fall, the weekly open air band concerts in the athletic grounds commencing in June.

The Northern News, of Cobalt, last week says:—"While leaving the home of a friend on Prospect Avenue last Friday Mrs. R. B. Holmes missed her footing and sustained a painful injury to one knee. At first it was thought the bone had been broken and Mrs. Holmes was taken to the Mines Hospital, but an X-ray examination showed no fracture had taken place. Mrs. Holmes was removed to her home and her daughter, Mrs. H. G. Laidlaw, came from Timmins to assist her during her indisposition."
