

# NEW EQUIPMENT

Being Installed Makes The Advance

## **The Best Equipped Printing Office in the North Land**

Right along The Advance has been adding to its equipment and its service to the public and saying little about it. This week, however, The Advance is adding so materially to the present big plant as to make the matter of general public interest. A new \$5000.00 cylinder press for large work is being put in. The equipment here will now include:--

2 large Cylinder Presses    3 Platen Presses    1 Automatic Press  
Up-to-date Linotype with complete equipment, giving the use of  
nine different faces and sizes on the one typesetting machine.  
Folding Machine            Big Paper Cutter            Punching Machine  
Wire Stitcher, Etc., Etc.

The plant is more than growing with the business.    But after all,  
the big thing we have to offer is **SERVICE.**

Printing the way you want it at the time you want it
