

Timmins and District Notes

Mr. Wm. J. Sutherland, of Buffalo, N.Y., was a visitor here last week.

Mr. M. W. Summerhayes was in town for the week-end.

Mr. E. Worthington left on Monday for a visit to Toronto and other points south.

Mrs. Geo. Drew left on Friday last for a couple of months' visit to her home at Cannington.

Mr. Wm. Andrews, of the Timmins staff of the Bank of Montreal, left on Sunday to spend a vacation at his home at Belleville.

Miss Mary Boyd left on Friday for a two months' vacation in the south.

Mr. E. J. Meyers left last Thursday for a visit to Toronto.

Born—On Sunday, May 11th, 1924, to Mr. and Mrs. Joe Wojciechowski, Pine street, Moneta, a daughter.

Mr. Douglas Mutch, the new manager of the Night Hawk Peninsular, was a visitor to town last Thursday.

Mrs. H. Webb and Master Norman Webb are spending a month's holiday in Niagara Falls, N.Y.

The annual convention of the Liberal-Conservative Association of Cochrane Riding is called to meet at Cochrane on Saturday of next week, May 31st, for the election of officers and other business.

Mr. H. W. Hooker returned on Friday from a visit to Galt, where he was called by the serious illness of his uncle. While Mr. Hooker was on the way to the south, his uncle passed away, Mr. Hooker reaching his home town only to remain for the funeral.

To illustrate the up-to-the-minute methods employed in North Land business, the Northern News last week quoted the case of the order for hoisting cable given by a Rouyn company to a Cobalt firm. To send the goods by land and water routes in the ordinary way would be too slow, so the Cobalt firm gave service by shipping the cable by airship. The cable weighed 358 pounds.

All will be pleased to know that Mr. W. Roxborough's condition shows much improvement and that he now appears to have good chance for recovery. A couple of weeks ago the young man was crushed by an ore car at the McIntyre where he was employed, his spine being injured and injuries also resulting to his head and back. He is receiving the most careful attention at the hospital here and there are hopes that his youthful strength will carry him through now to complete recovery.

Mr. E. S. Noble is on a business visit to Toronto and other points south.

Mrs. W. W. White and son, Master Willie, left this week on a trip to Scotland.

Fireworks at reasonable prices for May 24th sold by Ivan Stadelman, 72 Pine St. and Minthorn Block, Main Ave.

The Dome plays at Kirkland Lake on Saturday, the 24th in the King Cup Football series. Next Wednesday, the 28th, the Dome plays at Timmins in the same series.

Mr. D. B. Curtis, now resident at Hamilton, Ont., is up here on a business visit for a few weeks in connection with the Curtis Optical Co. business here.

The majority of merchants and business men in Haileybury have agreed to observe the usual Wednesday half-holiday, commencing this week and continuing until the end of September, the stores closing at noon or as soon after as possible.

Messrs. W. Dalzell and S. Buecovsky, of Timmins, Geo. Murphy, of Schumacher, and Mr. Simpson, of South Porcupine, were in Barrie this week having the Scottish Rite degree conferred upon them. Mr. Buecovsky went on to Toronto and Montreal on a buying trip.

Summer is here, all right, despite an occasional flurry of snow. Mr. Nick King announces the opening on Saturday this week, May 24th, of his cool and refreshing ice cream parlours at Golden City (Porcupine), down by the old dock. Sandwiches and coffee will be served.

The special at the Old Empire Friday and Saturday of this week, May 23 and 24, is "Bulldog Drummond," from the famous story by "Sapper." Also, Charlie Chaplin in "A Day's Pleasure," and William Dunne in "Steel Trail." Children's Matinee at 2:30 Saturday.

Mr. R. LeHeup and Mr. N. J. McAulay, of Haileybury, were among the delegates in Toronto last week for the annual convention of the Associated Children's Aid Societies of Ontario. The question of the rebuilding of the Shelter in Haileybury was one of the questions dealt with.

Mr. and Mrs. Geo. N. Moore left last week for a visit to Toronto and other points.

Mrs. J. F. Tierney is visiting at her old home in Kingston and at Toronto and other southern points.

Mr. T. M. White has resigned as secretary of the Timmins Baseball Club, and Mr. A. E. Riddell is now the secretary of the T.B.C.

Cochrane Town Council has authorized the purchase of 800 shade trees for planting on the streets of the town.

The next regular meeting of the Town Council is scheduled for Monday afternoon, May 26th, commencing at 4 p.m.

During the first three months of this year, Lake Shore Mine averaged 59½ tons of ore per day of an average grade of \$21.91 per ton, or a total production of \$156,407.00 for the quarter.

A new machine shop has been opened at 87 Main Avenue.—Hall's Machine Shop. All kinds of lathe work, drilling, boring, overhauling, bends and vice work, etc., will be given careful attention by expert workmen, with stationary gasoline and marine engine repairs a specialty.

New Liskeard is apparently sharing in the general progress and prosperity of the North Land. The Speaker last week gives a list of about twenty building events in the Creamery Town, some of them referring to additions and improvements to houses already built, but the majority being new residences. Mr. I. Jackson, of Englehart, is erecting a number of houses for sale or to rent. Mr. Lafond is building a fine new brick block on Whitewood Avenue.

Mr. J. E. Grasset, recently manager of the Bank of Commerce branch at Trinidad, British West Indies, came to Timmins last week to take over the management of the Bank of Commerce here in succession to Mr. Tallion transferred to Sudbury. The change from the hot moist climate of Trinidad to that of this North Land will no doubt be marked and suggestive of the wideness of the world, while the smallness of the same world will be indicated by the fact that Mr. Grasset has several former acquaintances in Timmins, one at least having seen overseas service in the same battalion.

The Afternoon Tea given at the home of Mrs. E. Stevens on Saturday last by Mrs. Stevens and Mrs. Brough for the benefit of the Ladies' Aid of the Presbyterian church proved both enjoyable and successful. There was a good attendance and all found Mrs. Stevens and Mrs. Brough ideal hostesses, while a neat sum was realized for the Ladies' Aid funds by the event.

The Advance last week made reference to the bumper crop of rabbits this year. Perhaps, the fact that rabbits are so plentiful is a sign of something or other or a prophecy of the kind of weather. Surely a rabbit has as much to say in weather matters as a beaver. Mr. Mac Lang, M. P.P., may be able to give some information in the case. The unusual plenty in the rabbit crop is apparently not confined to this immediate district. The Haileyburian last week had the following note:—"A local motorist reports that rabbits are very plentiful this spring. On a trip to Latchford last week he saw about 200 and they were quite tame. He states that one ran against the car and was killed."

Painkiller
(PERRY DAVIS)
SPRAINS & BRUISES

Among those receiving degrees at the annual convocation for conferring of degrees at McMaster University at Toronto last week was Mr. Robert Murray Simmons, of New Liskeard, who received the degree of B.A.

SERVICE sometimes begins with a "C"

No, we are not exponents of a new simplified way of spelling, or advocating any such measure. The point we want to bring out is that service does sometimes begin with a "C," the "C" in courtesy. Our stores pride themselves on service that doesn't stop with merely prompt attention to your wants, but couples this prompt attention with courtesy and the smile you have the right to expect.
