Striking Fish Trophies

These three handsome trophies of unusual and striking design have been offered by the Canadian Pacific Railway for annual competition between guests at each of its three Ontario Bungalow Camps and will be awarded to angler catching largest fish of specified variety in each case.

The trophies have been prepared from exact moulds made of exceptional specimens of fish and, with white metal as a base underneath a dull silver finish, faithful and lifelike facsimiles have resulted. They are displayed to advantage on a black oak panel

For French River Bungalow Camp a 6½ pound small mouth bass has been reproduced; while the trophy for the Camp at Nipigon is a replica of a 6½ pound speckled trout. A feature of the Devil's Gap Camp (Lake of the Woods) trophy is the realistic and fierce expression of the head of a large muscalunge, with its bristling array of teeth. It is expected that these trophies will create wide-spread interest and keen rivalry among anglers from all over
