

Fine Display of Produce at Market on Saturday

ATTENDANCE OF PUBLIC ABOUT 300. CO-OPERATION WILL MAKE THE TIMMINS MARKET ONE OF THE VERY BEST IN THE WHOLE PROVINCE OF ONTARIO.

The Market last Saturday was the best yet. The public attended about 300 strong, and more than three times the producers had goods for sale than on the previous Saturday.

There were excellent showings of beets, carrots, onions, lettuce, turnips, rhubarb, flowers and potted plants, equal to any shown in more southerly markets.

Fresh killed beef sold rapidly at the following prices:—sirloin roast and sirloin steak, 22 cents per lb; round steak, 20 cents; boiling beef, 15 cents; liver 10 cents.

The vegetables were soon sold out the prices being as follows:—beets,

10 cents per bunch, 3 bunches for 25 cents; radishes, 5 cents per bunch, 40 cents per dozen; onions 5 cents per bunch, 40 cents per dozen; rhubarb, 10 cents per bunch, 85 cents per dozen; carrots, 10 cents per bunch, 75 cents per dozen.

For next Saturday there will be another supply of fresh-killed local beef, new potatoes, local spring chickens, alive and dressed.

There will also be the usual, or a larger exhibit of vegetables, flowers and potted plants.

All that seems to be needed now is the co-operation of the citizens of Timmings to make this one of the best markets in Ontario.

OVER \$1100 RECOVERED OF MONEY STOLEN IN JUNE

Boy Concerned in Robbery of Shankman's Store Leads Police to Hiding Place.

Last night one of the boys concerned in the robbery at Shankman Bros. store two months ago took Chief Soley to the hiding place of the most of the money taken in this robbery. The hiding place held nearly \$1200.00, \$1163 in bills and a cheque for \$28.00. This accounts for practically all the \$2000.00 stolen. The robbery took place early in June and four boys were found to be implicated. They claimed, however, to know of only about \$200.00 and they stayed sturdily by this story. The police, however, knew that close to \$2000.00 had been taken and every possible effort has been made to recover the money. Three of the boys were no doubt telling the truth as far as they knew it, as it appears now that the lad who showed the police the hiding place this week had been "holed out" on his pals. He had concealed the \$1200.00 on his person at the time of the robbery, not allowing his partners to know that this amount had been secured. Another couple of hundred dollars had been divided, the three lads thinking this was all the boot. Later the ring-leader had taken his \$1200.00 and hidden it in the trip of bush half-way between the freight sheds and the golf course. The four boys were sent to Industrial School for their part in the robbery, no clue to the possible hiding place of the money being secured. However, even after the boys were convicted and sentenced, the police continued their search for the missing money. Some days ago one boy at the Industrial School weakened and agreed to show the hiding place of the stolen money. Accordingly he was brought back to Timmings this week by C.A.S. Inspector Robertson. Arriving here he went right to the hiding place, and the money was recovered from the hole in which it had been thrust. It was slightly damp, but not otherwise injured, though it is very probable that it would have been rotted away long before this boy (the only one who knew of its hiding place) would be out after serving his term, to secure it again.

This finish to the case reflects credit on the persistence and energy of the police, as well as returning to Shankman Bros. the larger part of the money lost by the robbery.

SUNDAY AFTERNOON BAND CONCERT AT HOSPITAL

Sunday afternoon between four and five o'clock the Timmings Citizens' Band gave a band concert in front of the Hospital for the pleasure of the patients at present convalescing there. A number of attractive selections were rendered by the Band under the leadership of Bandmaster Wolno, Mr. J. T. Bridges also conducting the band for one of the selections. All the patients able to come out on the porch chose this place of advantage to listen to the music, while others sat by the open windows. The Sisters in charge of the hospital and the patients alike were generous in their appreciation of the good music of the Band and the thoughtful kindness that prompted the bandsmen to give this pleasing relief to theedium of convalescence.

ONLY TWO MORE DISTRICT BASEBALL MATCHES NOW

One To-Day at Falls and Other Here Next Wednesday. Teams are Even.

In the N.O.B.A. series there are only two more games to play on the season's regular schedule. Timmings plays at the Falls to-day, and the Falls is scheduled to play here next Wednesday. To win the series, either team must win both games. If a game each is won there will have to be a play-off, as the teams are now once again even and tied.

MIXED TWO BALL FOURSOME AT GOLF CLUB SATURDAY

On Saturday afternoon it is the intention to hold a Mixed Two Ball Foursome at the Golf Club, starting at 1:30 p.m. sharp. The members will arrange their own matches for this event. A prize will be awarded for the lowest gross score, the handicaps of both the lady and gentlemen players making a team for the match will be added, and this subtracted from the net score will make the score. The lowest turned in will be awarded the prize. All members of the Club are urged to remember the event on Saturday, and turn out to make this event a success. This is the first Mixed Foursome to be played this year. The members are also reminded that they have to arrange their own matches. A good attendance is requested.

DOME BLACK AND WHITES MISSED MATCH LAST NIGHT

The crowd that gathered last night for the Porcupine District Football League match, Town Blue and Amber vs. Dome Black and White, had to be turned away, as the Dome team sent word here at 5 o'clock in the afternoon that they could not come. The reason given was that they were unable to get their team together. It is to be hoped that they will not have similar ill-luck in securing the team for the game to-night at the Dome in the Foster Cup series.

A. J. CULLEN TRANSFERRED TO MEXICO CITY BRANCH

The Town of Timmings will shortly lose a very valuable and useful citizen in the person of Mr. A. J. Cullen, of the Bank of Montreal staff. During his residence in town Mr. Cullen has not only earned much popularity and esteem but he has also shown the active helpfulness in many good causes that aid the community. Mr. Cullen is Grand Knight of the Timmings Council of the Knights of Columbus and has been a very valued and useful member of that society. He gave very helpful assistance in the organization of the "Squires," the society for boys that has made so noteworthy a commencement in work for the welfare of the lads of the town and district. In other circles, Mr. Cullen has also shown the best type of good citizenship and regret at his departure will be very general and sincere. He will be followed by the best of good wishes from wide circles of friends and acquaintances. Mr. Cullen received word last week of his appointment to a position in the branch of the Bank of Montreal at Mexico City. Before leaving to take up his new duties Mr. Cullen will spend a few weeks at his home in the East, leaving for Mexico probably early in September.

NEXT WEDNESDAY WILL BE KIWANIS FIELD DAY

Big Programme of Sports. Baseball Match With Falls Included. Band in Attendance.

Next Wednesday, Aug. 20th, is the day decided upon for the Kiwanis Club Field Day in aid of the Boys' Camp at Night Hawk Lake. The event will be held at the athletic grounds, Timmings. The day's sports will include the schedule baseball match, Timmings versus Iroquois Falls, arrangements having been made with the baseball boys to this effect. Timmings Band will be in attendance all afternoon. The morning will be taken up with special sports and athletics for boys. A strong working committee is in charge and arrangements have been made for a big day of sports, pleasure novelties etc., on Wednesday next. One of the special features of the day will be the search of Snimmit Sinawik—the mysterious one who doesn't even know himself yet. There is a good prize for the capture of this unknown. He will be told himself that he is him that day, but the public will have to search for him even on Wednesday. Tags are already on sale for the event next Wednesday and are going well indeed, partly because of the good cause—the Boys' Camp at Night Hawk—and partly because they are being offered with so much earnestness.

DR. H. H. MOORE WINNER OF THE GOLF CLUB TROPHY

Mr. W. H. Wylie Put Up a Noteworthy Contest for the Honours.

In probably the hardest fought battle for the possession of the Golf Club Trophy, Dr. H. H. Moore was victorious over Mr. W. H. Wylie in the finals on the Timmings links in a thirty-six hole match played over the week-end. Both players put up the finest brand of golf, the result being in doubt until the seventeenth hole of the second round. This being halved took away Mr. Wylie's last chance of winning the Club Trophy. Dr. Moore was fortunate in having a larger handicap than his opponent, Mr. Wylie having to allow him twenty strokes on the two flights. By this means Dr. Moore was the victor on numbers three, five, six and twelve on the first round, and three, and fifteen on the second round, the difference in handicap also being a factor in honours being divided on different greens. Though the match was played on the holes won, the strokes taken by the players may be of interest to a great many.

Dr. H. H. Moore, Saturday 91; Sunday 84.

W. H. Wylie Saturday 83; Sunday 75.

Mr. Wylie started out by winning on the first green, and halving the second. On the third he had to allow Dr. Moore one stroke on his handicap the doctor winning the hole. Number four was also a win for the doctor halving on strokes on five, but winning on his handicap. Six was a win for Dr. Moore, seven was halved, Mr. Wylie taking eight and nine. Dr. Moore came back with a win on number ten, Mr. Wylie evening matters by taking eleven. On twelve both players shot a par five. Dr. Moore winning the hole. Fourteen and fifteen were halved, Dr. Moore winning on his handicap on both greens. Sixteen to eighteen were halved. The first flight ended with Dr. Moore two holes up.

On Sunday morning the second round was played, Mr. Wylie taking number one and halving on the second green. The third went to the doctor, both players making a par five on this green. Dr. Moore won on number four, and halved on five. Mr. Wylie came back with a win on number six, Dr. Moore winning seven. Eight and nine were halved. Mr. Wylie won ten, both players breaking even on number eleven. Twelve and fourteen were also won by Mr. Wylie, honours breaking even on thirteen. On fifteen both players made a par four, Dr. Moore winning the hole. With Mr. Wylie making a par three on sixteen, Dr. Moore holed in with a two, winning the hole, and the possession of the Club Trophy. Seventeen and eighteen were halved.

Dr. S. L. Honey left this morning for a vacation to Toronto and other points south.

BIG CROWD AND GOOD TIME AT ANNUAL I.O.O.F. PICNIC

South Porcupine Wins the Big Soft Ball Game. And It Was a Fine Day Till After the Picnic.

Between 250 and 300 Oddfellows and their families and friends enjoyed the tenth annual picnic held at Golden City, at Wilson's Farm, on Wednesday last, under the auspices of the Timmings and South Porcupine I.O.O.F. lodges. Men, women and children had a very happy time, the youngsters thinking it was a special delightful occasion. It was a fine day, all day, until after the picnic was over, and Wilson's farm is an ideal picnic grounds, as has been proven on many occasions. It rained at night, but nobody cared for that.

The day had all the usual picnic joys. There was a special treat for the kiddies in the form of a generous supply of home-made candy distributed free. Races, games, athletics, novelties, aquatic sports, etc., were featured on the programme, with good prizes for all events. A special feature was the Soft Ball match—Timmings vs. South Porcupine. It was interesting, keenly-contested and with a lot of pretended "chewing." Lots of fun and good sport. South Porcupine won, but the score is kept a secret. Webb and Pilsworth were the battery for the winners and Deacon and Dahler for the Timmings team. As usual the refreshments were fine and the whole event reflected credit on all concerned.

T. & N.O. ASKED TO SPEED UP BALLESTING NEW SPUR

Third Avenue May Have Embankment Graded Down. Other Council Business.

All members of the Council were present at the regular meeting Monday, with the exception of Councillor Longmore who is on his vacation.

The Finnish Hall asked for permission to make a small addition to their building, without the prohibitive cost of using brick or tile. The addition may be finished with asbestos shingles or Brantford shingles.

There was a discussion on the location of the isolation hospital. One suggestion was to put it on town property near the pumphouse with a counter proposal to put it near the incinerator. No action taken.

The response to a request from residents on Third Avenue between Balsam and Birch, Council decided to take away the embankment to the property line, provided the property holders are agreed to relieve the town from damage liabilities in the matter.

Councillor Wallingford called attention to the blocking of the streets through the work on the new spur line. A resolution was passed to wire Chairman Lee asking the T. & N.O. to speed up ballasting so that the roads may be put back in passable condition.

Fire alarm boxes for Rochester and Moneta and the usual annual six coats and six pairs of boots were authorized for the Fire Dept.

Mr. Chas. Pierce asked for permission to erect a temporary building on Pine street. This building would be replaced in the spring by a brick structure. Council suggested the use of cement blocks, with the direct understanding that the building would be taken down in the spring.

Lights will be placed on Commercial Avenue as soon as a new transformer is installed.

BOYS' CAMP NEXT WEEK AT NIGHT HAWK LAKE

The Boys' Camp under the auspices of the Kiwanis Club will open next week at Night Hawk Lake. A large number of boys have already signified their desire to join this Camp. It was intended to have the Camp going this week, but arrangements could not be completed. The boys may go down Saturday of this week, but on the other hand it may be Monday or even Tuesday. Monday being Circus Day may delay the event a day. Parents or boys interested may secure particulars from Fire Chief Borland, Mr. D. O'Connor, with his usual generosity, has supplied an ideal camping ground for the boys at Night Hawk Lake.

Vote to Move the Porcupine Fair to South Porcupine

ELEVEN MEMBERS OF AGRICULTURAL SOCIETY VOTE FOR MOVE. TEN BALLOTS FAVOUR CONTINUING FAIR AT PORCUPINE. CO-OPERATION ASKED OF PRODUCERS FOR TIMMINS MARKET.

About fifty gathered in the School, Porcupine, on Friday evening last for the meeting of the Porcupine Agricultural Society, called to decide whether the Fair should be continued at Porcupine or moved to South Porcupine. The President, Mr. Geo. Bannerman presided, and after the minutes of the last directors' meeting, including the motion that had caused the calling of the meeting of the Society, the Chairman pointed out that the resolution explained the purpose of the meeting. Mr. Campbell spoke strongly against the proposal to move the Fair, and his sentiments were applauded. There was a good representation from South Porcupine, and on behalf of these members Mr. C. V. Gallagher explained that they had come to the meeting apparently under a misapprehension. They had understood that owing to certain difficulties in regard to securing grounds, etc., the Porcupine people found it hard to carry on the Fair and wished it taken elsewhere. If this were the case, South Porcupine would supply the grounds free, but there was certainly no desire to steal the Fair from the good people of Porcupine.

Reference being made to Timmings, G. A. Macdonald pointed out that the fact that only two from Timmings were at the meeting proved that Timmings did not wish to take the Fair from Porcupine. Because Porcupine people had originated the Fair and carried it on successfully and well, he believed it should be continued at Porcupine. He suggested a motion to this effect, and such a motion was moved by Mr. Teddy Hull, seconded by Mr. Peterson. Mr. J. Nicolson suggested that this motion was not in order but that a

ballot should be taken. After some discussion the motion was withdrawn and a secret ballot decided upon by vote. Only those holding membership for 1922, 1923 and 1924 were eligible to vote under the Fairs Act. Ballots were to be marked either for Porcupine or South Porcupine. Messrs. M. Smith and G. A. Macdonald were appointed scrutineers. When the ballots were counted it was found that ten had voted for the Fair to continue at Porcupine, and eleven for its removal to South Porcupine. The Secretary explained that the vote had to be submitted to the Department at Toronto for approval before any action could be taken. When the question was asked as to whether or not the Fair would be moved this year, it was pointed out that the original resolution suggested no specified time for any change that might be decided upon. The general opinion was that this year the Fair should be held at Porcupine. There was also an idea held by many that with so close a vote the Dept. was not likely to approve the move. The suggestion that there were no available grounds in Porcupine was strongly combatted, mention being made of grounds procurable at reasonable cost.

Messrs. J. D. McLean and G. A. Macdonald made brief addresses to the meeting asking co-operation for the Timmings market. The opportunities offered producers by this market were emphasized. Produce would be taken from the Station to the Rink where there were special facilities and services. Effort would be made to secure special market day rates on the T. & N.O. The meeting showed its approval and several present promised to be in to the Timmings Market with the best in produce this Saturday.

TRAINS RUNNING OVER FESSERTON SPUR LINE

Five Cars of Materials for New Mill Now at Property. A Train or Two Missed the Tracks.

The first train ran over the new Fesserton spur line on Thursday last with materials and supplies for the new mill. Five cars of materials are now at the property. This material has not been moved over the spur line without incidents. On more than one occasion a train has gone off the new track, but with regular T. & N.O. luck no particular harm has resulted. The material to be used in the Fesserton mill here is apparently from another mill formerly in use elsewhere, according to the appearance of the timbers, etc., in the materials shipped here.

100 SHAREHOLDERS NOW IN TIMMINGS CURLING CLUB

Many Other Anxious to Join. Those Who Wish to Curl This Winter Should Put in Applications at Once.

The sale of shares in the Timmings Curling Club has met with very striking success. Up to this morning there were exactly 100 shareholders duly enrolled. Applications for shares are coming in steadily and it is probable that the allotment will be closed at an early date. All who wish to join the Curling Club should see about their applications at once. All members of the Curling Club must be shareholders to the extent of at least one share, and it looks at present as if the allotment would be soon all taken up. Those interested in curling should see Mr. D. Sutherland at the Imperial Bank at once, or get in touch with others of the directors. A meeting will be held in the next few days to get plans under way for the early erection of the curling rink.

Mr. and Mrs. Orie Myers, of Brantford, are visiting their son, Mr. C. E. Myers, Timmings.

MAIL SERVICE FROM HERE TO TORONTO ON SUNDAYS

Travelling Letter Box Placed on Train No. 46. Toronto Letters May be Mailed at P.O. Until Saturday Midnight.

On Saturday last the following notice, which explains itself, was posted at the Timmings Post Office:—

"The P.O. Dept. has granted authority for a Travelling Letter Box to be placed on Train No. 46 on Sundays as well as week-days, leaving Timmings at 10 a.m. On Sunday this letter box will be carried through to Toronto, arriving there at 6:50 a.m., and the contents will be sorted at Toronto General Post Office. Consequently no mail should be posted in this box on Sunday which is intended for points between here and Toronto. Parcels are not to be placed in this letter box."

In addition, the Postmaster gives The Advance the further information that letters for Toronto City posted at Timmings Post Office prior to 12 midnight Saturday will be included in this box.

The Travelling Letter Box idea is to be given a trial for six months and if it proves successful will be continued.

For a long time the inadequacy of the mail service during week-ends has been apparent. Any letter posted here after 9:25 Saturday morning for Toronto could not leave here until 9:25 a.m. Monday morning. This constituted a serious delay for correspondence with Toronto. The Board of Trade here has repeatedly called the matter to the attention of the authorities. While the use of the letter box will not give a complete mail service out of here on Sundays for Toronto it should prove of very decided advantage. It means that letters for Toronto may be mailed here up to midnight on Saturday, or may be taken to the train Sunday morning to be posted in the letter box prior to the departure of the 10 o'clock train.

The Lookout, the bright little paper published at Sioux Lookout, Ont. says that there are two things that break up most of the happy homes nowadays—Woman's love for dry goods and Man's love for wet goods.
