SALVING THE SUNKEN GERMAN FLEET AT SCAPA FLOW.

Our photographs show a destroyer and a battleship just as they made their appearance above water. They are entangled in sea-weed and covered with rust. Note the diver about to descend.

MINE SHUT DOWN FOR 69 HOURS THROUGH ACCIDENT

An accident at the Hollinger Mine last week caused the practical shut-down of the mine for 69 hours and 15 minutes. The ore skip at Central Shaft got caught in the guides, the guides being torn out. While the mishap was not a serious affair in itself, the making of the necessary repairs was slow work as only a couple of men or so could work at it at the one time. As the break meant that no ore could be taken up, the accident halted both underground work and work at the mill. Practically all the mill crews and the underground men were accordingly laid off until the repairs were completed. The accident occurred at about 10 p.m. on Thursday and at 7 p.m. Sunday everything was going again as usual.

LISKEARD FAIR THIS YEAR BIGGEST AND BEST YET

The prize lists for this year's fall fair at New Liskeard are being distributed and suggest that the event is even going to outdo all previous successes. There is a generous list of prizes in all departments and the special attractions for the event are all of particular interest. The New Liskeard Fair will be held this year on Thursday, Friday and Saturday, Sept. 11th, 12th and 13th.

New Liskeard Fair has a remarkable showing of special prizes this year, including a very beautiful banner given by an Ottawa firm to the Banner Township of Temiskaming, that is, the township whose residents win the greatest number of points for live stock. Another special is the giving by a Toronto firm of nine pair of overalls for the winners of the tug-of-war. For the boys tug-of-war, another firm gives nine valuable shirts as the prizes.

The police court this week promises to be light. There is one remand from last Thursday, five drunks, and a theft charge. That's all to date. The theft charge arises from an express wagon missing some time from W. Ellies' premises and recently discovered in the possession of a man living in the Mattagami section.

Even a flap-jack has to await its turn.
