POWER CO. WAREHOUSE AT RIVER DESTROYED BY FIRE.

Wednesday evening last fire of unknown origin destroyed the small temporary warehouse of the Northern Canada Power Co. at the Landing. Oil and gas in the lightly-built structure made the blaze a spectacular one. Large crowds from all over town were attracted to the scene. The fire brigade made good response as usual, but the fire had too much headway before discovery, and the building and contents were destroyed. Mr. P. Cherry had his household effects in the warehouse, having just moved down from Wawa and these were destroyed along with the other contents. One of the difficulties encountered by the firemen was the lack of light. This was remedied in large measure by the police car getting in position and training its adjustable headlights on the scene of the fire.

SUCCESS COMES IN CANS—FAILURE IN CANS.

Those who live on the Mountain have a longer day than those who live in the Valley; sometimes all we need to brighten our day is to rise a little higher.

There will be a surplus of approximately \$1600.00 from the Cobalt Old-Timers' Re-Union event. This result speaks volumes for the capability of those in charge of the management of the event. Usually such events are more than lucky if they pass by without serious deficit. To all concerned, congratulations may well be extended that Cobalt's Reunion was not only a wonderful holiday event, but also was so well planned and conducted as to finish with a cash surplus. It has not yet been decided to what purpose the surplus will be applied, though there are dozens of suggestions along this line now under consideration.

OVER 300 FROM TIMMINS ENJOY BIG DAY AT FALLS

Good Programme Given. Every Accommodation and Hospitality. Some Motored to Falls.

Timmins, South Porcupine and Schumacher celebrated Labour Day at Iroquois Falls on Monday, about four hundred going from the Camp. Among those motoring over on the new road were Messrs. Walter Ecclestone, Eric Bredenberg and T. F. King. On account of recent rains the road was very bad, however.

It was a great day at the Falls and all were pleased. The sports were good, but the beauty of the town, with its magnificent lawns, its wonderful array of flower gardens, its attractive homes and fine, but narrow streets, kept all admiring all the time.

Booths on the grounds added to the interest. Another feature was the smashing of all straw hats worn, this creating much amusement. Summer being over the straw hats were banned. Morning and afternoon ball games between Falls and Kirkland Lake were watched with interest by a crowd close to 5000. The Falls won both games, one by 7 to 6, and the afternoon by a 2 to 1 score. Timmins had hard luck in the firemen's events. A big feature of the day was the Englehart Pipe Band. The Iroquois Falls own band also furnished lots of good music. In reference to the event.

There was a hot competition in the firemen's events. There were six teams entered and it took almost two hours to pull off the two competitions.

In the ladder race Falls and Cochrane tied for second place and in the run off Cochrane won by a good margin. Ansonville was easily first in this race.

In the reel race Timmins failed to knock down one semaphore so was disqualified. Ansonville looked like a sure winner but lost time at one coupling, falling to second place, leaving Cochrane a handy winner.

The results were:—

Reel race—Cochrane, 61 4-5 secs, 1st; Ansonville 69 secs, 2nd; Schumacher, 75 secs, 3rd; Falls, 76 2-5 secs, South Porcupine 80 secs. Timmins disq.

Ladder race—Ansonville 16 1-5 secs.; Cochrane and Falls tied for second with 18 1-5 secs and run off Cochrane 17 3-5 and Falls 21 2-5 secs., 2nd and 3rd; Timmins, 19 1-5 secs.; Schumacher, 21 1-5 secs., South Porcupine, 26 4-5 secs.

The judges were Chas. Smith, Ansonville; J. D. Ivez, Cochrane and Mr. Hill, Timmins.

DELIGHTFUL DANCE OPENS NEW SOUTH END HIGH SCHOOL

The fine new High School at South Porcupine was opened last Thursday night with a Grand Dance in the Community Hall in the building. There were fully two hundred couples present, and all are enthusiastic as to the delight of the evening. The fine big hall in the school is ideal for social events, and the floor was simply wonderful for dancing. The music by Colombo's augmented orchestra was up to the usual high standard, and every feature of the event delighted all present.

Timmins and District Notes

Porcupine Fair at Golden City on Wednesday, Sept. 24th.

Mrs. H. Egan, was called to Quebec last week owing to the illness of her father. Her father passed away after Mrs. Egan had reached her home in Quebec.

Sympathy will be extended to Mrs. Lacasse and other relatives and friends in the death on Saturday evening last of Mrs. Lacasse's mother at an advanced age.

Mrs. J. T. Bridges and young son arrived here last week from Scotland to join Mr. Bridges here. The family have taken up residence on Sixth Avenue.

The Northern News of Cobalt last week says:—"Messrs. G. and B. Rutherford left for Timmins on Sunday after spending a few days with friends in Cobalt."

Mr. J. H. McDonald, Mayor of North Bay, is urging the immediate commencement of work on the North Bay to Cochrane highway so as to prevent serious unemployment this fall and winter in the Temiskaming district. Mayor McDonald has written both the Employment Conference at Ottawa and the Minister of Lands and Forests at Toronto in the matter.

His innumerable friends will be delighted to know that Mr. F. M. Wallingford is making very satisfactory progress under treatment at Ottawa Hospital, and that the specialists have decided that an operation will not be necessary. Councillor Wallingford was suffering from an abscess that formed above one eye, and he went to Ottawa a couple of weeks ago. Under the treatment being given at Ottawa, an early recovery may be looked for, with a consequent early return to the Camp for which Councillor Wallingford has always worked so generously, earnestly and effectively.

Some little excitement was caused last Thursday evening about half-past ten by an accident occurring to a lady crossing the street between Meyers' corner and the Imperial Bank. The condition of the road, as left by the paving operations in progress made it somewhat awkward for pedestrians. The lady stepped off the sidewalk and apparently turned her foot on a loose stone. In any event she had to be assisted to the sidewalk, and was quite evidently in much pain, though bearing it bravely. Medical aid was called and the lady was carried to Dr. Moore's for attention, after which she was taken home suffering from the effects of a sprained ankle.

W. J. Drope, Grand Master of the Grand Lodge of Canada, A.F. & A.M., in the Province of Ontario and W. J. Attig, asst. Grand Secretary, visited Golden Beaver Lodge, No. 528, A.F. & A.M., Tuesday night. Mrs. Drope, Miss Drope and Mrs. Attig accompanied them and were entertained during the evening by Mrs. W. H. Pritchard and Mrs. Geo. Lake, and afterwards at the banquet tendered to the Grand Master, Mr. Drope, in the Masonic Hall.

Visitors to the Falls, Monday saw three cars wrecked on the rough road near the track not far from the ball grounds. One car had been hit by a train. The car was badly smashed and carried down the track some distance. It had five passengers, all of whom came through without a scratch. The other two cars "busticated" themselves in a collision.

Last week The Toronto Globe published pictures of half a dozen of the prominent visitors to the Toronto Exhibition on Press Day. By an odd coincidence one of the pictures showed Mr. J. W. Eedy, the veteran journalist of St. Mary's, in conversation with Mr. Bleney McGuire, the well-known Orangeville publisher. Mr. Eedy, who was a recent visitor to this Camp, is the father of Mrs. Arch. Gillies, of Timmins, and Mr. McGuire is a brother of Mr. J. S. McGuire, of Timmins, at present on a visit to Orangeville and other points south.
