Other incidental expenses were unavoidable in the initial year. Taken generally, the report for last year is quite encouraging. The Show last year was unusually good and found very general public favour. This year the going should be easier in every way. The Porcupine Poultry and Pet Stock Show deserves the heartiest support of all. By joining up as members and in every other possible way the people in general should help along this very worthy and useful association.

Timmings and District Notes

The annual Harvest Festival of St. Matthew's Anglican church will be held on Sunday, Sept. 28th.

Mr. A. Pierce, of Montreal, was the guest of his brother, Mr. Chas. Pierce, Timmings, last week.

Miss Greta Amey left today for her home in Cannington after being the guest of Mrs. Geo. S. Drew for a couple of weeks. Miss Amey visited here on the way home from a trip to the West.

There was a very pleasant dance at the McIntyre Recreation Hall, Schumacher, on Thursday last under the auspices of Wolno's New Orchestra. The attendance was good, the music specially attractive, and all present declare the event to have been an unusually enjoyable one.

A despatch to-day over the private wire of A. E. Moysey & Co. gives the information that Mr. H. B. Willis has resigned the presidency of the Vison and of other companies in which he is interested, the withdrawal from active work in the direction of these companies being due to the continued ill-health of Mr. Willis.

Messrs. Woodhouse, Weedon and McLean, of Haileybury, all well-known and popular throughout the North, were among the visitors to Timmings this week. Messrs. Woodhouse and Weedon conduct the Canadian Contest Company, an organization for boosting business through the arousing of public interest in novel ways. They expect to interest a number of merchants in Timmings and start a lively contest here with valuable prizes and much interest aroused.

TEN MILLION CIGARETTES SEIZED

A few days ago the Customs officials at Brockville forwarded to Ottawa about ten million cigarettes of American manufacture, which had been seized at that point.

This large quantity was collected in the space of a little over two months.

Those best informed on the subject claim that there are from five hundred million to seven hundred million cigarettes smuggled from the United States into Canada annually, replacing an equal quantity of cigarettes of Canadian manufacture.

Five hundred million cigarettes brought unlawfully into Canada represent a loss in tax to the Dominion Government of the huge sum of \$3,655,000.

VERY SAD

Joe saw the train, but couldn't stop; They dragged his flivver to the shop; It only took a week or two To make his car as good as new. But though they hunted high and low, They found no extra parts for Joe.

A special dance is announced at the McIntyre Recreation Hall, Schumacher, on Tuesday evening next, Sept. 23rd. Music for the occasion will be provided by Wolno's New Orchestra. Those who have heard Wolno's New Orchestra say it is the best yet. PIONEER LUMBERMAN DIED LAST NIGHT AT AGE OF 80

Mr. Louis Chenier, formerly a pioneer lumber contractor in the Ottawa Valley and in the Sudbury district died last night at the Hollinger Boarding House on Balsam street north, where he had been stopping for the past five or six months with his son, Gilbert. The father and son were enjoying a pleasant game of cribbage when the father said he felt he was passing away and in a moment he was dead. Death was due to heart failure. All who knew Mr. Chenier will deeply regret his death. He made many friends here during his residence in Timmings. The deceased was one of the pioneer lumber contractors of the Ottawa Valley and Sudbury, taking out logs on the rivers long before railways opened up the country. He had innumerable interesting experiences to tell of the early pioneer days. Another son resides in Cochrane, being engaged in the pulp contracting business. He is away on business today and arrangements for the funeral are being held pending his return.

IROQUOIS FALLS FORMING CALEDONIAN SOCIETY

Preliminary steps have been taken in Iroquois Falls to form a Caledonian Society. Mr. James Spence has been made President pro tem, and a public meeting is to be called in the near future for all in sympathy with such a movement. In referring to the formation of a Caledonian Society in Iroquois Falls The Broom Hustler this week says:—"Membership in a Caledonian Society is open to those of Scotch birth or Scotch descent, and the wives and husbands of persons of Scotch birth or descent. The object of this Caledonian Society is to gather in a social way the Scottish people of the town for the encouragement of Scotch art and history. There are few peoples who have so much to be proud of in their history as the Scottish nation, and meetings of the Caledonian Society tends to keep before the members the glorious past, and lay the foundation for an equally glorious future."

Football Club Still Awaits Word About Toronto Match

Boys Keeping in Fine Condition By Regular Exercises. Expect to Make Good Showing in Ontario Cup Series. Notes of Interest on Football Matters.

Interest in the Timmings-Toronto football match in the Ontario Cup series is very keen in Timmings and district. Everybody seems to be asking the same question:—"When does the Timmings team go to Toronto?" The executive of the Football Club can not answer this yet, but Secretary Field is keeping in close touch with the officials at Toronto, and just as soon as official word is received here the Secretary will let the public know by a slide on the screen at both theatres.

An interesting feature worthy of note in the Ontario Cup series is the fact that Guelph,—the team that beat

Kirkland Lake last season in the dying moments of the game with a score of 1 to 0, and afterwards went through to the finals and were the winners of the Ontario Cup for last year,—was eliminated on Saturday by the Cockshutt team of Brantford.

The Timmings team are strenuously training for the match in Toronto. This is absolutely necessary in view of the unfortunate wait necessary, titude on the matter and are not stopping to worry over delays but are simply getting ready and keeping ready, so that they will be all in shape when the time comes.

WHOLESALE WAREHOUSE BURGLARIZED LAST WEEK

Last week the warehouse of Gamble-Robinson, Timmings, Limited, on Spruce street was entered at night by robbers who got away with \$200 or \$300 worth of goods. The stuff stolen seemed to be chiefly cigarettes, cigars and tobaccos, with confectionery also being apparently favoured. The crime had the marks of being the work of boys. Entry was made by the cutting out of a pane of glass. Gamble-Robinson, Timmings, Limited, have guarded against similar work in the future by putting bars on the windows. An odd incident of the robbery was the fact that the criminals might easily have been caught by the accident of knocking over the telephone. Under the new system the telephone being off the hook is registered at central. Had central realized the possible significance of the receiver off the hook in a warehouse late at night a call to the police station might have brought the police on the scene before the robbers had time to get away. The police are working on the case and the early capture of those responsible for the robbery may be safely expected.

POSTPONED P.D.F.L. MATCHES NOT LIKELY TO BE PLAYED.

The last of the regular Porcupine District Football schedule games was played on Saturday when the McIntyre won from the Town Junior team with the score 1 to 0. Despite the handicaps, it was a good game and the boys put up fine football. The weather was poor and the crowd small and the early darkness interfered with the play.

All the unplayed matches of the P.D.F.L. now are the four postponed games. As the Hollinger is unquestionably the winner of the Garrett Shield and District Championship, and the postponed games have no bearing on the standing of the leading teams, it is not likely they will be played. On account of the early darkness and the difficulty of working in the matches now, together with the fact that large crowds can scarcely be expected at the present time for games that really decide nothing, it is likely that the postponed matches will be left over unplayed.

Mr. and Mrs. F. J. Wolno returned Monday evening after a holiday visit to Montreal and other points south and east.

Mr. Dave Pierce returned this week from a trip to New York and other southern points.
