Peculiar Prescription

The doctor, in his desire for stronger and quicker remedial value, orders combinations he knows will do good. It is up to the druggist to exert excessive care and exercise extreme knowledge in knowing how to put these combinations together. That is why most doctors send their prescriptions to us. Prescriptions, simple or complex, are best filled at our stores.

Timmins and District Notes

Mr. R. S. S. Alguire, of Chicago, was a visitor to the Camp last week.

Tombola, under auspices of the Ladies of Charity, on October 21st.

"Kee," the popular clerk at the Prince of Wales Hotel, left this morning for a trip to China.

The Sault Ste. Marie district this year reports a decided shortage in the partridge crop.

Haileybury this year has built a total of nearly three miles of cement sidewalks.

Mr. Wm. Audrey and daughter, of New York, spent a few days in the Camp last week.

The next regular meeting of the Timmins Town Council is scheduled for Monday afternoon, Oct. 13th, commencing at 4 o'clock.

The Charlton correspondent of The Northern News last week says:—"Mrs. Miller has her mother, Mrs. Strain, from South Porcupine, also her sister, Mrs. Ewing and children, visiting her for a few weeks."

The Sudbury Star last week says:—"Mrs. E. H. McMahon and son, Bert, of South Porcupine are visiting Mrs. McMahon's sister, Mrs. James Roys, Pine St., before leaving for Rochester, Minn., where she will visit the Mayo clinic."

There will be a special meeting of the Porcupine Poultry and Pet Stock Association at the Town Hall, at 8 o'clock on Tuesday evening next, Oct. 7th. Very important business will be before the meeting and all members are urged to attend.

Messrs Thos. and Jas. Davis returned to town last night from their old home at Maynooth where they were called last Wednesday through the death of their father. The sympathy of their many friends in Camp is extended them in their sad bereavement.

What appeared to be rather autocratic action occurred some days ago in connection with the Lyric Theatre at Kirkland Lake. There was some confusion or misunderstanding in regard to the license of the place. Provincial Inspectors closed down the theatre and placed the films under seizure. The manager of the house got busy on the long distance phone and the matter was straightened out with adjustment of the trouble.

Mr. and Mrs. S. E. Aiger, of Montreal, were visitors to Timmins this week.

Born—In Timmins, on Sunday, Sept. 14th, 1924, to Mr. and Mrs. John Kilgour,—a son, Emerson Lincoln.

The annual fall fair at Matheson was held on Wednesday last, Sept. 24th. There was a big crowd, a fine display and ideal weather.

Work is expected to start at an early date on the erection of the new court house at Cochrane. A. R. Holmes Limited are the contractors.

His many friends will be pleased to know that Mr. J. T. Easton continues to make good progress to recovery and all will sincerely hope for him an early and complete return to his former health and strength.

Here from the local columns of the Cochrane Post is a fairly good reply to the recent slanders on Cochrane's weather:—"Wild roses in bloom was the unusual find for this time of the year on Mr. C. S. Giles' property back of the Public School. The roses were picked on Sunday."

The Cochrane Post last week says:—"Mr. Oscar Robertson, of Timmins, Local Superintendent of the Children's Aid Society for the Cochrane District, was in town last week. He conferred with Mr. A. T. H. Taylor and several ladies in town with a view of organizing a local branch of the Society."

Among the Timmins delegates to the Associated Boards of Trade meeting at Ironquois Falls last week were: Messrs. T. F. King, F. M. Wallingford, D. Ostrosser, Norman Lang, D. Laprairie, J. E. Newton, G. A. Macdonald, J. W. Fogg. Messrs. I. Solomon and J. R. Todd were Schumacher representatives at the meeting.

Mr. John Brown, Children's Aid Inspector at North Bay, won the first prize automobile in the North Bay Nugget Circulation Contest, which contest was a good success because it had the proper sort of backing, and was conducted fairly and squarely for a reputable newspaper. There will be general interest and pleasure in the fact that the grand prize was won by the Children's Aid Inspector, for the car will be particularly helpful in the good work represented in North Bay by Mr. Brown.

Have you ever "Blamed your Eyes for your Headache?"

All set for a full day's work! You feel fine. And then—somewhere in the back of your head—

A vague little pain. It grows. It takes possession of your entire brain. Most of the day is lost in fighting a headache. In the evening you're unfit to do anything. No wonder the experts say that great loss of time in modern business is caused by minor ills—little colds and headaches.

So many headaches come on toward the close of the day—after your eye muscles have been exhausted by close work. You know how one strained muscle can make your whole arm or leg sore and tender. Thus, any one of your several eye muscles can cause an intense headache. With their complex muscular systems, your two eyes—really end-organs of the brain—are the source of nine out of ten headaches.

Hence a headache is literally the poorest excuse in the world—poor because often it can be easily avoided. Attack your headaches at its source.

HAVE YOUR EYES EXAMINED!
