IROQUOIS FALLS LOOKS FOR GOOD BRAND HOCKEY

Eagerness to Secure Allan Cup Has Been a Detriment to Hockey Says The Broke Hustler.

The following editorial from the current issue of The Broke Hustler, of Iroquois Falls, will be read with very general interest by hockey fans in this town and district:—

After much trial and tribulation the hockey season here looks good. We may not have as good games as the Soo-Falls games of last season. There was no greater hockey played in Canada last winter than the first game with the Soo on their second trip here. Even the Allan Cup games were not so fast. We cannot expect that kind of hockey but we will have good hockey of the right kind. There are a lot of good players in the Falls, more than enough to make a first-class Senior team. Naturally they will require considerable work and considerable coaching before they are rounded out into a team, but they will be a team the people can be proud of.

Perhaps it is a good thing for the North Country that hockey has gone the way it has. It may be a blessing in disguise. A good many people have come to the conclusion after the past four years that the Allan Cup is a curse to hockey. Every effort has been made by all the clubs of the N.O.H.A. and O.H.A. to win the Allan Cup with the result that instead of developing home material, teams have been built up from the outside in an effort to put the strongest possible aggregation on the ice. The result of this hot competition for the Allan Cup has made good hockey in spots, the best hockey Canada has seen, but the unfortunate part is that the getting together of star teams has impeded the development of the younger players.

This year in the North the younger players have come into their own. All the teams with the exception of the Soo are made up of great part of men who got no chance to play on the carefully built up Allan Cup teams. The N.O.H.A. is at the point where it must either die or be born again. If the wild rush of the past few years has resulted in putting hockey on a proper basis where every man who likes the game gets his chance, it may yet be that hockey will take new root and flourish in this North Country. One or two Allan Cup teams does not mean that hockey is a healthy game, but if every town can put out a good hard fighting team, hockey is certainly very much alive.

Hockey is the greatest game in the world, but it can only be kept so where it is the game of the people and not of imported stars. With Iroquois Falls, Timmins, New Liskeard and Cobalt all developing the material they have at hand it should be a splendid season from the point of interest and well worth the support of every man who loves the game. It may not be quite as good hockey as the Soo games but with home teams one thing can be relied on that every man will give his very best effort for his team and town. Every man in the Falls should give every support to both the Senior and Junior teams. The players are out to give everything that they have got, let the fellows who look on do the same and a great hockey season is assured.

PRESENTATION MADE TO CAPT. TOM MAGLADERY

Last week at a public meeting held in New Liskeard Capt. Tom Magladery was presented with two large silver platters, as a mark of the appreciation felt for the services given the North Land by the former M.L.A. for Temiskaming. Mr. Homer Sutcliffe made the presentation, on behalf of the citizens of the riding who wished to show their high regard for Capt. Magladery and for his earnest work for the riding during his terms as Member of the Legislative Assembly. Capt. Magladery was given a great reception and made his usual capable and effective address in reply. Mr. E. M. Goodman was chairman at the big meeting. Hon. Chas. McCrea, Minister of Mines, was one of the other speakers for the evening, and as is his custom, delivered an inspiring and informative address, touching especially on the North Land and its needs and prospects.

Capt. Magladery merits any appreciation or regard shown him, as he gave fine service to the North Land, but at the same time it can not be denied that too often public service is allowed to pass without due notice, so it is pleasing indeed to see the North Land setting a better example in the matter of showing appreciation for the good service of its public men.

MINES OF NORTH PLAN BIG EXPANSION NEXT YEAR

Estimated That Over Seven Million Dollars Will be Expended in Enlargements of Plants in 1925

Great expansion is planned for next year in regard to the mills and plants of the mines of the North Land. Recently a gentleman with a figuring turn of mind estimated that the total expenditure would run to over \$7,000,000.00 in this expansion. The exact figure of the estimate was \$7,350,000.00. This was based on the idea that each ton of new mill capacity would cost \$1,000.00. The list prepared by this estimator is as follows:—

McIntyre, at Porcupine, is contemplating an expenditure of \$2,000,000 on additional milling equipment.

Vipond, at Porcupine, will double or treble its mill capacity at a cost of \$300,000.

Hollinger will enlarge its mill from 5,000 to 8,000 tons capacity at an estimated cost of \$3,000,000.

Ankerite Porcupine plans a \$100,000 mill.

Paymaster, at Porcupine, will probably spend \$500,000; in fact, this mill may run to 3,000 to 4,000 tons capacity.

Crown Reserve, Larder Lake extension, costing \$200,000.

Wright-Hargreaves is spending \$250,000 on its mill.

Associated Goldfields are building \$200,000 mill.

Lake Shore, at Kirkland, will expand from 300 tons to 500 tons at a cost of \$200,000.

Barry Hollinger, Boston Creek, plans a 50 ton mill, costing \$50,000.

Blue Quartz, Painkille Lake, contemplates an expenditure of \$50,000.

PRIZE CHRISTMAS TREE DANCE ON DECEMBER 11TH

Tomorrow (Thursday) evening, Dec. 11th, there will be a Prize Christmas Tree Dance in King's Hall, with prizes for everybody and a good time for all. The Goldfields Orchestra will furnish the good music for the occasion.

A wise man will desire no more than what he may get justly, use soberly, distribute cheerfully and leave contentedly. —Franklin.

Mrs. Leeman says: "Carnol saved my life—many thanks to Carnol!"

But read her letter. It tells her story better than we can.—"I feel it my duty to write you about your wonderful medicine Carnol. In January I had an operation for appendicitis. The pain I suffered before the operation and the loss of blood afterwards left me so weakened and run down that I wasn't able to go about on my feet. I just had to lie around all the time. The doctor said I was to take iron for my blood for it was so thin. I had anemia and folks said I had only a short time to live. Carnol saved my life—many thanks to Carnol. I have gained about ten pounds in three months. After every meal I used to have indigestion and heartburn so bad that the pain was intense. A dose of Carnol would give me immediate relief. Now I am absolutely cured of both. I had severe headaches and pains across my back and they have also disappeared.

"This is how I started using Carnol. I asked a friend about Carnol. She said it was awfully good. Her doctor had recommended it to her to take after she had been in bed for months and she was completely cured. I called up our druggist and asked him about Carnol. He recommended it but said he was just out of it and wanted me to take a bottle of beef, iron and wine, but I said, 'No, I want Carnol.' So he said he would send and get me some. Just as soon as it came I commenced to take it and it has renewed my blood and given me a wonderful appetite. I never have to take a laxative with this medicine. I cannot recommend your medicine highly enough. It is just exactly what the system needs."—Mrs. Wilson H. Leeman, Ivanhoe, Ont. 9-24
