

FREE MILK GIVEN AWAY FEBRUARY 10TH

Eplett's Dairy will supply free of charge to any of their Customers in Timmins who are unfortunate enough to contract "Measles" or "Scarlet Fever" between the dates of February 10th and March 10th. Milk to be supplied free between these dates only. Customers must be on the list by February 10th, and use Eplett's Milk Only.

CAMPAIGN AGAINST---"MEASLES"---"SCARLET FEVER"

At present there are a great number of citizens quarantined and out of the Five Hundred Homes--where Eplett's Milk is used there is only one case of quarantine. Surely this is sufficient proof that pasteurized milk is pure and free from disease.--Ask your Doctor if we are not right. Try it at once.

Dr. Pasteur Recommends Eplett's Milk

Interesting Events Last Week at South Porcupine

Enjoyable Dance in Aid of the Porcupine Goldfields Band. Interesting Band Concert. Snow Plough Proves Its Usefulness. Flaw in Section of New School Boiler Remedied. Other Items of Interest from South Porcupine Correspondent.

South Porcupine, Feb. 2--Special to The Advance.

The Council Meeting which was to take place on Monday of last week, was put over until Tuesday afternoon at 5:00 p.m., when the Reeve and Councillors were present. Many important questions were brought up and passed on, among them being many claims of exemption on taxes for the past year. These were given serious consideration and dealt with accordingly to the satisfaction of all concerned. The question of a Police parking by-law for jitney drivers calling for passengers after the show, was also taken up and set over until the next Council meeting, when an adjustment to the situation will undoubtedly be forthcoming. A small crowd attended the meeting.

There was an Auction sale of Office Furniture and other accessories at the Davidson Gold Mines last week. None of the larger equipment was offered for sale, which leads us to believe that there is still hope of this Mine opening up again in the future. Several of the business men of town attended the sale.

An extraordinary bit of hard luck hit the New School last week when it was noticed that one of the sections of the Boiler had cracked, making it impossible to heat the building. Apparently there was a flaw in the section when it was installed and was not noticed, becoming worse with use. The School Board lost no time in securing another small emergency boiler and in a short time the heat was on again and everybody was happy. The other boiler will be repaired as soon as the new section arrives. The residents are very proud of the comfort in the new school during the coldest of weather and are satisfied that their children likewise are receiving the very best of treatment and attention.

Mr. W. Woods returned from his short trip to Toronto and other points.

At the meeting of the Fire-brigade last Friday arrangements were made to send representatives from South Porcupine, to attend the Annual Convention of The Temiskaming Firemen's Association, which will be held at Ansonville, on Thursday, Feb. 5th. Representatives from Fire Departments and the Fire and Light Committees of Cobalt,

PHONE 506 P.O. BOX 939.

Haileybury, New Liskeard, Kirkland Lake, Timmins, Schumachen and South Porcupine are expected to attend, as well as the Reeves from the different localities. The Ansonville Council are making preparations to have a big banquet for that evening. We hope the representatives from South End will at least be able to make the Special Train coming back after the Hokey match which takes place at Iroquois Falls on Friday night.

There is a large shipment of hose coming in, but it is not for the ladies; it happens to be Fire-hose, and it is badly needed by our Fire brigade.

Mr. Chas Morgan, returned last week from his trip to Toronto and other points.

The big dance in aid of the Porcupine Goldfields Band at the New School last Thursday night was well attended. An orchestra of twelve pieces filled the hall with harmony and the dance lovers were careful not to leave any of the good music to go to waste. Mr. Johnson and Mr. Makin of the Goldfields Theatre, Timmins, and Mr. MacDonald, also of Timmins, assisted the combination with Piano, Violin and Drums. The members of the Band are very grateful for the services which they so willingly rendered in their behalf and take this opportunity of thanking them as well as the many who attended or otherwise assisted in making the Dance a complete success. Some remarked that the luncheon was the best ever served and there certainly was plenty to eat. Enough money was realized from the receipts to more than cover the payment which is due on the Band instruments. The Band and Mr. Boissonault are pleased with the co-operation they received from the residents.

The Porcupine Goldfields Band gave a very pleasing concert at the New Finlander Hall last Sunday afternoon. A large number of residents attended and commented on the marked improvement in the Band. Several of the new numbers were rendered, which the Band handled very cleverly. The next rehearsal will take place in the Council Chambers on Sunday afternoon. All Band members should make a special effort to attend as it is the intention of the Committee to put on a Public

concert in the near future.

Mr. James Brown one of our old-timers, left South Porcupine on Tuesday for an extended trip to Toronto, Hamilton and other points. Jim would not tell us whether this was a vacation or a honeymoon he was going on and many of his friends will be restless until they know the truth. We don't know whether to express sadness or joy, as some are saying, "Poor Jim," and others are saying, "It's pretty near time," until we are forced to admit that we are very much in doubt about Jim. Whatever happens we want to be first in wishing him good luck and a safe and sane return back home.

The Snow-plough was working overtime on Saturday night clearing the roads of the heavy snow which made traffic almost impossible around the town. It was after 1:00 o'clock in the morning when the plough put up for the night, leaving the roads in good shape to resume traffic on Sunday. It is during times like these that the residents really appreciate the good judgment of the Council who had a hard time convincing them that they really needed this monster (Tractor) Snow-plough. It is indeed a most valuable asset to the Town.

In answer to many requests of the dance-lovers, Colombo's Orchestra will give a Big Dance in the Odd-fellows Hall, South Porcupine, on Thursday, February 5th, this week. Gene, Bill, Tony and Archie will deal out some original and up-to-date harmony. Dancing will start at 9:00 p.m., so try and be there on time.

The Dome and South End Hokey leagues will hold matches at the Skating Rink every Monday and Friday night. The boys were very busy cleaning the snow off of the ice on Sunday after the big storm of Saturday.

A nice crowd attended the Curling Rink on Saturday evening in spite of the stormy weather.

The Curling Club will hold their Dance in the New School Hall on Thursday, Feb. 12th. Colombo's Orchestra will furnish the music.

The Children will have a unusual treat at the special Matinee in the Majestic Theatre at 2:30 p.m., on Saturday afternoon, when Jackie Coogan's latest picture "Little Robin Crusoe" will be shown. The picture will play on Friday and Saturday, of this week.

The Ladies of the English Church will hold their Dance in the New School Hall on Thursday Eve., Feb. 19th. Colombo's Orchestra will furnish the music.

The local Jitney drivers are anxiously awaiting the decision of the Council regarding the Tax, which it was rumoured will be placed on all the Jitney drivers during the coming year. To date nothing has been done in the matter, on account of other more important matters which demanded the immediate attention of the new Council.

We hear that another young man is leaving town soon and he also refuses to tell why he is taking the trip. Cupid surely must have a camp in the bush close by, or we missed our guess; and we don't miss?

Among the visitors at The Gold Range Hotel last week were; Harry Coles, Haileybury; J. A. MacKenzie, Toronto; James R. Day, Haileybury; C. W. Gingrich, North Bay; R. Monahan, Matheson; A. Jardine, Cobalt; J. I. Hart, Orillia; C. B. Stevenson, Haileybury; Olex P. Lynch, Montreal; S. J. Hawkins, Toronto; D. McDougall, Kirkland Lake; C. Bernstein, Cochrane; C. H. Milton, Swastika; J. Hunter, Toronto.

Mrs. S. Sky, has gone to California for an extended trip. Her many friends join us in wishing her a pleasant and joyful holiday.

CALDER OF ASTORVILLE

GEORGE CALDER PRAISES PHOSPHO-COD. HE GOT AT Mc-DIVITT'S DRUG STORE

George Calder well known to many people in North Bay who lives near Astorville, south of this town says: "I was troubled with a bad cough, was run down and thin and had a bad stomach for the past seven years and my nerves were all shot, and my heart fluttered, and I puffed and blew like an engine after a little exertion, and I was so weak I could only work by main force of will. I had done quite a lot of doctoring and also taken my share of salts and castor oil, but couldn't seem to gain at all.

I read in the Nugget of a number of people that had been taking this medicine PHOSPHO-COD and I knew one woman who recommended it most high. I concluded I would give it a try and got two bottles from McDivitt's Drug Store, where they recommended it strongly also. The first bottle seemed to put new life in me and I began to mend and before

I finished the two bottles, I was seven pound heavier and my strength was coming back fine and I was able to take a trip to Winnipeg. I took six more bottles of PHOSPHO-COD and I have gained in all eighteen pounds of weight and its good solid meat on my old lank frame and I look real well and husky for my age of sixty-five and I feel good, and can eat what I want any time day or night and sleep like a log."

Twenty-two persons in North Bay and vicinity have testified as to the help PHOSPHO-COD has been to them. We know of no better way to prove to you the remarkable health giving properties of this splendid food assimilating tonic and body corrective than the experiences of those who have proven its merits for themselves. Try PHOSPHO-COD and convince yourself it's exactly what you need.
