Enjoyed by five generations of Canadians.

ANOTHER PLEASANT LADIES' NIGHT AT THE CALEDONIANS'

Friday evening—the regular meeting of the Caledonian Society of Timmins—was Ladies' Night and proved a very enjoyable success. "Ladies' Night" at the Caledonian Society is always an extra special feature, and Friday evening was no exception. It was generally agreed to be one of the very best yet and reflecting high credit on the Ladies' Committee in charge. Despite the very inclement weather there was a large attendance and all thoroughly enjoyed the event from start to end. Mr. D. Mackie, president of the Society, occupied the chair at the opening of the meeting, but as soon as the regular business was transacted, the President, turned over the whole conduct of the gathering to Mrs. A. Roberts, convener of the Ladies' Committee. Mrs. Roberts presided very capably from the brief opening address, in which she gave all welcome and hoped that the programme would please all, until the closing by "Auld Lang Syne" and "God Save the King."

The programme was a very attractive one. The musical numbers were all excellent and there was lots of dancing, with specially bright music by the Caledonian Orchestra, including Messrs. G. Hale, J. T. Bridges and A. Gordon. The dances included the Circassian Circle, Quadrille, Highland Schottische, Eightsome Reel, Fox Trots, Waltzes, etc.

Owing to the big storm several items had to be deferred as the artists

were unable to be present. However, all were delighted with the excellent numbers given during the evening. Mr. P. Larmer set a high standard with his opening solo—"The Drum Major,"—a selection given in fine voice and expression. It made a big hit and was very emphatically endorsed. Mr. Unsworth delighted all with his well-rendered solos, his expressive interpretation adding to the pleasure of attractive voice and agreeable selections. Miss Marie J. Larcher in very effective way played the accompaniment for Mr. Unsworth's solo and the resultant encore selection. Mr. D. Twaddle's fine voice was heard to advantage in solos that pleased all, Mr. Twaddle being very insistently endorsed. Miss Larcher brought down the house by a talented piano solo, executed with pleasing musical skill. As a response to the continued encoring of her first number Miss Larcher gave a popular present-day selection that was enthusiastically applauded. Another outstanding number on the programme was the highland dancing of Miss Maisie Roberts. Miss Maisie danced the Highland Fling with a grace, perfection and charm that roused the greatest enthusiasm, the applause being loud and continued. During the evening the usual refreshments were served under the capable direction of Mr. A. Roberts.

The next meeting of the Caledonian Society will be another "Bachelors' Night." It will be held in the Hollinger Hall on Friday evening of next week, March 13th. The programme and proceedings throughout will be in the hands of the bachelors of the Society. Messrs. Dunsmuir and Young were appointed to arrange for a meeting of the bachelors to organize a committee and prepare for the event.

STATUTORY MEETING OF TIMMINS CURLING CLUB.

Notices were sent out last week to the shareholders announcing the statutory meeting of the Timmins Curling Club, which will be held in the Club room at the Rink on Monday, March 16th, at 7.30 p.m. All shareholders are requested to be present or to be represented by proxy.

The next generation will have no desire for intoxicants, says a scientist. We hope that's true, but a coon dog's puppy just naturally takes to treeing coons.

—Dallas Times Herald.

HORNSBY THE GREAT

Rogers Hornsby, the St. Louis Cardinals' second baseman, who has led the National League in batting for five years, and who last season established a record for modern baseball with an average of .421, has signed a renewal contract for three years calling for a salary somewhere between \$20,000 and \$25,000 per year, according to an unofficial report. His former contract was reported to have been for about \$17,500, and it is not to be wondered at that he should "request" a larger share of the gate receipts. He is one of the greatest batters, if not the greatest, in baseball.

NEW LISKEARD SPEAKER NOW IN TWENTIETH YEAR

Recently The New Liskeard Speaker commenced its twentieth year of publication. The North Land should consider this an event of interest and importance, for The Speaker is the oldest of this country's newspapers and one of the best. It has done much for the North Land and its people, never failing to defend what it believed the right and never hesitating to risk for what it considered a good cause. Everything that it felt would help the progress and development of Temiskaming has been advocated in its columns, and the settler has always found a real friend in The Speaker. The Speaker is a good newspaper, and all will sincerely wish it a long continued life of usefulness and service. In passing, it may be noted as of interest that The Speaker is the only newspaper in this North Land that has been under the one continued ownership and with the same editor for a longer period of years than The Advance.

CREDITABLE TIME RECORD FOR T. & N. O. AND POLICE.

There is often criticism of the T. & N. O. and frequently abuse of the police. Whether there is always justification for the criticism or warrant for the abuse may be open to argument. But certain it is that credit should be given where credit is due. And last week there was a case where credit assuredly was due to both the police and the T. & N. O. It was the T. & N. O. telegraph department that won a well-merited bouquet and the Sudbury police force that had a special tribute coming to it for efficiency and prompt service.

As was noted in last week's Advance, Mrs. Mary Peterson was charged with one of the more serious breaches of the Ontario Temperance Act, but Mrs. Peterson could not be located. The Timmins police, however, had been able to get some information as to her probable whereabouts and when she failed to show up Thursday, a wire was sent to Sudbury by Chief Greer, asking the Chief there, Chief Fyvie, to see if the department could locate the wanted lady, as it was believed that she had taken a trip to the Nickel City. The wire was sent from Timmins at eleven o'clock. At 12.53 a reply was received here from Chief Fyvie saying that Mrs. Mary Peterson, alias Mad-off, was in custody and to send an officer to bring her back to Timmins. In less than two hours the T. & N. O. telegraph department had transmitted the message each way and still left time enough in between for the Sudbury police to locate and arrest the woman. This seems to be the sort of time record that reflects credit on both the telegraph service and the efficiency of the Sudbury police. No doubt the prompt service of both police and telegraph would prompt Chief Greer to say: "Now that's what you call real service."

Owing to the fact that there was no train service out of Timmins on account of the storm and wreck and consequent blockage of the line, it was not possible to send the officer from here with the customary promptness to bring the prisoner back to town, but even this unavoidable delay left the service still of the best. Mrs. Peterson was here in ample time for trial at to-morrow's court.

FLOW GENTLY, SWEET APTON, DISTURB NOT THIS DREAM!

The Northern News last week says: "Last week Mr. Albert Marshall, employed at the Lake Shore Mine, brought into the office a real live butterfly, one of the large brown and black fellows which are quite common in the woods but not exactly at this time of the year. His little boy, Cyril made the capture on the 20th of February. It flew in a window that had been left open to let in the sunshine and air, but where it came from is a mystery as the outdoors is a long way from showing any signs of spring. Although the sun for a few hours warms things up, the nights are still below zero.

On the other hand, an open mind may be one that is too porous to hold a conviction.—Sioux City Journal.

MAY BE NEXT GOVERNOR-GENERAL OF CANADA.

It is rumored that Canada's next Governor-General will be the Duke of Atholl. Lord Byng's normal term of office expires in the fall of 1926, but it is not improbable that His Excellency might relinquish the Governor-Generalship before that time. The Duke of Atholl is of noble Scottish descent and his wife is a well known Member of British Parliament. They own 202,000 acres of land in the Highlands of Perthshire, mostly moorland and deer forest. The Duke's military career started in 1890 when he joined the Black Watch. In 1892 he transferred to the Royal Horse Guards and saw service with Kitchener in Egypt, and also in the Great War. The Duchess is M.P. for the Kinross and Western Division in Scotland, and Parliamentary Under Secretary of Education in the Baldwin Government. In religion they are Presbyterians, and he was Lord High Commissioner of Scotland from 1918 to 1920. Should the Duke of Atholl be appointed Governor-General of Canada, he will be the first Scotsman to preside at Rideau Hall in 21 years. The late Lord Minto being the last.

The Friendly Food

OXO Cubes are cook's first aid. They give zest and goodness to warmed-over meat-dishes—make stews and sauces more nourishing and tasty—and help you to economize on meat by making left-overs appetizing.

In tins of 4-15c. and 10-30c.

Mrs. Leeman says:
"Carnol saved my life—many thanks to Carnol!"

But read her letter. It tells her story better than we can—"I feel it my duty to write you about your wonderful medicine 'Carnol.' In January I had an operation for appendicitis. The pain I suffered before the operation and the loss of blood afterwards left me so weakened and run down that I wasn't able to go about on my feet. I just had to lie around all the time. The doctor said I was to take iron for my blood for it was so thin. I had anemia and folks said I had only a short time to live. Carnol saved my life—many thanks to Carnol. I have gained about ten pounds in three months. After every meal I used to have indigestion and heartburn so bad that the pain was intense. A dose of Carnol would give me immediate relief. Now I am absolutely cured of both. I had severe headaches and pains across my back and they have also disappeared. This is how I started using Carnol. I asked a friend about Carnol. She said it was awfully good. Her doctor had recommended it to her to take after she had been in bed for months and she was completely cured. I called up our druggist and asked him about Carnol. He recommended it but said he was just out of it and wanted me to take a bottle of beef, iron and wine, but I said, 'No, I want Carnol.' So he said he would send and get me some. Just as soon as it came I commenced to take it and it has renewed my blood and given me a wonderful appetite. I never have to take a laxative with this medicine. I cannot recommend your medicine highly enough. It is just exactly what the system needs."—Mrs. Wilson H. Leeman, Ivanhoe, Ont. 9-24
