NO MURDER COMMITTED NORTH OF ISLAND FALLS

Story Started Through Excitement of Indian Who Witnessed Quarrel Between Two Trappers.

During the past couple of weeks there have been all sorts of stories published in the daily papers in regard to a supposed murder or series of murders north of Island Falls. These stories are practically without any foundation. There was no murder and, broadly speaking, no excuse for suggesting there had been a murder. After the tales of this alleged crime had been brought to Cochrane, it was of course necessary to investigate the reports. It was found that at the place designated there was no dead body of any murdered man or anything like that. So far as can be learned and surmised the story originated in the following way:—An Indian in the course of his travels happened to pass a shack in front of which two white men were engaged in a quarrel; just as the Indian came along. The two white men were trappers and had been accusing each other of trying to over-reach. One of the trappers was sitting in front of the cabin working on a pelt, with his rifle alongside him. The other one came along and thought his partner had "swiped" one of the first men's pelts. Words were spoken in anger, and then the one trapper made a rush at his partner. The partner picked up his rifle and swatted the rushing man across the head. The blow was a sturdy one and the man struck collapsed for a minute or two. The Indian saw the blow, he saw the man who was hit drop over, and he jumped to the conclusion that the man was killed. Accordingly, Mr. Indian hastened to civilization to tell the story of what he took to be a crime. However, the man who was struck with the barrel of the rifle was not only not killed, but he was scarcely even injured. He was able at least to get up afterwards and walk about six miles to another location. The imagination of the Indian and of some others, however, succeeded in making the lively story that has caused so much talk and discussion.

PLEASANT EUCHRE AND DANCE BY HOLLINGER CLUB

The Euchre and Dance in the Hollinger Recreation Hall on Thursday evening under the auspices of the Hollinger Recreation Club proved a very enjoyable event. All present found the evening a very pleasing one indeed. There was much interest and enjoyment in the cards. The following were the prize winners:—Euchre, Gentleman's prize Mr. Wheeler; Lady's prize, Miss Gladys Hughes; Consolation prizes, Miss Pearl Grant, and Mr. W. Tremblay. After the Euchre, refreshments were served and then dancing was enjoyed. The dance was a particularly pleasant one. Fine music for the dancing was provided by Messrs. W. H. Wilson at the piano and Mr. Gus Ribout on the violin and sometimes with vocal accompaniment.

BUT THERE WERE A LOT OF TORIES WHO VOTED FOR MAC

In the report of the doings of the Legislature last week there appeared in The Mail & Empire the following paragraph:—
 "M. Lang (Lib., Cochrane) said it would look from the Attorney-General's argument as though representatives from wet ridings should vote for the amendment. He would always vote against the Conservatives, anyway, he remarked amid general hilarity."
 That was a rather mean attitude for Mac Lang to take, in view of the fact that he owes so much to Conservative votes. Most people will be ready to admit that it was really Conservative votes that elected him in the first place. Since then he has always received quite a number of Conservative votes. Still, he says, he'll always vote against the Conservatives, and the House laughed. But he also received a lot of "Wet" votes in this riding, yet he voted, "dry," and both the Liberals and Conservatives can laugh at that, if they like.

MCINTYRE FOOTBALL CLUB ENTERING SECOND SEASON

McIntyre Football Club are entering on their second season with full confidence of success in the Mines League. Most of last season's players are available with the inclusion of new blood. The management would be pleased to have all interested in football to rally round them and give their services. Also any players in the district will be given a try-out by applying to the Secretary or any member of the committee. A dance is being held on Easter Monday in McIntyre Hall, and it is the management's wish that this be a striking success, to give the right kind of a start to what is hoped will be a successful season. A subscription list has been opened, and any donations will be thankfully received by the Secretary, T. Teasdale, Box 144 Schumacher, or Treasurer, W. Feather, P. O. Box 284. Now, boys, rally round! After eight months' winter, let's live for four months and play football.

The Haileyburian last week says: "Prospects appear to be good for the building trades in Haileybury again this summer. With the new hotel, a possibility of an addition to the High School, the community hall to be built by the Government to replace the armories, and several residences which are already planned for, there will be another brisk season which will add considerably to the value of property."

HIGH-GRADE CHARGES AGAINST ALEXO MEN

Raid Made Friday Evening by Police and Three Men Arrested and Equipment Seized

Special Officer R. Allen, Provincial Officer Finger, and Constable J. Cushing on Friday last paid a surprise visit to a shack near Alexo Station. At least, it was intended to be a surprise visit, but some dogs kept on the property visited advertised the approach of the officers almost from the minute they left the train, the approach of the officers being heralded by a fierce howling and growling by the dogs. As a result of the visit Matt Holgavace and Mike Holehivik are placed under arrest on charges of illegally having gold ore. Later in the evening, Mike Holgavace, a brother of Matt's, was arrested at Schumacher on a similar charge. The three men were landed in the jail here and will come up for hearing to-morrow. A quantity of gold ore was found on the premises at Alexo, as well as mercury and equipment that could be used for the reduction of ore. Some gold under treatment was found in the oven of the stove in the shack. One of the Holgavaces admitted taking the ore from the McIntyre Mine some time ago when he was working there. Among the items of equipment in the shack were weights for weighing gold.
