

Dome Mines Presents All Employees With Insurance

Policies Range from \$500 to \$1750, Depending on Length of Service. In Addition to Compensation, Personal Insurance, etc., and Absolutely Without Cost to Employees.

Dome Mines, April 28th. Special to The Advance.
The employees of the Dome Mines have recently received from the Company, an evidence that the Dome Mines Limited is emphatically not what is sometimes called, an unsouled body. This evidence takes the form of a Life Insurance policy for sums ranging from \$500 to \$1750 depending on the length of time that the recipient has been in the employ of the Company. The policy bears with it a letter from the General Manager, Mr. H. P. Depencier, stating: "The Dome Mines Limited has arranged to insure the lives of its employees and the Management herewith hand you this policy. The amounts of insurance are as shown on the second page of the certificate. As can be seen, the amount increases until a maximum of \$1750 is reached. The Insurance became effective from January 31st 1925, on all of the employees who had completed three months of continuous service with the Company. Employees who had not completed three months on that date, and new employees hired after that date will be insured upon completing that period of service. The cost of this insurance is borne entirely by the

Company and will be free to the employees. This in no way conflicts with compensation paid by the Workmen's Compensation Board of Ontario or by payments from any other insurance company.
(Signed) Yours truly
H. Depencier
General Manager.
The amounts mentioned as being shown on the second page of the certificate are as follows:—
Continuous Service Period
Three months and less than one year \$500.
One year and less than two years \$750.
Two years and less than three years \$1050.
Three years and less than four years \$1350.
Four years and over \$1750 maximum.
There are total disability benefits and the policy may be converted in case of severance of employment, so all in all the policy is a gift that on behalf of all the employees, your correspondent takes this opportunity of sincerely thanking the Company and especially the Management for their concrete evidence of having the welfare of their employees at heart.

NEW ROAD CONSTRUCTION IN TOWN FOR THIS YEAR

Board of Works Report Adopted at Council Meeting.

At the Town Council meeting on Monday the report of the Board of Works on work proposed for the year was adopted. Among the recommendations are:—

That standard asphalt paving with curb and gutter and storm sewer be constructed on the following streets, provided the necessary petitions are fully signed:—Third Ave, from Birch to Elm; Fourth, from Pine to Cedar; Cedar, from Fourth to Second; Spruce from Fourth to Second.

Tarvia road on Third Avenue Hill, from Elm to Mountjoy, and on Fourth from Spruce Street to T. & N. O. bridge.

That the matter of street oiling be done on petition of the ratepayers and work be done on a frontage basis; a price of 5 cents per foot frontage be charged to cover the cost.

The petition was received for a surface water line for the Goldale Townsite. Mr. McChesney supported this in person, pointing out the menace to health from the water now used, and the advantage from other viewpoints. Mr. McChesney also supported the suggestion regarding the menace of slash and the necessity for its removal.

Various petitions were received regarding water services, sewers, walks, etc.
The water service asked for the Goldale Townsite will be given, provided the users pay all costs of installation and arrange for a responsible party to guarantee the payment in advance of all the water rates arising from use of the water for domestic purposes.

Council decided to purchase a Star Runabout for the use of the Engineer's Dept., the old car to be exchanged on the deal.

An agreement was approved for the renting of the Curling Rink for use as a market, the Town to pay a charge equal to the taxes collected from the Curling Rink.

Wednesday will be the half-holiday this summer, as last, stores, etc., to close from May to September, inclusive.

Councillor Wallingford submitted plans and figures to show the economy of paving the road through to the River. Nothing was done, however, as the agreement in the matter had already been arranged with the Government.

The formal authority was given the Mayor and Clerk to sign the order for the purchase of the motor fire truck.

The old site, mill, etc., of the Double Diamond Co., was purchased at \$1500.00 to be added to the land at the Disposal Plant as a necessary addition there.

FIRE LAST NIGHT DOES CONSIDERABLE DAMAGE.

A fire originating from unknown cause did much damage to the stock and store building of Mr. Snub, grocery and meat market, corner Fifth Avenue and Balsam Street, last night. The fire brigade made a quick run, the water pressure was specially good, and the firemen did extra good work. The fire, which originated in the store, had much headway before the alarm was given, and considerable damage was done through flames, smoke and water. The stock in the store was badly damaged. The loss will be heavy. Below the store there is a dwelling house, facing on Balsam Street, and the water damaged this part of the building. The most of the furniture was moved from the dwelling in case the building should not be saved, but Chief Borland and his men saw that it was saved as usual, though considerable damage was necessarily caused. The amount of insurance and other particulars were not obtainable at the time of writing.

The Smoker held in the Hollinger Hall on Saturday evening of last week for the purpose of formally presenting the Porcupine District Football League Shield and the Medals to the winning team of last season proved most successful and enjoyable from beginning to end. Few better nights have been held in this camp of good nights. Indeed, so pleasant and helpful did the event prove that it was decided to make this Porcupine District Football League Smoker an annual event, Mr. B. C. Lambie, President last year, and Honorary President this year, announcing that hereafter the event would be held in the form of an annual banquet the last Saturday evening in each November. There was a big attendance on Saturday evening, about 160 football players and football enthusiasts being present. The evening was a delightful one from beginning to end. Mr. Geo. Hale added to the evening's interest and pleasure by his good work at the piano.

Mr. B. C. Lambie presided for the occasion, and in an interesting introductory address emphasized the need for a referee's association here to keep football going ahead in the best way. A meeting was to be held Tuesday (last night) he said to form an association and he urged all to cooperate in the matter. Mr. Lambie, who was president of the P.D.F.L. last season, referred to the excellent progress made and the general high standing of football here.

Mr. E. E. Duxfield, President this year of the P.D.F.L., in a neat speech welcomed all to the event and expressed his sincere good wishes for the continued advance of football in this Camp.

Mr. C. G. Williams in a brief but pointed address that was very heartily applauded, referred to the pleasure and pride taken by himself and others in the clean, straight amateur sport of football in this town and district.

BLOCKING OF WALKS TO BE STERNLY DEALT WITH

Chief Greer and Staff After Those Congregating at Street Corners and Blocking the Walks.

For some time past complaints have been made regarding men congregating at the street corners and blocking the walks. The Bank of Commerce and Imperial Bank corners have been especially bad, while in front of the livery stables the same tendency to block the walks has been noted. Sometimes when ordered to move on for the accommodation of the public generally and for the benefit of ladies and children in particular, there has been a tendency to resent the suggestion of the police as to moving on. Another favourite plan is to move from one corner to another as the police move along. It would take twenty policemen to keep the walks open under the plans used at present. To remedy the inconvenience and nuisance to the public, Chief Greer has decided to strictly enforce the town by-laws regarding loitering on street corners and blocking the walks. Beginning this week, summons will be issued for all groups of three or more found impeding or obstructing traffic on the sidewalks. According to the town by-laws it is a breach of the law for three or more to stand on the walks in a group. This clause of the law is to be used to keep the walks clear for traffic. Those in the habit of standing on street corners or loitering at the busy intersections should make a special note of the police plan. To avoid grouping on the sidewalk is to avoid interference with the public convenience. To break the law in this regard is an annoyance to the public and will no doubt result in fines and costs to the offenders. To keep the sidewalk clear is part of good citizenship. Good fellows will help the police in this matter for the general benefit and convenience.

CURLING CLUB BANQUET IN NEW HOTEL MAY 30th

Officers and Committees of Curling Club Elected.

A meeting of the Timmins Curling Club, Limited, was held last Friday afternoon in the Secretary's office, all the directors, viz, Messrs. D. W. O'Sullivan, R. F. Francis, G. S. Lowe, I. A. Solomon and J. E. Grasset, being present.

On a motion, unanimously carried, Mr. D. W. O'Sullivan, the retiring president, was appointed Honorary President of the Club. A motion was also recorded thanking Mr. O'Sullivan for his leadership during the initial year. The splendid success of the organization, it was felt, was due to the interest taken by all the officers, along with the efficiency and cosmopolitan principles fostered by the worthy president.

The members will no doubt be pleased to learn that the annual banquet is being arranged to take place on Saturday evening, May 30th, at the new Empire Hotel.
